

Poems On Love

Love adorns itself;
it seeks to prove inward joy by outward beauty.

Love does not claim possession,
but gives freedom.

Love is an endless mystery,
for it has nothing else to explain it.

Love's gift cannot be given,
it waits to be accepted.

Love Poems of Tagore Rabindranath Tagore, 1975 *The English Writings of Rabindranath Tagore: Poems* Rabindranath Tagore, 2004 Love poems of Tagore Rabindranath Tagore, Rabindra Nath Choudhury, 1975 *The Complete Poems of Rabindranath Tagore's Gitanjali* S K Paul, 2006 *Lyrics to Love* Rabindranath Tagore, 2020-04-11

Lyrics to Love is an impressive compilation of Rabindranath Tagore's poetry masterfully translated into English by Amitabha Basu. What sets this 101 poem collection apart from other translated works is his ardent focus on highlighting the lyrical rhythms and patterns Tagore created in his original that evokes such feeling. The nuances of Tagore's expressions of love, hope, passion, senses and sensibilities are all elegantly and meticulously captured in the translations in this book. Basu's work aims to bring forth awareness of one of the world's most revered poets. Rabindranath Tagore won the Nobel Prize in 1913 for Literature though many have never read his translations from the original Bengali. The readers will enjoy this collection an excellent and highly aesthetic work. It is a welcome arrival for the literary enthusiasts of the English speaking world always interested in reading Tagore's work but unable due to a lack of good translation. These translations reflect not only mastery of both the languages English and Bengali but also intimate familiarity of the translator with the inherent culture embedded in the original writings of Tagore. This familiarity enables him to uniquely and faithfully capture nuances so difficult to convey in ordinary translations. Amitabha Basu is a professor of Bengali at the University of California Berkeley and formerly at Stanford University. The Dialectic of God: the Theosophical Views of Tagore and Gandhi Satya Sinha, 2015-05-05

This is the first book which compares the philosophical views of Tagore and Gandhi who were the most important thinkers of Modern India. They have not conceived God in traditional way but rather in humanistic way which relates to present day thinking. Neither have left any systematic presentation of their ideas about God. It has been deciphered from their poetry, writings, speeches, discourses and letters. Present day concept of God has evolved from rudimentary ideas of God. Even in the present scientific age we come across different ideas about God in different men. The layman, the man on the street with little or no education has an idea of God much different from the idea of God which a cultured and educated holds. Almost all the Indian contemporary thinkers have been influenced by the basic scriptures of the Hindus. Tagore and Gandhi have also been influenced by them. Tagore and Gandhi both had contacts with the Muslims and the Christian missionaries who had come to India. Of these the Christian missionaries made scathing attacks on the Hindu religion and practices. Both Tagore and Gandhi visited Europe and came into contact with the Unitarian Christianity. It is possible that their thinking about God might have been influenced by such contacts.

Poems of Rabindranath Tagore Rabindranath Tagore, 2005. The poems included in this book have been composed over a period of as many as sixty years, the first as early as 1881 and the last barely a week before the poet's death in 1941. An enduring icon of India, Rabindranath Tagore made extraordinary contributions as an artist, nationalist, educationist, and philosopher. Deeply aware of the historical significance of his times, he built on the heritage of nineteenth century Indian renaissance to become one of the makers of the modern Indian mind. In this first of its kind intellectual biography, historian Sabyasachi Bhattacharya sketches a compelling portrait of a Tagore who was innately sceptical, self-critical, and tormented by conflicts in his inner life. He draws on letters, autobiographical accounts, and literary works, some translated for the first time, to explore Tagore's chief dilemmas. He reveals how, despite Tagore's apparently contradictory ideas on patriotism and international humanism, modernity and traditional practices, secularism and religious influence, there was a unified vision that tied together his diverse oeuvre. Thoroughly researched and evocatively written, *Rabindranath Tagore: An Interpretation* offers profound insights into Tagore's life and multiple influences that shaped his genius. **East Asian Literatures**, 2006. This volume discusses the past, present, and future perspectives of literature in Japan, China, and South Korea and its interface with India. Since this being a largely unexplored area, an attempt has been made to present a true picture of the literature and cultural milieu of the East Asian countries to the readers through well-researched, thought-provoking, and enlightening papers contributed by eminent scholars from India, Japan, China, and Korea. It is a historical fact that India maintained strong cultural ties with East Asian countries, directly or indirectly, through religion and culture since ancient times. This cultural bond has become all the more significant and meaningful in this age of information technology and globalization. In this context, literature has a great role to play. To be precise, it is only through literature that this existing bond of cultural affinity among India and East Asian countries could be nurtured and strengthened. This book gives a vivid picture of the state of the past and present literary trends in Japan, China, and South Korea, the influence of Indian literary trends and thought on their literatures, and the general perception and assimilation of

A Companion to Pablo Neruda Jason Wilson, 2014-08 Pablo Neruda was without doubt one of the greatest poets of the twentieth century but his work is extremely uneven There is a view that there are two Nerudas an early Romantic visionary and a later Marxist populist who denied his earlier poetic self By focussing on the poet s apprenticeship and by looking closely at how Neruda created his poetic persona within his poems this Companion tries to establish what should survive of his massive output By seeing his early work as self exploration through metaphor and sound as well as through varieties of love and direct experience the Companion outlines a unity behind all the work based on voice and a public self Neruda s debt to reading and books is studied in depth and the change in poetics re examined by concentrating on the early work up to *Residencia en la tierra* I and II and why he wanted to become a poet Debate about quality and representativity is grounded in his Romantic thinking sensibility and sincerity Unlike a Borges or a Paz who accompanied their creative work with analytical essays Neruda distilled all his experiences into his poems which remain his true biography Jason Wilson is Professor Emeritus in the Department of Spanish and Latin American Studies University College London
