Nationalism and Human Rights G. Cheng, 2012-02-14 By critically addressing the tension between nationalism and human rights that is presumed in much of the existing literature the essays in this volume confront the question of how we should construe human rights as a normative challenge to the excesses of modernity particularly those associated with the modern nation state or as an adjunct of globalization with its attendant goal of constructing a universal civilization based on neoliberal economic principles and individual liberty

The Letters and Papers of Chaim Weizmann Chaim Weizmann, 1983-01-01 These two volumes of the papers of Chaim Weizmann the first president of Israel are essential for a complete understanding of Weizmann's thinking as a Jew as a scientist and as a political leader They present statements deeply thought out often polished before delivery and intended for insertion into an historical record This selection which spans his life from 1898 1952 includes speeches many of them to closed audiences and not previously published private interviews evidence before investigating committees minutes of meetings memoirs and newspaper articles It is evident from these papers that Weizmann had a larger vision of an audience before him whether it be a group of listeners a mass of readers a government department or an influential interlocutor The earliest documents represent Weizmann's ideas alone later ones reflect the views of like minded Zionists and express the collective striving of his nation These papers together with the previously published twenty three volumes of the letters of Chaim Weizmann constitute a matchless commentary on over sixty years of dedication to building a nation state on moral foundations

Middle Eastern Minorities Ibrahim Zabad, 2017-03-27 This is a comprehensive survey of minorities in the

Middle East with a special focus on the post Arab Spring era Minority communities in the Middle East are the most susceptible to the turbulence engulfing the region the majority may suffer physical violence and socioeconomic loss but minorities could potentially vanish Instead of ushering in democracy and inclusive politics the revolutionary upheavals have prompted chaos and fear and reinforced the resurgence of Islamic fundamentalism throughout the region Zabad uses historical sources as well as first hand interviews to vividly describe the current status of minorities in the Middle East explaining attitudes towards the revolutionary upheavals as well as the various strategies they used to avail themselves of the opportunities presented and to confront the risks posed The question of ethnic sectarian and religious minorities is situated in the context of the broader history of the region in order to explain the underlying institutional and ideological factors that caused their predicament and problematized their relationship with the majority The book provides a rich trove of information and insights generated from ten case studies that covered the Sh a in Saudi Arabia Bahrain Lebanon and Egypt the Druze the Alawites Christians and Kurds in Syria the Copts in Egypt and the Zaydis in Yemen [The Universal Jewish Encyclopedia ...](#) Isaac Landman, Simon Cohen, 1942 **National and International Politics in the Middle East** Edward Ingram, 2013-07-23 First published in 2004 Professor Kedourie is known for his unforgettable essays for the pattern of interpretation and view of the world which hold his readers spellbound even when they strongly disagree with his opinions and for Middle Eastern Studies which recently reached its majority and which he and Frank Cass together have turned into the foremost scholarly journal in its field These essays are presented to him by a group of his admirers overseas [Conflict and War in the Middle East](#) Bassam Tibi, 1998-09-28 Few studies of Middle East wars go beyond a narrative of events and most tend to impose on this subject the rigid scheme of superpower competition The Gulf War of 1991 however challenges this view of the Middle East as an extension of the global conflict The failure of the accord of both superpowers to avoid war even once regional superpower competition in the Middle East had ceased must give rise to the question Do regional conflicts have their own dynamic Working from this assumption the book examines local regional constraints of Middle East conflict and how through escalation and the involvement of extra regional powers such conflicts acquire an international dimension The theory of a regional subsystem is employed as a framework for conceptualising this interplay between regional and international factors in Tibi's examination of the Middle East wars in the period 1967-91 Tibi also provides an outlook into the future of conflict in the Middle East in the aftermath of the most recent Gulf War **Surviving Jewel** Mitri Raheb, Mark A. Lamport, 2022-05-24 The Christian church was born in the Middle East and grew there for centuries Its interaction with Islam turned Christianity in this once predominantly Christian region into a marginalized jewel surviving at great peril within a difficult even sometimes hostile political and religious climate Of course the story of Christianity over the last 1 300 years is not solely one of conflict marginalization and persecution but is also about accommodation interchange and cooperation This introductory book details the history of the church in its Middle Eastern birthplace through the past two

