Ohi, 2015-12-11 Taking as its focus the erotic child in decadent aesthetics this book explores the sexual and political stakes of an aestheticist experience of rapture Ohi examines the power of the work of art to transport to disorient to move to extort the equivocal pleasures of self loss He also explores how the beautiful child offers partisans of art for art's sake an emblem for the ecstatic and erotic even the queer possibilities of art Aestheticism's erotic child is thus in stark contrast to the innocent child of today's ideology who secures the claims of identity against the very disorientations celebrated by aestheticism Articulating aesthetic transport through the desiring and desired child aestheticism interrogates the ideology underpinning sexual oppression **Erotic Art** Eugene C.
