Louis Riel Justice Must Be Done:

Louis Riel Sharon Stewart,2007-01-01 Louis Riel devoted his life to the Metis cause A fiery activist he struggled against injustice as he saw it He was a pioneer in the field of Aboriginal rights and land claims but was branded an outlaw in his own time In 1885 he was executed for treason In 1992 the House of Commons declared Riel a founder of Manitoba November 16 is now designated Louis Riel Day in Canada *Uncertain Justice* Frank Murray Greenwood,Beverley Boissery,2000-10 An exposition of the patriarchal values that lie at the core of criminal law and the class and gender biases that permeate its procedures and applications **Louis Riel** Hartwell Bowsfield,1988 The rise and fall of Louis Riel 1844 85 spanned only fifteen years yet he is one of the most controversial and colourful people in Canadian history The central figure in two rebellions which he led on behalf of the French speaking half breeds called Metis Riel has caught the imagination of Canadians as few other historical personalities have done His career began with the acts of resistance at the Red River Settlement in 1869 and continued through the formation of a Provisional Government and the notorious shooting of Thomas Scott in 1870 through years of mental illness and exile in the United States to the North West Rebellion of 1885 It reached an inevitable climax with his surrender and trial and the passionate outpouring of feeling that rocked the country when he was found guilty of treason and executed The religious and racial emotions of the time the bigotry and opportunism of politicians and Riel s own unstable mental condition all combine to make of his life a Canadian tragedy one that had profound consequences for Confederation *The Riel Problem* Albert Braz,2024-04 Albert Braz examines how Louis Riel has been commemorated since 1967 charting his transformation from traitor to Canadian hero *Reflections on Native-Newcomer Relations* J.R. Miller,2004-12-15 The twelve essays that make up *Reflections on Native Newcomer Relations* illustrate the development in thought by one of Canada s leading scholars in the field of Native history J R Miller The collection comprising pieces that were written over a period spanning nearly two decades deals with the evolution of historical writing on First Nations and M tis methodological issues in the writing of Native newcomer history policy matters including residential schools and linkages between the study of Native newcomer relations and academic governance and curricular matters Half of the essays appear here in print for the first time and all use archival published and oral history evidence to throw light on Native Newcomer relations Miller argues that the nature of the relationship between Native peoples and newcomers in Canada has varied over time based on the reasons the two parties have had for interacting The relationship deteriorates into attempts to control and coerce Natives during periods in which newcomers do not perceive them as directly useful and it improves when the two parties have positive reasons for cooperation *Reflections on Native Newcomer Relations* opens up for discussion a series of issues in Native newcomer history It addresses all the trends in the discipline of the past two decades and never shies from showing their contradictions as well as those in the author s own thinking as he matured as a scholar

Charland, 2002-01-01 In *Rhetoric Irony and Law in the Formation of Canadian Civil Culture* Michael Dorland and Maurice Charland examine how over the roughly 400 year period since the encounter of First Peoples with Europeans in North America rhetorical or discursive fields took form in politics and constitution making in the formation of a public sphere and in education and language The study looks at how these fields changed over time within the French regime the British regime and in Canada since 1867 and how they converged through trial and error into a Canadian civil culture The authors establish a triangulation of fields of discourse formed by law as a technical discourse system rhetoric as a public discourse system and irony as a means of accessing the public realm as the key pillars upon which a civil culture in Canada took form in order to scrutinize the process of creating a civil culture By presenting case studies ranging from the legal implications of the transition from French to English law to the continued importance of the Louis Riel case and trial the authors provide detailed analyses of how communication practices form a common institutional culture As scholars of communication and rhetoric Dorland and Charland have written a challenging examination of the history of Canadian governance and the central role played by legal and other discourses in the formation of civil culture Reconciling History Jody
