Louisiana39s Antebellum Architecture:

Louisiana's Antebellum Architecture, in Text and Sketches John Desmond,1970-01-01 **Antebellum Architecture of Kentucky** Clay Lancaster,1991-01-01 By the author of the acclaimed Antebellum Houses of the Bluegrass this book includes significant structures from throughout the commonwealth illustrating the entire range of stylistic architectural development **Louisiana's Antebellum Architecture** John Desmond,1970 **Visions of Louisiana Plantation Homes** Lee Malone,2015 Transforming the South David King Gleason,1982-09-01 From the Greek Revival grandeur of Belle Helene to the Moorish fantasy of Longwood to the simplicity of Rosella the plantation homes of Louisiana and the Natchez area powerfully recall the brief flowering of the unique civilization of the Old South In their noble fa ades sculptured interiors and scattered outbuildings can be seen the feudal splendor of the great cotton and sugar planters and the doomed glory of the Confederate war effort In these 120 resonant full color photographs David King Gleason fully captures the aura of Louisiana s plantation homes some beautiful in the morning light some shaded by trees and hanging moss some crumbling in decay and neglect Taking each house on its own terms Gleason s photographs present the buildings and their environs sharply and without deception Accompanying the photographs are captions that give a brief architectural evaluation of each house and provide notes on its construction history and present condition Gleason has organized his book as a journey along the waterways that were the lifeline of Louisiana s plantations their link to New Orleans and to the markets and factories of the North Beginning in the vicinity of New Orleans and the lower Mississippi Gleason presents such houses as Evergreen with its columns and twin circular staircases the exuberant San Francisco and Oak Alley set at the end of a spectacular avenue of 28 oak trees Continuing along the bayous that lead into the western part of the state he shows us the palatial Madewood constructed from seasoned timbers and 60 000 slave made bricks the meticulously restored Shadows on the Teche the ramshackle Darby House and Bubenzer which served as a Union army headquarters during the Civil War From Cane River country and north Louisiana the photographs portray Magnolia burned by Union troops and then rebuilt to its original specifications Melrose built in the early 1830s by a freed slave and Oakland the location for the Civil War movie The Horse Soldiers Moving overland towards Natchez the elaborate octagonal Longwood Rosemont the boyhood home of Jefferson Davis Oakley where John James Audubon was once engaged as a tutor and Rosedown with its elaborate gardens Continuing south of Baton Rouge along the River Road Gleason closes his tour with homes including Mount Hope built in the eighteenth century Nottoway the largest plantation home in the South completed on the eve of the Civil War Indian Camp a leprosarium for most of its existence and the pillared galleries of Belle Helene The plantation homes of Louisiana were highly personal expressions of pride and faith in the future Yet the building of these spectacular monuments was a brief phenomenon In the wake of the Civil War the South s economy was devoted to survival not luxury A tribute to the plantation home David King Gleason s photographs reveal the beauty grandeur and poignance of these monuments **Louisiana**

Plantation Homes William Darrell Overdyke, 1965 This is a comprehensive pictorial album of the fine colonial homes and plantation residences of Louisiana that were built in the flush financial times before the Civil War This authoritative book is the result of three decades of photographing and dedicated research by Professor Overdyke and his wife **Buildings of Louisiana** Karen Kingsley, 2003 Looks at the state s extraordinary architecture from the Creole tradition and the Mississippi River s antebellum mansions to the modern and dicusses their architectural history preservation and urban planning

Louisiana Plantation Homes Lee Malone, 2008 A celebration of the antebellum South this beautiful book features more than one hundred full color photographs of restored plantation homes The collection is complete with updated information to reflect the status of these historic buildings in light of the damage from Hurricane Katrina in 2005 Gorgeous photography and informative text highlights the history and outstanding architectural features of each home Publisher description An Antebellum Architectural Treasure Tamekia Sgro, 2021-05-08 The Bellamy Mansion built between 1859 and 1861 is a mixture of Neoclassical architectural styles including Greek Revival and Italianate and is located at 503 Market Street in the heart of downtown Wilmington North Carolina It is one of North Carolina s finest examples of historic antebellum architecture Every old house tells a story but few spin a more complex or compelling tale than Wilmington s Bellamy Mansion There s the story of the white architects both of them Yankees and black artisans most of them slaves who left the imprint of their skills on the town they shared There s also the saga of a proud Southern family that built lost and regained its home in a single tumultuous half decade set against the larger backdrop of the prosperous port city divided and transformed by war And then there s the present day story the tale of dedicated preservationists who fought time weather decay and disastrous fire to keep this important piece of their city s heritage alive This mansion could be the setting for a sprawling intricately plotted character rich Victorian novel except every word is true **The Louisiana Houses of A. Hays Town** Cyril E.

Vetter, 1999-03-01 A Hays Town changed the face of the Louisiana house In a career that includes designing more than five hundred homes he led architects builders and homeowners to embrace the finest elements of Louisiana s architectural past Almost every home built in Louisiana during the last twenty years is in some way inspired by Town s work The Louisiana Houses of A Hays Town honors his legacy as Louisiana s premier residential architect Color photographs of numerous homes including Town s own by Philip Gould combined with an illuminating text by Cyril E Vetter produce a volume that captures the appeal and beauty of the state s finest architectural tradition Born and raised in rural southwest Louisiana Hays Town graduated from Tulane University with a degree in architecture in 1926 and worked for a firm in Jackson Mississippi for many years He established his own successful commercial practice in Baton Rouge in 1939 but in the 1960s Town turned to his abiding passion residential architecture Throughout this chapter of his career he perfected his inimitable style and emerged as one of the most prominent architects in the South Town s residential designs are perceptibly influenced by the diverse culture of south Louisiana His synthesis of the classic Acadian cottage Spanish courtyards and exterior French doors

with Creole influenced full length shutters achieves an original confluence of seemingly disparate yet elegantly balanced themes and forms Other Town trademarks include pigeonniers tree alleys thirteen foot ceilings heavy use of such woods as cypress and heart of pine plantation style separate structures and brick floors with a special beeswax finish The Louisiana Houses of A Hays Town illuminates the momentous effect Town has had on the look of Louisiana Crafted from the perspective of two people Vetter and Gould who are not architects but admirers of one man s exceptional talent this delightful book demonstrates that each Town house is a work of art that fits both person and terrain At the door of each home proud owners hang a bronze plaque that says it all A Hays Town Architect *The Majesty of the Felicianas* Paul Malone, Lee Malone, 1989 Shows and describes antebellum plantation homes in the East and West Feliciana parishes of Louisiana
