Makley,2006-01-09 William Sharon was one of the most colorful scoundrels in the nineteenth century mining West He epitomized the robber barons of the nation s Gilded Age and the political corruption and moral decay for which that period remains notorious yet he was also a visionary capitalist who controlled more than a dozen of the greatest mines on Nevada s mighty Comstock Lode built the Virginia the machinations of rampant Gilded Age capitalism and the sophisticated financial and technological infrastructure that supported Virginia City s boomtown economy The Infamous King of the Comstock offers a significant fresh perspective on Nevada and the mining West Imperial San Francisco Gray Brechin,2006-10-03 Imperial San Francisco provides a myth shattering interpretation of the hidden costs that the growth of San Francisco has exacted on its surrounding regions presenting along the way a revolutionary new theory of urban development Palo Alto Daily News 86 photos **The Making of "Mammy Pleasant"** Lynn Maria Hudson,2003 Pleasant s legacy is steeped in scandal and lore Was she a voodoo queen who traded in sexual secrets A madam A murderer In The Making of Mammy Pleasant Lynn M Hudson examines the folklore of this remarkable woman s real and imagined powers **Trespassers at the Golden Gate** Gary Krist,2025-03-11 The sensational forgotten true story of a woman who murdered her married lover in Gilded Age San Francisco and the trial that epitomized the city s transformation from raucous frontier town into modern metropolis from the New York Times bestselling author of Empire of Sin Shortly before dusk on November 3 1870 just as the ferryboat El Capitan was pulling away from its slip into San Francisco Bay a woman clad in black emerged from the shadows and strode across the crowded deck Reaching under her veil she drew a small pistol and aimed it directly at a well dressed man sitting quietly with his wife and children The woman fired a single bullet into his chest I did it and I don t deny it she said when arrested shortly thereafter He ruined both myself and my daughter Though little remembered today the trial of Laura D Fair for the murder of her lover A P Crittenden made headlines nationwide As bestselling author Gary Krist reveals the operatic facts of the case a woman strung along for years by a two timing man killing him in an alleged fit of madness challenged an American populace still searching for moral consensus after the Civil War The trial shone an early and uncomfortable spotlight on social issues like the role of women the sanctity of the family and the range of acceptable expressions of gender while jolting the still adolescent metropolis of 1870s San Francisco a city eager to shed its rough and tumble Gold Rush era reputation Trespassers at the Golden Gate brings readers inside the untamed frontier town a place where for a brief period otherwise marginalized communities found unique opportunities Readers meet a secretly wealthy Black housekeeper an enterprising Chinese brothel madam and a French rabble rouser who refused to dress in sufficiently feminine clothing as well as familiar figures like Mark Twain and Susan B Anthony who become swept up in the drama of the Laura Fair affair Krist who previously brought New Orleans to vivid life in Empire of Sin and Chicago in City of Scoundrels recounts this astonishing story and its surprisingly modern echoes in a rollicking narrative that probes what it all meant both for a nation still scarred by war and for a city eager for the world stage **Democracy and the Origins of the American Regulatory State**

Samuel DeCanio,2015-10-27 Political scientist Samuel DeCanio examines how political elites used high levels of voter ignorance to create a new type of regulatory state with lasting implications for American politics Focusing on the expansion of bureaucratic authority in late nineteenth century America DeCanio s exhaustive archival research examines electoral politics the Treasury Department s control over monetary policy and the Interstate Commerce Commission s regulation of railroads to examine how conservative politicians created a new type of bureaucratic state to insulate policy decisions from popular control

South of South Beach Keith G. Laufenberg,2014-07-05 South of South Beach takes the reader back in time to the 60 s and 70 s during a time when South Beach was nothing like the glitzy Art Deco district it is today but more of a dilapidated run down section of real estate where Chris Dundee runs the 5th Street Gym and many transplanted prizefighters Muhammad Ali among them roam the streets looking for something to while away the hours while they prepare their bodies for the task of fighting another highly trained boxer who wants to beat their brains out even as they wish to do much the same to them The girls stroll parts of South Beach in bikinis and the Beatles have even visited the 5th Street Gym recently the beat generation is giving way to the hippie free love generation so come back in time and visit what today is one of the world s great vacation centers but at this time during the 1960 s was more of a slum or a ghetto to avoid at your own peril especially a small stretch of beach just south of South Beach

Adolph Sutro William R. Huber,2020-04-02 Adolph Sutro was forever seeking challenges Emigrating from Prussia to the U S at age 20 the California gold rush lured him west At the Comstock Lode in Nevada he conceived an idea for a tunnel to drain the hot water that made the mines perilous and inefficient But he would have to overcome both physical obstacles and powerful opposition by the Bank of California to realize his vision Back in San Francisco Sutro bought one twelfth of the city including the famous Cliff House perched over the Pacific Ocean When it burned to cinders on Christmas Day 1894 he built a massive eight story Victorian replacement He used his expertise in tunneling and water solutions to create the world s largest enclosed swimming structure the Sutro Baths six glass covered heated saltwater pools with capacity of 1 000 swimmers Other challenges followed but Sutro was not invincible After a two year term as mayor of San Francisco he succumbed to debilitating strokes which left him senile His death in 1898 started disputes among his heirs six children by his wife and two by his mistress that lasted more than a decade
