## **Louis Adamic A Checklist:**

*Louis Adamic* Henry Arthur Christian, 1971      *Before Internment* Yuji Ichioka, Gordon H. Chang, Eiichiro Azuma, 2006  
This book is an anthology of essays by Yuji Ichioka the foremost authority on Japanese American history which studies Japanese American life and politics in the interwar years      *Yugoslav-Americans and National Security During World War II* Lorraine M. Lees, 2007 The first intensive study of FDR's foreign nationalities policy Lorraine M. Lees explores the persistent tension between ethnicity and national security by focusing on the Yugoslav American community during World War II Identified by the Roosevelt administration as the most representative example of the ethnic conflict they sought to address the Yugoslav American community suffered from a severe political split as right wing monarchists loyal to Mihajlović and the Chetniks battled left wing supporters of Tito's partisans Lees examines the views of two groups of administration policy makers one that perceived America's European ethnic groups as rife with divided loyalties and hence a danger to national security and a second that viewed such communities as valuable sources for political intelligence that would help the war effort in Europe Yugoslav Americans and National Security during World War II is significant not only to understanding the Roosevelt administration's equation of ethnicity with disloyalty but also for its insights into similar attitudes that have arisen throughout periods of crisis in American history as well as today      **Witnesses to the Struggle** Anne Loftis, 2014-05-16 A study of the artistic and literary responses to the Depression era labor crises of the Golden State Anne Loftis focuses on the work and activities of John Steinbeck Carey McWilliams Paul Taylor and Dorothea Lange who brought the story of California's labor struggles to the rest of the country The realism and documentary expression of their art grew out of their personal involvement in the problems of society and Loftis explores the lasting influence of their work One of Steinbeck's unintended legacies was his treatment of California farm workers as victims the simple pawns of larger forces In her balanced and intriguing study Loftis reveals that the workers were not victims but rather the strong and resourceful creators of their own histories      **Rooting Multiculturalism** Dan Shiffman, 2003 The author examines the life and work of Slovenian born Louis Adamic 1898-1951 a writer editor populist historian and champion of immigrant contributions to the U.S. Coverage includes a chronological description of Adamic's life from childhood in Slovenia to his death in 1951 Adamic and the emergence of cultural pluralism between the 1910s to 1940s his rhetoric of social reform his writing about second generation immigrants and his relevance to contemporary multiculturalism      *Death to Fascism* John P. Enyeart, 2019-06-30 Born to Slovenian peasants Louis Adamic commanded crowds met with FDR and Truman and built a prolific career as an author and journalist Behind the scenes he played a leading role in a coalition of black intellectuals and writers working class militants ethnic activists and others that worked for a multiethnic America and against fascism John Enyeart restores Adamic's life to the narrative of American history Dogged and energetic Adamic championed causes that ranged from ethnic and racial equality to workers' rights to anticolonialism Adamic defied the consensus that equated being American with Anglo Protestant culture

Instead he insisted newcomers and their ideas kept the American identity in a state of dynamism that pushed it from strength to strength In time Adamic s views put him at odds with an establishment dedicated to cold war aggression and white supremacy He increasingly fought smear campaigns and the distortion of his views both of which continued after his probable murder in 1951

**Jim and Jap Crow** Matthew M. Briones,2013-12-26 Following Japan s attack on Pearl Harbor in 1941 the U S government rounded up more than one hundred thousand Japanese Americans and sent them to internment camps One of those internees was Charles Kikuchi In thousands of diary pages he documented his experiences in the camps his resettlement in Chicago and drafting into the Army on the eve of Hiroshima and Nagasaki and his postwar life as a social worker in New York City Kikuchi s diaries bear witness to a watershed era in American race relations and expose both the promise and the hypocrisy of American democracy Jim and Jap Crow follows Kikuchi s personal odyssey among fellow Japanese American intellectuals immigrant activists Chicago School social scientists everyday people on Chicago s South Side and psychologically scarred veterans in the hospitals of New York The book chronicles a remarkable moment in America s history in which interracial alliances challenged the limits of the elusive democratic ideal and in which the nation was forced to choose between civil liberty and the fearful politics of racial hysteria It was an era of world war and the atomic bomb desegregation in the military but Jim and Jap Crow elsewhere in America and a hopeful progressivism that gave way to Cold War paranoia Jim and Jap Crow looks at Kikuchi s life and diaries as a lens through which to observe the possibilities failures and key conversations in a dynamic multiracial America

