## Sermons N Such:

*Sermons and Discourses* Thomas Chalmers, 1846      The Sermons and other practical works of R. E., ... besides his poetical pieces. To which is prefixed, a short account of the author's life and writings by J. Fisher. Edited by J. Newlands Ralph Erskine, 1821      *The sermons and other practical works ...* Ralph Erskine, 1863      **A New History of the Sermon** Robert H. Ellison, 2010 This collection offers fresh perspectives on British and American preaching in the nineteenth century Drawing on many religious traditions and addressing a host of cultural and political topics it will appeal to scholars specializing in any number of academic fields      **Sermons and Homilies Appointed to be Read in Churches**, 1833

**Jewish Preaching in Times of War, 1800 - 2001** Marc Saperstein, 2012-08-31 Wartime sermons offer a window on to how Jews perceive themselves in relation to the majority society and how Jewish and national values are reconciled when the fate of a nation is at stake They also reveal a great deal about how rabbis guide their communities through the challenges of their times The sermons reproduced here were delivered by rabbis from across the Jewish spectrum and each is accompanied by a comprehensive introduction and detailed notes      Preaching to Head and Heart Thomas R. Swears, 2019-11-26

Preachers have long been faced with two options On the one hand they can appeal to their congregations intellects teaching them the substance of the faith from the pulpit On the other they can seek to stir their hearers emotions wooing or warning them with the gospel Usually we reserve these two forms of preaching for different tasks or audiences If you are preaching an evangelistic message to the unchurched then your preaching style will draw more heavily on the emotional aspects If you are leading the faithful into a deeper grasp of the Christian message then you will more likely draw on the intellectual components of preaching While most preachers know that the choice between the head and the heart is a false one they often don't know how to bring the two together effectively In this book Thomas Swears offers detailed practical advice on how to preach to both head and heart He shows how both emotions and intellect function any time one tried to convey meaning from the pulpit regardless of the kind of message one is preaching Without abandoning the conventional wisdom on evangelistic vs teaching sermons he nonetheless insists that preaching with integrity in which the Word is truly embodied will always involve the whole person and personality of both the preacher and the congregation      *The Works of Saint Augustine: v. 1. Sermons on the Old Testament, 20-50* Saint Augustine (of Hippo), 1995      *Sermons on Several Occasions* John Wesley, 1829      **The Sermons and Expository Treatises of Isaac Barrow** Isaac Barrow, 1839      *Sermons on practical subjects ... Edited by the Rev. R. E. Roberts, etc* Thomas BEST (Incumbent of St. James's, Sheffield.), 1865      **Sermons on the Passion of Christ** Martin Luther, 1871      *Sermons on the principal Christian Festivals and on other occasions ... Third edition. (Two sermons. ... Being the additions to the third edition of sermons on various subjects.)* Richard Whately, 1854      **A dictionary of the English**

Religion and the American Mind Alan Heimert, 2006-10-01

Exploring the richness of American thought and experience in the mid eighteenth century Alan Heimert develops the intellectual and cultural significance of the religious divisions and debates engendered by one of the most critical episodes in American intellectual history the Great Awakening of the 1740 s The author s concern throughout is to discover what were the essential issues in a dispute that was not so much a controversy between theologians as a vital competition for the ideological allegiance of the American people This is not a standard history of any one area of ideas Mr Heimert s sources include nearly everything published in America from 1735 His study in its range and conception is an original contribution to an understanding of the relationship between colonial religious thought and the evolution of American history
