Raising Standards In Literacy:

Raising Standards in Literacy Greg Brooks, Ros Fisher, Maureen Lewis, 2003-09-02 *Raising Standards in Literacy* represents the best current thinking and research about literacy. The book is the outcome of a high profile series of seminars on raising standards in literacy and includes contributions from an impressive group of international researchers and policymakers. By offering a rich and unique mix of contemporary perspectives on literacy education, this book provides an invaluable source of study and insight into the latest research and developments in the teaching of literacy. It includes sections on how research into literacy teaching can inform new approaches found in England, the USA and Australia; the ways in which literacy education is developing in England, the USA and Australia; the issues involved in assessing progress in literacy; and the validity of research claims made about standards of attainment. The book celebrates the apparent success of current literacy initiatives at the same time as raising questions about the feasibility and relevance of such initiatives to the literacy coordinators and consultants and for all those undertaking further study or research in literacy education.

Australia should adopt a national approach through an enhanced federal government role in steering policy, funding and priority setting. *Secondary English and Literacy* Avril Haworth, Christopher Turner, Margaret Whiteley, 2004-01-31 The authors present a rigorous and informed view of ideas and approaches that is at the same time professionally and practically focused. *The Literacy Leader's Toolkit* Graham Tyrer, Patrick Taylor, 2013-07-20 In their new book, the winners of the TES National Award for Outstanding Literacy Initiative share the secrets behind school improvement through raising literacy levels across the curriculum. Graham Tyrer and Patrick Taylor draw on the successful literacy initiative that raised their school from good to outstanding, as well as their work in three UK schools with a range of Ofsted ratings. The 54 practical strategies are grouped into beginning, embedding, sustaining and evaluating stages and include ideas such as choosing the literacy focus of your school, involving students as literacy leaders and creating a Litbox. Each entry details the literacy outcomes of the strategy, provides step-by-step guidance for implementing and sustaining it, and includes feedback and tips for staff and students who have used it. *The Literacy Leader's Toolkit* is a must-read for all literacy coordinators and leaders who want to implement a whole school programme, as well as for those teachers who are determined to improve the literacy provision in their classroom. **Transforming Literacy Teaching in the Era of Higher Standards** Karen Biggs-Tucker, Maria P.
