Rants & Incendiary Tracts Bob Black, Adam Parfrey, 1989 **Valerie Solanas** Breanne Fahs, 2014-04-15 The authoritative biography of the 60s countercultural icon who wrote SCUM Manifesto shot Andy Warhol and made an unforgettable mark on feminist history Valerie Solanas is one of the most polarizing figures of 1960s counterculture A cult hero to some and vehemently denounced by others she has been dismissed but never forgotten Known for shooting Andy Warhol in 1968 and for writing the infamous SCUM Manifesto Solanas became one of the most famous women of her era But she was also diagnosed with paranoid schizophrenia and spent much of her life homeless or in mental hospitals Solanas s SCUM Manifesto a sui generis vision of radical gender dystopia predicted ATMs test tube babies the Internet and artificial insemination long before they existed It has sold more copies and been translated into more languages than nearly all other feminist texts of its time And yet shockingly little work has investigated the life of its author This book is the first biography about Solanas including original interviews with family friends and enemies and numerous living Warhol associates It reveals surprising details about Solanas s life the children nearly no one knew she had her drive for control over her own writing and her elusive personal and professional relationships Valerie Solanas reveals the tragic remarkable life of an iconic figure It is not only a remarkable biographical feat but also a delicate navigation of an unwieldy demanding and complex life story

BOMB Magazine We're Not Here to Entertain Kevin Mattson, 2020-05-14 Many remember the 1980s as the era of Ronald Reagan a conservative decade populated by preppies and yuppies dancing to a soundtrack of electronic synth pop music In some ways it was the MTV generation However the decade also produced some of the most creative works of punk culture from the music of bands like the Minutemen and the Dead Kennedys to avant garde visual arts literature poetry and film In *We're Not Here to Entertain* Kevin Mattson documents what Kurt Cobain once called a punk rock world the all encompassing hardcore indie culture that incubated his own talent Mattson shows just how widespread the movement became ranging across the nation from D C through Ohio and Minnesota to LA and how democratic it was due to its commitment to Do It Yourself DIY tactics Throughout Mattson puts the movement into a wider context locating it in a culture war that pitted a blossoming punk scene against the new president Reagan s talk about end days and nuclear warfare generated panic his tax cuts for the rich and simultaneous slashing of school lunch program funding made punks who saw themselves as underdogs seethe at his meanness The anger went deep since punks saw Reagan as the country s entertainer in chief his career from radio to Hollywood and television synched to the very world punks rejected Through deep archival research Mattson reignites the heated debates that punk s opposition generated in that era about everything from straight edge ethics to anarchism to the art of dissent By reconstructing the world of punk Mattson demonstrates that it was more than just a style of purple hair and torn jeans In so doing he reminds readers of punk s importance and its challenge to simplistic assumptions about the 1980s as a one dimensional conservative epoch **Anarchist Integralism** Luther

Insurrección, anarquía, revolución: una anatomía política del instante Humberto Beck, A partir de 1739 la cuestión del cambio radical se convirtió en uno de los temas centrales de la política moderna. Desde entonces comenzó a formarse una constelación de figuras y movimientos con una visión del cambio político basada en la idea de una interrupción repentina de la continuidad del orden establecido es decir de un presente instantáneo que suspende el flujo habitual del tiempo. La presente obra ofrece una historia intelectual del lenguaje del tiempo instantáneo mediante la exploración de tres figuras representativas de la noción de ruptura: la bita en el pensamiento político moderno, la insurrección, la anarquía y la revolución. El estallido de la Revolución francesa y el levantamiento espartaquista de 1919 en Alemania marcan los puntos delimitadores de este estudio que analiza la poca histórica en la que se forjó una concepción de las posibilidades del cambio social radical expresada mediante una retórica política de la instantaneidad. *Только анархизм: Антология анархистских текстов после 1945 года* Сборник,2022-03-18 11 CrimethInc Fifth Estate Green Anarchy PDF A4
