Ransoming The Mind:

Ransoming the Mind Charles Bates,1986 This book offers an inside look at a little discussed dimension of yoga yoga as therapy Charles Bates parallels between modern and ancient systems of personal transformation The methods he offers in this book are some of those by which the sages of old ransomed the mind from the darkness of ignorance and the addiction to dysfunction turning it towards its next stage of development the realisation of a transcendent self Mind Secrets Jane Killick,2016-11-11 **Mind Control** Jane Killick,2016-11-15 *Dictionary of the Apostolic Church* James Hastings,John Alexander Selbie,John Chisholm Lambert,1919 **The Idea of the American South, 1920-1941** Michael O'Brien,2019-12-01 Originally published in 1979 The idea of the South has its roots in Romanticism and American culture of the nineteenth century This study by Michael O'Brien analyzes how the idea of a unique Southern consciousness endured into the twentieth century and how it affected the lives of prominent white Southern intellectuals Individual chapters treat Howard Odum John Donald Wade John Crowe Ransom Allen Tate Frank Owsley and Donald Davidson The chapters trace each man's growing need for the idea of the South how each defined it and how far each was able to sustain the idea as an element of social analysis The Idea of the American South moves the debate over Southern identity from speculative essays about the central theme of Southern history and by implication past the restricted perception that race relations are a sufficient key to understanding the history of Southern identity **A Book of Remembrance in Relation to the Mystery of God** Book,1878 Harry Hunt Ransom Alan Gribben,2010-01-01 Both a life story and a portrait of public higher education during the twentieth century Harry Hunt Ransom captures the spirit of a dynamic individual who dedicated his talents to nurturing intellectual life in Texas and beyond Tracing the details of Ransom's youth in Galveston and Tennessee and his education at Yale where he earned a doctorate Alan Gribben provides new insight into the factors that shaped Ransom's future as a renowned administrator and defender of the humanities Ransom's career at the University of Texas began in 1935 when he was hired as an instructor of English He rose through the ranks to become chancellor stepping down in 1971 during a volatile period when debates about the University's central mission raged particularly over the question of commercializing higher education The development of Ransom's lasting legacy the Humanities Research Center bearing his name is explored in depth as well Bringing to life a legendary figure Harry Hunt Ransom is a colorful testament to a singular man of letters who had the audacity to propose that there be established somewhere in Texas let's say in the capital city a center of our cultural compass a research center to be the Biblioth que Nationale of the only state that started out as an independent nation **Bible Talks for Heart and Mind** E.
