Transformational Preaching David M. Brown, 2003-02 Transformational Preaching Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the popular teaching approach that is common today and argues that preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book s wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry

*Preaching that Matters* Lori J. Carrell, 2013-04-11 Listeners do love their pastors and they agree with the sermon content they hear Lori Carrell once explained to a group of pastors but most sermons don t ask for change and most listeners don t experience spiritual growth as a result of the sermon A participant responded Let s get practical I want my preaching to make a difference What changes are worth making and how do I make them In *Preaching that Matters* Lori Carrell shares answers to that question drawing on the experiences of thousands of people preachers and their listeners whose effort she has studied over many years In each chapter of this book she offers research revelations about high impact preaching that will encourage and challenge readers to continue to grow as preachers She then links these principles with Reflective Practice Challenges RPCs exercises that honor the rich experiences of pastors while opening opportunities for self analysis spiritual introspection conversation with a trusted other or implementation of research based preaching recommendations The activities have been used by hundreds of other pastors and each RPC has been carefully selected for its demonstrated contribution to the process of transforming sermon communication A selection of the RPCs are available as a downloadable file E mail resource [material@rowman.com](mailto:material@rowman.com) for more information As a communication expert Carrell approaches preaching from a sermon communication paradigm She begins with the task of identifying the spiritually transformative purpose of the sermon and then explores exegeting organizing deepening and delivering the sermon as well as listening to the listeners and planning for continued transformation Her own goal is simple to inspire and equip clergy to make changes that will enhance the transformative power of their preaching To connect with others reading *Preaching That Matters* and to find an online accountability partner join the book s Google

communities      **The Sermon Doctor** Harry Farra,2000-12-20 The quest to preach well is an endless one The Sermon Doctor combines the preaching and communication expertise of Harry Farra with the wisdom of the masters of all ages classic to modern Substantial help awaits both experienced and younger preachers Seminarians especially will find bedrock principles here to shape their preaching ministry In a unique Socratic format this creative guide to preaching records a series of fictional meetings between the Sermon Doctor and three discouraged preachers in search of a better understanding of effective preaching They have a deep desire to honor God and inspire congregations by revitalizing their faltering preaching techniques Many helpful insights are provided in this practical and creative handbook for today s sermon makers

**For Preachers and Other Human Beings** B. E. White, Jr.,2016-12-27 The columns in this book are reprinted from the Biblical Recorder the North Carolina Baptist state paper Editor R G Puckett saw a reason for them to be published because of the urgent need to strengthen pastors and churches in their relationship to each other He wrote that the articles are projected more for the laypersons than for the minister I think that they will be helpful in understanding the role relationship and rigors of the minister s life Some of them will be informational Others will be almost devotional And some many even be downright funny We all need to remember that ministers are people too      **Inductive Preaching** Ralph L. Lewis,Gregg

Lewis,1983 This book gives workable ideas that will help preachers capture and maintain the interest of their listeners without sacrificing the spiritual content of their message      **Bases of the Preaching** Marcos A. Toyens,2019-11-23 The contemporary evangelical church faces serious difficulties All their leaders are aware of this and they try different diagnoses and answers for it It occurs to me that the current situation is similar to the tragic fate of Samson to whom the Spirit of God had left him and he did not realize it As solutions are sought in human and pragmatic techniques the patient aggravates their condition The only correct answer is that this vanishing life be breathed in as at the beginning of creation by the Word of God The spiritual life of the church and of ourselves depends on listening to and responding to the Word of God And for this to happen Scripture must take the central and authoritative position in the life of the church      **Preacher and Homiletic**
