Kugelmass,1996 *Jet* ,1952-11-13 The weekly source of African American political and entertainment news **Blacks at**
Harvard Werner Sollors,Caldwell Titcomb,Thomas A. Underwood,1993-03 The history of blacks at Harvard mirrors for better
or for worse the history of blacks in the United States Harvard too has been indelibly scarred by slavery exclusion
segregation and other forms of racist oppression At the same time the nation s oldest university has also at various times
stimulated supported or allowed itself to be influenced by the various reform movements that have dramatically changed the
nature of race relations across the nation The story of blacks at Harvard is thus inspiring but painful instructive but
ambiguous a paradoxical episode in the most vexing controversy of American life the race question The first and only book on
its subject Blacks at Harvard is distinguished by the rich variety of its sources Included in this documentary history are
scholarly overviews poems short stories speeches well known memoirs by the famous previously unpublished memoirs by the
lesser known newspaper accounts letters official papers of the university and transcripts of debates Among Harvard s black
alumni and alumnae are such illustrious figures as W E B Du Bois Monroe Trotter and Alain Locke Countee Cullen and
Sterling Brown both received graduate degrees The editors have collected here writings as diverse as those of Booker T
Washington William Hastie Malcolm X and Muriel Snowden to convey the complex ways in which Harvard has affected the
thinking of African Americans and the ways in turn in which African Americans have influenced the traditions of Harvard and
Radcliffe Notable among the contributors are significant figures in African American letters Phyllis Wheatley William Melvin
Kelley Marita Bonner James Alan McPherson and Andrea Lee Equally prominent in the book are some of the nation s leading
historians Carter Woodson Rayford Logan John Hope Franklin and Nathan I Huggins A vital sourcebook Blacks at Harvard is
certain to nourish scholarly inquiry into the social and intellectual history of African Americans at elite national institutions
and serves as a telling metaphor of this nation s past **Children of the City** David Nasaw,2012-09-18 The turn of the
twentieth century was a time of explosive growth for American cities a time of nascent hopes and apparently limitless
possibilities In Children of the City David Nasaw re creates this period in our social history from the vantage point of the
children who grew up then Drawing on hundreds of memoirs autobiographies oral histories and unpublished and until now
unexamined primary source materials from cities across the country he provides us with a warm and eloquent portrait of
these children their families their daily lives their fears and their dreams Illustrated with 68 photographs from the period
many never before published Children of the City offers a vibrant portrait of a time when our cities and our grandparents
were young **NFB Kids** Brian J. Low,2006-01-01 Imagine a society that exists solely in cinema this book explores exactly

that Using a half century of films from the archival collection of the National Film Board NFB Kids Portrayals of Children by the National Film Board of Canada 1939 1989 overcomes a long standing impasse about what films may be credibly said to document Here they document not reality but social images preserved over time the NFB Society an evolving cinematic representation of Canadian families schools and communities During the postwar era this society in cinema underwent a profound change in its child rearing and schooling philosophies embracing modern notions based upon principles espoused by the American mental hygiene movement Soon after the introduction of these psychological principles into NFB homes in 1946 and schools in 1956 there was a subtle transformation in adult child relations which progressively over time narrowed the gulf of power between generations and diminished the socializing roles of the NFB parents and teachers NFB Kids is a pioneering study within a new field of academic research cinema ethnography It adds to the growing body of knowledge about the function and the considerable impact of psychiatry and psychology in the post war social reconstruction of Canadian society and social history It will be of interest to academics over a broad spectrum of disciplines and to anyone thinking about the advancing arbitrary power of the cinematic state
