Scottishness Contributing significantly to current heated debates on migration and identity amongst researchers and the general public in Europe and beyond this book provides essential insights into the ways in which a sub state began to develop practices processes and attitudes towards migration which were not always in line with that of the central government

The Sectarian Myth in Scotland M. Rosie, 2004-06-22 The question of sectarianism in Scotland belongs within a wider framework than it has hitherto been placed It offers insights into continuing indeed pressing debates about religious identity and civil and political society in the modern world This book questions the view that religion and politics do not and cannot mix in pluralistic tolerant and increasingly secular societies and reveals that memories bitter memories can outlive and obscure the demise of actual conflict [The British National Bibliography](#) Arthur James Wells, 2007 [Jewish Culture and History](#) , 2007 **Place and Displacement in Jewish History and Memory** David Cesarani, Milton Shain, 2009 The 12 essays in this collection originated in an international conference on Place and Displacement in Jewish History and Memory Zakor v Makor held at the University of Cape Town in January 2005 [Scots and the Spanish Civil War](#) Raeburn Fraser Raeburn, 2020-09-25 Few causes before or since have inspired such passion determination and sacrifice than the Spanish Civil War 1936-9 This book explores the many ways in which Scots responded to the war in Spain covering the activists and humanitarians who raised funds and awareness at home as well as the hundreds of Scots who journeyed to Spain to fight as part of the International Brigades Their stories reflect much larger narratives of the rise of European fascism the networks and cultures of international communism and the wider modern phenomenon of transnational foreign fighters Scots and the Spanish Civil War is a groundbreaking study of Scottish involvement in one of the 20th century's most famous and divisive conflicts drawing on newly declassified government documents and international archives in Spain and beyond As well as shedding new light on Scottish politics in the 1930s Fraser Raeburn argues that this case study part of the largest wave of foreign war volunteering in the 20th century can help us understand other such mobilisations past and present
