McKenna, 2006-04-20 This book presents state of the science research on the components of successful literacy learning and how to target them in contemporary classrooms The volume builds on and extends the work of Steven Stahl whose pioneering contributions encompassed the key areas of phonemic awareness phonics vocabulary fluency comprehension and assessment Ten classic papers by Stahl are accompanied by 16 new chapters by other leading experts who highlight Stahl s theoretical methodological and instructional innovations describe how knowledge about each domain continues to evolve and discuss implications for helping all children become better readers

Children's Reading Comprehension and Assessment Scott G. Paris, Steven A. Stahl, 2005-03-23 Originating in a recent CIERA conference held at the University of Michigan this book brings together the nation s most distinguished researchers to examine how readers understand text and how comprehension is assessed The first part provides both national and historical contexts for the study of reading comprehension The second part examines how vocabulary motivation and expertise influence comprehension and it includes analyses of the developmental course and correlates of comprehension Chapters in the third part consider how schools focus on comprehension for instruction and assessment The fourth part includes chapters on large scale assessment that analyze how test formats and psychometric characteristics influence measures of reading comprehension At the end of each part is a commentary written by an expert that reviews the chapters critiques the main points and synthesizes critical issues Key features of this outstanding new book

include Integration of Research and Practice provides a bridge between conceptual issues studied by researchers concerned with reading comprehension theories and practical issues addressed by educators concerned with classroom instruction and assessment Comprehension Focus provides a thorough history and rigorous research based analyses of reading comprehension Assessment Focus provides innovative approaches to comprehension assessment that include the influences of vocabulary decoding and motivation Synthetic Commentaries provides periodic summaries that analyze and synthesize research practices and issues discussed in each part Expertise contributing authors and commentators are highly respected authorities on reading comprehension see table of contents This text is appropriate for educational and psychological researchers reading educators and graduate students in education and psychology It is part of the CIERA series which includes the following volumes Taylor and Pearson Teaching Reading Effective Schools Accomplished Teachers 2002 Van Kleeck Stahl and Bauer On Reading Books to Children Parents and Teachers 2003 Hoffman and Schallert The Texts in Elementary Classrooms 2005 Addressing Difficulties in Literacy Development Gavin Reid, Janet Soler, Janice Wearmouth, 2013-09-27 This book outlines and critiques international strategies and programmes designed to address difficulties in literacy development The high profile team of contributors consider teaching programmes which operate at family school pupil and teacher levels They argue that school is not the only legitimate location for literacy education and show how difficulties in literacy can be addressed sequentially both in and out of the school context Issues addressed include the dilemmas facing practitioners in choosing between multiple approaches to practice the factors which must be addressed in strategies which operate at the level of the family and the community how to ensure the school can support programmes designed to improve literacy learning how to put theory into practice in programmes designed for use with individual students the teacher as reflective practitioner developing professional practice which effectively raises literacy achievement This book will be of interest to postgraduate students teachers researchers educational professionals and policymakers who are looking for practical strategies to address difficulties in literacy development This reader forms the basis of the Open University's Difficulties in Literacy Development course and is ideal for similar courses nationally and internationally

Multiple Perspectives on Difficulties in Learning Literacy and Numeracy Claire Wyatt-Smith, John Elkins, Stephanie Gunn, 2010-10-28 There are many approaches to researching the difficulties in learning that students experience in the key areas of literacy and numeracy This book seeks to advance understanding of these difficulties and the interventions that have been used to improve outcomes The book addresses the sometimes complementary and sometimes contradictory results and generates new approaches to understanding and serving students with difficulties in literacy and numeracy The book represents a departure from conventional wisdom as most scholars and graduate students draw upon ideas from only one of the three domains focal in the book and usually from one single or dominant theoretical frame Typically readers will affiliate with reading education mathematics education or learning disabilities and belong to one of the corresponding professional

associations such as IRA NCTM or CLD This book s scope will open a scholarly forum for engaging readers with a familiarity with one of these domains while providing insight into the others on offer in the book