thousand years It is a story described as a lost history by Philip Jenkins but it is here uncovered and placed on display For those with eyes to see the church of the Middle East is here revealed as a precious jewel still catching the light **Britain's Moment in Palestine** Michael J Cohen,2014-02-24 In 1917 the British issued the Balfour Declaration for military and strategic reasons This book analyses why and how the British took on the Palestine Mandate It explores how their interests and policies changed during its course and why they evacuated the country in 1948 During the first decade of the Mandate the British enjoyed an influx of Jewish capital mobilized by the Zionists which enabled them not only to fund the administration of Palestine but also her own regional imperial projects But in the mid 1930s as the clouds of World War Two gathered Britain's commitment to Zionism was superseded by the need to secure her strategic assets in the Middle East In consequence she switched to a policy of appeasing the Arabs In 1947 Britain abandoned her attempts to impose a settlement in Palestine that would be acceptable to the Arab States and referred Palestine to the United Nations without recommendations leaving the antagonists to settle their conflict on the battlefield Based on archival sources and the most up to date scholarly research this comprehensive history offers new insights into Arab British and Zionist policies It is a must read for anyone with an interest in Palestine Israel British Colonialism and the Middle East in general [Atlas of Jewish History](#) Dan Cohn-Sherbok,2013-01-11 In this illuminating history Dan Cohn Sherbok traces the development of Jewish history from ancient times to the present day Containing over 100 maps and 30 photographs this is a comprehensive atlas of Jewish history designed for students and the general reader It is ideally suited for those courses in Jewish or Biblical Studies serving as a handy reference guide as well as a textbook **Arab Nationalism** B. Tibi,ed,trans Marion Farouk-Sluglett,Peter Sluglett,1990-06-29 In this new edition Professor Tibi analyses the impact and function of nationalism and its contribution to social and political change in the Third World taking the rise of nationalism in the Middle East as a historical example He concentrates on the period after the First World War when many Arab intellectuals became disillusioned with Britain and France as a result of the occupation of their countries Professor Tibi's careful study of the writings and influence of Sati al Husri illustrates the connection between modern Arab nationalism and nineteenth century German Romantic nationalism which will be of particular interest to the English reader Professor Tibi concludes that while nationalism has played a necessary and important role in the movement for national independence in the Middle East it has since developed into an ideology which seems to obstruct further social and political emancipation This book will be of particular interest to historians and social scientists as well as to specialists in the area itself **Radical Christianity in Palestine and Israel** Samuel J. Kuruvilla,2013-03-27 Christianity arose from the lands of biblical Palestine and regardless of its twentieth century associations with the Arab Israeli conflict to Christians around the world it remains first and foremost the birthplace of Christianity Nevertheless the size of the Christian population among Palestinians today living in Israel and the Palestinian territories is now relatively insignificant In Radical Christianity in the Middle East Samuel J Kuruvilla argues

that Christian Palestinians often employ politically astute as well as theologically radical means in their efforts to prove relevant as a minority community within Israeli and Palestinian societies Examining the political background of the gradual collapse of secular Arab Nationalism to be replaced by Islamic liberation movements he reveals a trend within the Christian Palestinian Church which saw increasing politicisation in the 1980s and 1990s In the face of often restrictive Israeli policies such as land confiscation along with the First Intifada there was a drive towards setting up inter Church and faith activism with the goal of Palestinian liberation Kuruvilla charts the development of a theology of Christian liberation in particular through the work of Palestinian Anglican cleric Naim Stifan Ateek and Palestinian Lutheran Pastor Mitri Raheb From its roots in 1960s Latin America liberation theology has been adapted and contextualised within the specific situation within Israel and Palestine to produce a framework that emphasises peace and reconciliation while recognising the importance of resistance and national unity Theology has impacted Christian perceptions of Palestinians struggle with Israel the idea of a land promised to the sons of Abraham and the moral responsibilities that come with this are pitted against Israeli oppression of both Christian and Muslim inhabitants of the Holy Land and their desire for independence and justice Through this comprehensive study of the often overlooked theological political and practical position of Christians in Palestine Kuruvilla provides a new and insightful perspective on one of the most written about conflicts *The Cambridge Companion to Modern Arab Culture* Dwight F. Reynolds, 2015-04-02 An accessible and wide ranging survey of modern Arab culture covering political intellectual and social aspects [Arabic Language and National Identity](#) Yasir Suleiman, 2019-08-07 No detailed description available for The Arabic Language and National Identity **Introduction to Zionism and Israel** Dan Cohn-Sherbok, 2012-01-19 **Imperial Legacy** Leon Carl Brown, 1996 A feast of thoughtful and informative essays this timely collection explores an age old issue the impact of the past on the present Contributors consider influences of the Ottoman Empire on its successor states in the Balkans and in the Arab world They provide substance enough for thorough lessons in historical influence CHOICE
