

RALSTON'S RING

California Plunders the Comstock Lode

GEORGE D. LYMAN

Author of "The Saga of the Comstock Lode," etc.

In 1864 the Comstock comet was blazing full blast across the Western horizon. Unmindful of her maritime past, San Francisco had become a mining city and had plunged whole-heartedly into a gambling mania, the like of which had never before been known on the coast. With millions of dollars in bullion in sight on Sun Mountain, Californians had thoughts for nothing but the stock market. William Chapman Ralston, factotum of the Bank of California, was the financial wizard of his day, and with his shrewd band of associates — "Ralston's Ring" — came into complete control of the bonanza-producing mountain. Through ruthless enterprise and almost incredible daring Ralston created a financial empire whose center was San Francisco and whose tentacles spread out across the Continent and even into the stock markets of Europe. When the inevitable crash came, its reverberations shook the world.

This story of Ralston and of the men associated with him, of his trials and triumphs — above all, his struggle with Adolph Sutro, whose six-mile tunnel through Sun Mountain threatened Ralston's supremacy — is one of the most thrilling passages in the history of an era now fading into the past. It is great drama in that it portrays the giant conflict between two heroic men, Ralston and Sutro, and it is alive with the color and extravagance of boom days in the growing West Coast metropolis, with all their concomitants and contrasts — the fierce quest for metal underground, beautiful women and gilded ballrooms, fast horses, closed banks, bonanzas and suicides. The factual narrative, which reads like the wildest of adventure fiction, is profusely illustrated from old prints, photographs and maps.
