National Politics and Sex Discrimination in Education Andrew Fishel, Janice Pottker, 1977 **Gender, Class and Education (Routledge Revivals)** Stephen Walker, Len Barton, 2013-11-05 First published in 1983 Gender Class and Education is a collection of papers that formed presentations at the Westhill Sociology of Education Conference in January 1982 and is the fifth such collection to emerge from the annual conference The conference theme Race Class and Gender was not only chosen because of its topicality but also to provide a framework for debate between educational researchers and teachers The papers focus on the reproduction of gender relations through education and provide important insights into how this process works how it is resisted in schools and colleges and the possibilities for radical intervention This volume includes three teaching bibliographies on gender and education which were not presented at the conference but were compiled specially for the book **We Too! Gender Equity in Education and the Road to Title IX** Eileen H. Tamura, 2022-08-19 This book provides a comprehensive history of the passage of Title IX the key legislation to bring about gender equity in education Using a variety of primary source material this historical study uses sociological conceptual frameworks to analyze feminist activism in the 1960s that culminated in the 1970s with Title IX and its regulation It mines the field of social network theory and uses concepts from social movement theory to highlight issues that undergirded the struggle to open up the system for women and show how activists were able to achieve their goals Throughout the volume highlights interactions between and among various groups proponents of the women s movements political figures administrative bodies and policy specialists *Handbook of Research on Educational Leadership for Equity and Diversity* Linda C. Tillman, James Joseph Scheurich, 2013-08-21 The rapid growth of diversity within U S schooling and the heightened attention to the lack of equity in student achievement school completion and postsecondary attendance has made equity and diversity two of the principle issues in education educational leadership and educational leadership research The Handbook of Research on Educational Leadership for Equity and Diversity is the first research based handbook that comprehensively addresses the broad diversity in U S schools by race ethnicity culture language gender disability sexual identity and class The Handbook both highly values the critically important strengths and assets that diversity brings to the United States and its schools yet at the same time candidly critiques the destructive deficit thinking biases and prejudices that undermine school success for many groups of students Well known chapter authors explore diversity and related inequities in schools and the achievement problems these issues present to school leaders Each chapter reviews theoretical and empirical evidence of these inequities and provides research based recommendations for practice and for future research Celebrating the broad diversity in U S schools the Handbook of Research on Educational Leadership for Equity and Diversity critiques the inequities connected to that diversity and provides evidence based practices to promote student success for all children Affirmative Action and Preferential Admissions in Higher Education Kathryn Swanson, 1981 Winner of the 1981 82 Joseph

L Andrews Bibliographical Award presented by the American Association of Law Librarians an excellent bibliography which addresses a very important contemporary issue It deserves a place in the collections of large public libraries law libraries and most academic institutions RQ
