## **Sermons Of Henry King 1592 1669 Bisho:**

The Sermons of Henry King (1592-1669), Bishop of Chichester Henry King, 1992 The poems of Henry King friend of John Donne and executor of his will were edited in 1965 but his sermons fine examples of 17th century prose which span the period from the reign of James I to that of Charles II have never been reprinted The Sermons of Henry King makes their text available in the original spelling with some editing of Greek and Latin Only 21 survive 11 of which were published in 1628 as *An Exposition upon the Lords Prayer* King used language lucidly persuasively and without the straining of conceits found in many sermon writers of the period At his best he has few equals for grace of structure sweetness of sound elegiac intensity of mood and occasional dry wit His prose is also of importance for a fuller understanding of his poetry presenting new evidence for the dating and canon of his poems his methods of composition and his reading The English Poems of Henry King, D. D., 1592-1669, Sometime Bishop of Chichester, Now First Collected from Various Sources and Ed. by Lawrence Mason, PH.D. Henry King, 1914 **Tractates and Sermons** Richard Hooker, 1990 Although Richard Hooker 1554 1600 is now known principally as the author of the *Laws of Ecclesiastical Polity* in his lifetime the *Tractates and Sermons* brought him greater notoriety Hooker's views on justification the perseverance of faith and the relationship of the Church of Rome to the reformed Church of England were widely reported and texts of the tracts were extensively circulated in manuscript Thanks to the meticulous editing of Laetitia Yeandle Curator of Manuscripts at the Folger Shakespeare Library the contemporary impact of these debates can now be appreciated for the first time These tracts provide a unique perspective on the turbulent world of late Elizabethan theology In addition they lay the doctrinal foundations of the *Laws of Ecclesiastical Polity* itself and with the excellent commentary of Egil Grislis Professor of Theology at the University of Manitoba in Winnipeg enable us to trace the intellectual formation of sixteenth century England's most innovative and provocative theologian The volume includes a newly discovered letter three newly attributed sermon fragments and analysis by P F Forte of Hooker's distinctive preaching style **Art, Literature and Religion in Early Modern Sussex** Andrew Hadfield, 2016-04-15 *Art Literature and Religion in Early Modern Sussex* is an interdisciplinary study of a county at the forefront of religious political and artistic developments in early modern England Ranging from the schism of Reformation to the outbreak of Civil War the volume brings together scholars from the fields of art history religious and intellectual history and English literature to offer new perspectives on early modern Sussex Essays discuss a wide variety of topics the coherence of a county divided between East and West and Catholic and Protestant the art and literary collections of Chichester cathedral communities of Catholic gentry Protestant martyrdom aristocratic education writing preaching and exile local funerary monuments and the progresses of Elizabeth I Contributors include Michael Questier Nigel Llewellyn Caroline Adams Karen Coke and Andrew Foster The collection concludes with an Afterword by Duncan Salkeld University of Chichester This volume extends work done in the 1960s and 70s on early modern Sussex drawing on new work on county and religious identities and setting it into a broad

national context The result is a book that not only tells us much about Sussex but which also has a great deal to offer all scholars working in the field of local and regional history and religious change in England as a whole

**Factionalism and Dissent in an English City** Danae Tankard, 2025-02-25 This book is about the political and religious controversies that beset the small English city of Chichester between 1678 and 1685 which intersected with wider political turbulence at the heart of government and in the nation at large This period of seventeenth century English history has been overshadowed by the more dramatic events of the English Civil War and the Glorious Revolution but these years were marked by repeated political crises assassination plots religious persecution and fears of a new civil war Telling this story through the lives of the inhabitants of one city offers an intimate view of how these events played out in a particular locality As much a work of social history as it is of political history this book has the lives of individual men and women at its core The story that unfolds includes a strong cast of characters and has multiple points of high drama it is the individuals and the events they were caught up in that propel the narrative forwards Factionalism and Dissent in an English City makes a significant contribution to the historiography of late Restoration England Its plot and character driven narrative structure also makes the book accessible to a non specialist reader who wants to find out what it might have been like to live through these challenging years

**Bishops and Power in Early Modern England** Marcus K. Harmes, 2013-10-24 Armed with pistols and wearing jackboots Bishop Henry Compton rode out in 1688 against his King but in defence of the Church of England and its bishops His actions are a dramatic but telling indication of what was at stake for bishops in early modern England and Compton's action at the height of the Restoration was the culmination of more than a century and a half of religious controversy that engulfed bishops Bishops were among the most important instruments of royal religious national and local authority in seventeenth century England While their actions and ideas trickled down to the lower strata of the population poor opinions of bishops filtered back up finding expression in public forums printed pamphlets and more subversive forms including scurrilous verse and mocking illustrations Bishops and Power in Early Modern England explores the role and involvement of bishops at the centre of both government and belief in early modern England It probes the controversial actions and ideas which sparked parliamentary agitation against them demands for religious reform and even war Bishops and Power in Early Modern England examines arguments challenging episcopal authority and the counter arguments which stressed the necessity of bishops in England and their status as useful and godly ministers The book argues that episcopal writers constructed an identity as reformed agents of church authority Charting the development of this identity over a hundred and fifty years from the Reformation to the Restoration this book traces the history of early modern England from an original and highly significant perspective This book engages with many aspects of the social political and religious history of early modern England and will therefore be key reading for undergraduates and postgraduates and

researchers working in the early modern field and anyone who has an interest in this period of history      **The Dictionary of National Biography, Founded in 1882 by George Smith** ,1917      **Dictionary of National Biography** Sidney Lee,1892
