Visions of Jewish Education Seymour Fox, Israel Scheffler, Daniel Marom, 2003-07-07 This book looks at the philosophical consideration of Jewish existence in our time as reflected in Jewish education its alternative visions its purposes and instrumentalities the values it should serve and the personal and social character it ought to foster Prevalent conceptions and practices of Jewish education are neither sufficiently reflective nor thoroughgoing enough to meet the multiple challenges that the world now poses to Jewish existence and continuity New efforts are needed to develop an education of the future that will honor the riches of the Jewish past and grasp the opportunities of fruitful interactions with the general culture of the present To promote such efforts six leading scholars in this book formulate their variant visions of an ideal Jewish education for the contemporary world This book also translates these visions into educational practice and finally articulates a vision abstracted from a case study of a school s ongoing practice

Leo Strauss on Maimonides Leo Strauss, 2013-04-23 Leo Strauss is widely recognized as one of the foremost interpreters of Maimonides His studies of the medieval Jewish philosopher led to his rediscovery of esotericism and deepened his sense that the tension between reason and revelation was central to modern political thought His writings throughout the twentieth century were chiefly responsible for restoring Maimonides as a

philosophical thinker of the first rank Yet to appreciate the extent of Strauss's contribution to the scholarship on Maimonides one has traditionally had to seek out essays he published separately spanning almost fifty years With Leo Strauss on Maimonides Kenneth Hart Green presents for the first time a comprehensive annotated collection of Strauss's writings on Maimonides comprising sixteen essays three of which appear in English for the first time Green has also provided careful translations of materials that had originally been quoted in Hebrew Arabic Latin German and French written an informative introduction highlighting the original contributions found in each essay and brought references to out of print editions fully up to date The result will become the standard edition of Strauss's writings on Maimonides **Teaching Jewishly** Joel Lurie Grishaver, 2007 An exploration of how Jewish values influence pedagogy By using Jewish sources as a foundation Joel looks at how one creates a classroom based on respect and dignity that facilitates growth esteem and community and that makes the process of Jewish education an expression of the Jewish message Unlocking the Torah Text: Vayikra Shmuel Goldin, 2007 An In Depth Journey Into the Weekly Parsha **The Heart of Torah, Volume 2** Shai Held, 2017 In The Heart of Torah Rabbi Shai Held's Torah essays two for each weekly portion open new horizons in Jewish biblical commentary Held probes the portions in bold original and provocative ways He mines Talmud and midrashim great writers of world literature and astute commentators of other religious backgrounds to ponder fundamental questions about God human nature and what it means to be a religious person in the modern world Along the way he illuminates the centrality of empathy in Jewish ethics the predominance of divine love in Jewish theology the primacy of gratitude and generosity and God's summoning of each of us with all our limitations into the dignity of a covenantal relationship **Taste of Torah** Ahud Sela, 2023-08-22 Studying Torah can be difficult for anyone Finding meaning and relevance in an ancient text can be daunting The author's hope is that these short teachings will be both meaningful and easy to study in a short period of time Divided according to the weekly Torah portion and by holiday each Taste of Torah gives you a bite sized piece of wisdom and something deeper to chew on

ABOUT VOLUME FOUR All the world s religions are experiencing rapid change due to a confluence of social and economic global forces Factors such as the pervasive intrusion of globalizing political and economic developments polarized and morally equivalent presentations seen in the media and the sense of surety demanded in and promised by a culture dominated by science are some of the factors that have placed extreme pressure on all religious traditions This has stimulated unprecedented responses by religious groups ranging from fundamentalism to the syncretistic search for meaning As religion takes on new forms the balance between individual and community is disrupted and reconfigured Religions often lose the capacity to recall their ultimate purpose or lead their adherents toward it This is the situation we call the crisis of the holy It is a confluence of threats challenges and opportunities for all religions This volume explores the contours of pressures changes and transformations and reflects on how all our religions are changing By identifying commonalities across religions as they respond to these pressures The Crisis of the Holy recommends ways religious traditions might cope with these changes and how they might join forces in doing so Contributors Vincent J Cornell Alon Goshen Gottstein Sidney H Griffith Maria Reis Habito B Barry Levy Deepak Sarma Michael von Br ck
