Neoliberalism and Contemporary Literary Culture Mitchum Huehls,Rachel Greenwald Smith,2017-09-19 How has the pervasive spread of free market thinking affected contemporary literature Neoliberalism has been a buzzword in literary studies for well over a decade but its meaning remains ambiguous and its salience contentious In Neoliberalism and Contemporary Literary Culture Mitchum Huehls and Rachel Greenwald Smith offer a wide ranging exploration of contemporary literature through the lens of neoliberalism s economic social and cultural ascendance Bringing together accessible and provocative essays from top literary scholars this innovative collection examines neoliberalism s influence on literary theory and methodology literary form literary representation and literary institutions A four phase approach to the historical emergence of neoliberalism from the early 1970s to the present helps to clarify the complexity of the relationship between neoliberalism and literary culture Layering that history over the diverse changes in a US Anglo literary field that has moved away from postmodern forms and sensibilities the book argues that many literary developments including the return to realism the rise of the memoir the embrace of New Materialist theory and the pursuit of aesthetic autonomy make more coherent sense when viewed in light of neoliberalism s ever increasing expansion into the cultural sphere The essays gathered here engage a diverse range of theorists including Michel Foucault Wendy Brown Giorgio Agamben Bruno Latour Maurice Merleau Ponty Gary Becker and Eve Sedgwick to address the reciprocal relationship between neoliberalism and conceptual fields such as biopolitics affect phenomenology ecology and new materialist ontology These theoretical perspectives are complemented by innovative readings of contemporary works of literature by writers such as Jennifer Egan Ben Lerner Gillian Flynn Teju Cole Jonathan Franzen Chimamanda Ngozi Adichie Salvador Plascencia E L James Lisa

Robertson Kenneth Goldsmith and many others Neoliberalism and Contemporary Literary Culture is essential reading for anyone invested in the ever changing state of literary culture Critical Tales John D. Lyons, Mary B. McKinley, 2016-11-11

Appearing in print for the first time in 1558 the book that we now know as the Heptameron is the work of Marguerite Queen of Navarre Left incomplete but dearly modeled on Boccaccio's Decameron the Heptameron consists of a frame narrative and seventy two tales told by five men and five women characters in the shady meadow at Notre Dame de Sarrance As John D Lyons and Mary B McKinley contend in their introduction to this volume the tales of the Heptameron portray the conflicts ruptures and upheavals that agitated early modern French society They present a forum in which different elements of Renaissance and Reformation culture meet and at times collide Contradictory suppositions about men and women are easily discerned behind almost all of the stories and the discussions among the fictional storytellers represent attitudes both feminist and misogynist masculinist and misandrous Less oppositional are the religious conflicts among the storytellers some are less ardently religious while others are concerned with the corporeal rather than the spiritual The stories of the Heptameron are often cautionary tales about the corruption of the late medieval church about decadent priests and monks or about the unfortunate faithful whose belief in the efficacy of good works for salvation leads to disaster and death The conflicts of the Reformation loom over the Heptameron not just as the origin of its ideological tensions but also as a prominent symptom of the larger related disruptions that marked sixteenth century Europe Provocative and wide ranging appealing to specialists in numerous fields Critical Tales is the first collective volume of studies in English on the Heptameron The authors Robert D Cottrell Hope Glidden Marcel Tetel Donald Stone Tom Conley Michel Jeanneret Cathleen M Bauschatz François Cornilliat and Ullrich Langer Mary B McKinley Philippe de Lajarte André Tournon Daniel Russell François Rigolot Paula Sommers and Edwin M Duval present different approaches to Marguerite de Navarre's tales dealing with such topics as confession rape the impact of printing on knowledge and narrative narrative theory and androgyny The contributors to Critical Tales like the storytellers of the Heptameron are not afraid to challenge the critical establishment and one another The book will be of interest to students and scholars of French and comparative literature and women's studies
