Hadena James,2020-07-17 Aislinn Cain and the rest of the SCTU have just finished a case in Colorado when they are rushed

back to Kansas City to deal with a problem close to home The person that has been trying quite pathetically to kill Nadine Daniels for the last few years has turned to killing her clients The newspapers dub him the Family Annihilator because he is killing entire households protected by Daniels Security As Nadine s files are trucked to the SCTU headquarters to be sifted through it quickly becomes apparent that Nadine has more enemies than even Aislinn Cain Aislinn struggles to get into the mind of abusive domestic partners Most are insecure narcissists not psychopaths or sociopaths unlike the serial killers they normally chase Also as is the case whenever Nadine Daniels is involved in something it is more complex and complicated than it appears on the surface Daniels Security has been in business more than fifteen years and they have had a lot of cases both on the books and off Not to mention it is impossible for Nadine s private life and business life to not overlap and Aislinn finds her private life and law enforcement life overlapping as a result Aislinn worries all these distractions will result in the killer getting away or worse completing their objective Kill Nadine Daniels

The Mask Of Sanity Dr. Hervey M. Cleckley,2016-01-27 Originally published in 1941 under the title Mask of Sanity An Attempt to Clarify

Some Issues About the So Called Psychopathic Personality this influential book became a landmark in psychiatric case studies and was repeatedly revised expanded and reprinted in subsequent editions here we present the 3rd edition published in 1955 The Mask of Sanity is distinguished by its central thesis that the psychopath exhibits normal function according to standard psychiatric criteria yet privately engages in destructive behavior The book was intended to assist with detection and diagnosis of the elusive psychopath for purposes of palliation and offered no cure for the condition itself The idea of a master deceiver secretly possessed of no moral or ethical restraints yet behaving in public with excellent function electrified American society and led to heightened interest in both psychological introspection and the detection of hidden psychopaths in society at large leading to a refinement of the word itself into what was perceived to be a less stigmatizing term sociopath