*Making It in America* Elliott Robert Barkan,2001-05-01 This collection of over 400 biographies of eminent ethnic Americans celebrates a wide array of inspiring individuals and their contributions to U S history The stories of these 400 eminent ethnic Americans are a testimony to the enduring power of the American dream These men and women from 90 different ethnic groups certainly faced unequal access to opportunities Yet they all became renowned artists writers political and religious leaders scientists and athletes Kahlil Gibran Daniel Inouye Zbigniew Brzezinski Thurgood Marshall Madeleine Albright and many others are living proof that the land of opportunity sometimes lives up to its name Alongside these success stories as historian Elliot R Barkan notes in his introduction to this volume there have been many failures and many immigrants who did not stay in the United States Nevertheless the stories of these trailblazers visionaries and champions portray the breadth of possibilities from organizing a nascent community to winning the Nobel prize They also provide irrefutable evidence that no single generation and no single cultural heritage can claim credit for what America is

Ethnic Dilemmas, 1964-1982 Nathan Glazer,1983 The last two decades have been the most turbulent for American racial and ethnic relations since Reconstruction Following the passage of the landmark Civil Rights Act of 1964 there has been an explosion of ethnic self consciousness affirmative action and student militancy What do these events mean and what should we expect in the future Nathan Glazer one of America s foremost social critics records and interprets the central developments of this crucial period the shift of major civil rights groups and black leaders from

color blindness to color consciousness the split this shift occasioned with other civil rights advocates such as Jewish groups the rapid growth of ethnic self consciousness and militancy and its impact on schools and colleges the conflict over bilingualism and over civil rights enforcement caused by the expansion of affirmative action and the rise of similar issues in the new multi ethnic states that emerged from colonialism and in Western European nations transformed by mass immigration The book sums up a period that closed with the election of the first national administration committed to withdrawal from the further reaches of civil rights enforcement and it forecasts the issues that will be raised as new waves of immigration from Latin America and Asia further transform the American racial and ethnic mix      **Newsletter - Society for**

(PATRICIA.),Patricia Ahearn,2013-02 An introduction to and advice on book collecting with a glossary of terms and tips on how to identify first editions and estimated values for over 20 000 collectible books published in English including translations over the last three centuries about half are literary titles in the broadest sense novels poetry plays mysteries science fiction and children s books and the other half are non fiction Americana travel and exploration finance cookbooks color plate medicine science photography Mormonism sports et al      **Textures of Place** Paul C. Adams,Steven D.

Hoelscher,Karen E. Till,2001 Annotation A fresh and far ranging interpretation of the concept of place this volume begins with a fundamental tension of our day as communications technologies help create a truly global economy the very political economic processes that would seem to homogenize place actually increase the importance of individual localities which are exposed to global flows of investment population goods and pollution Place no less today than in the past is fundamental to how the world works The contributors to this volume distinguished scholars from geography art history philosophy anthropology and American and English literature investigate the ways in which place is embedded in everyday experience its crucial role in the formation of group and individual identity and its ability to reflect and reinforce power relations Their essays draw from a wide array of methodologies and perspectives including feminism ethnography poststructuralism ecocriticism and landscape ichnography to examine themes as diverse as morality and imagination attention and absence personal and group identity social structure home nature and cosmos      The Publishers Weekly ,1972      **Novi Slovenski**
