Sex, Love, and Marriage Maurice A. Fety,1998 This book is intended to lead people toward a more mature understanding of the Christian faith with respect to love marriage and family

Love and War John Eldredge,Stasi Eldredge,2009-12-15 What the Eldredge bestsellers Wild at Heart did for men and Captivating did for women LOVE WAR will do for married couples everywhere John and Stasi Eldredge have contributed the quintessential works on Christian spirituality through the experience of men and the experience of women and now they turn their focus to the incredible dynamic between those two forces With refreshing openness that will grab readers from the first page the Eldredges candidly discuss their own marriage and the insights they ve gained from the challenges they faced Each talks independently to the reader about what they ve learned giving their guidance personal immediacy and a balance between the male and female perspectives that has been absent from all previous books on this topic They begin LOVE WAR with an obvious but necessary acknowledgement Marriage is fabulously hard They advise that the sooner we get the shame and confusion off our backs the sooner we ll find our way through LOVE WAR shows couples how to fight for their love and happiness calling men and women to step into the great adventure God has waiting for them together Walking alongside John and Stasi Eldredge every couple can discover how their individual journeys are growing into a story of meaning much greater than anything they could do or be on their own

Power, Love and Evil Wayne Cristaudo,2008 Love and evil are real they are substances of force fields which contain us as constituent parts Of all the powers of life they are the two most pregnant without meaning hence the most generative of what is specifically human Love and evil stand in the closest relationship to each other evil is both what destroys love and what forces more love out of us it is as Augustine astutely grasped privative requiring something to negate

but it is also born out of misdirected love Breaking with naive realist and post modern dogmas about the nature of the real this book provides the basis for a philosophy of generative action as it draws upon examples from philosophy literature religion and popular culture While this book has a sympathetic ear for ancient and traditional narratives about the meaning of life it offers a philosophy appropriate for our times and our crises It is particularly directed at readers who are seeking for new ways to think about our world and self making and who are as dissatisfied with post Nietzschean and post Marxian 20th century social theory as they are by more traditional philosophical and naturalistic accounts of human being
