characters Less than a hero's welcome Returning to his family seat from Waterloo Gervase Frant seventh Earl of St Erth could have expected more enthusiasm for his homecoming His quiet cousin stepmother and young half brother seem openly disappointed that he survived the wars And when he begins to fall for his half brother's sweetheart his chilly reception goes from unfriendly to positively murderous Praise for Georgette Heyer and *The Quiet Gentleman* Fascinating reading authentic atmosphere in a delightful English tale Chicago Sunday Tribune Georgette Heyer was one of the great protagonists of the historical novel in the post war golden age of the form Her regency romances are delightful light reading and her historical novels such as *The Spanish Bride* and *An Infamous Army* demonstrate how fiction and history can work together to make a valuable literary form Philippa Gregory bestselling author *Stand Magazine* , **The Selected Works of Louis Becke** Louis Becke, In that delightful and exciting book written by Captain Joshua Slocum and entitled *Sailing Alone Round the World* there is a part wherein the adventurous American seaman relates how he protected himself from night attacks by the savages by a simple but efficient precaution It was his custom when he anchored for the night off the snow clad and inhospitable shores of Tierra del Fuego to profusely sprinkle his cutter's deck with sharp tacks and then calmly turn in and sleep the sleep of the just for even the horny soles of the Fuegian foot is susceptible to the business end of a tack and as I read Slocum's story I smiled and thought of dear old Yorke and the Francesco I first met Yorke early in the seventies Our vessel had run in under the lee of the South Cape of New Britain to wood and water and effect some repairs for in working northward through the Solomon Group on a special mission to a certain island off the coast of New Guinea we had met with heavy weather and had lost our foretopmast In those days there was not a single white man living on the whole of the south coast of New Britain from St George's Channel on the east to Dampier's Straits on the west a stretch of more than three hundred miles and little was known of the natives beyond the fact of their being treacherous cannibals In Blanche Bay only on the northern shore was there a settlement of a few adventurous English traders the employees of a rich German company and these were only acquainted with the natives in their own vicinity Even the masters of trading vessels avoided the south coast of the great island not only on account of the dangerous character of its inhabitants but also because there was not they thought anything to tempt them to risk their and their crews lives for the shore nearly everywhere presented a line of dense unbroken forest with but scanty groves of coco palms at long intervals and even had there been many such groves no communication could be had with the people In the wild days of the seventies the practice of cutting up and drying the coconut into what is known as copra had scarcely made any headway in those parts of New Britain New Ireland and the Solomon and New Hebrides Groups which were visited by trading vessels the nuts were turned into oil by a crude and wasteful process known as rotting The captain of our little vessel was one of the oldest and most experienced trading skippers in the Western Pacific grim resolute and daring but yet cautious of his men's lives if not of his own so when he decided to anchor under the lee of the South Cape he chose a part of the coast which seemed to be but scantily inhabited The

dense forest which came down to the water's edge concealed from view any village that might have been near us but the presence of smoke arising from various spots denoted that there were some natives living in the vicinity though we could not see any canoes We brought to about half a mile from the shore Two boats were at once lowered manned and armed and under the captain's guidance set out to search for water which we knew we should have but little difficulty in finding even on the south coast of New Britain which is not nearly so well watered as the northern shore of the island In the captain's boat were six men besides himself I was in charge of the covering boat manned by six native seamen and carrying three water casks all we could stow Pulling in together close to the shore the captain then went ahead my boat following at the regulation distance of fifty yards only four hands rowing in each leaving four men to keep a look out for natives

Reflective Practice in Psychotherapy and Counselling Jacqui Stedmon, Rudi Dallos, 2009-10-16 Reflective Practice has become established as an essential feature of practice in psychotherapy and counselling in the UK Europe USA and some other parts of the world However the writing on reflective practice is arguably fragmented and scattered and much of it is highly theoretical and abstract This book draws together conceptual and ethical issues regarding reflective practice including the meaning and development of the orientation More importantly it connects theory to day to day practice in psychotherapy and counselling addressing issues such as What does reflective practice look like in practice How do we develop the skills in carrying it out What ways does it assist practice The book offers an exploration of reflective practice within different models of psychotherapy and counselling CBT psycho dynamic and narrative systemic family therapy narrative and community approaches Throughout it employs a range of illustrations from a variety of clinical contexts to illustrate reflective practice in action These include work with children and families adult mental health trauma and abuse learning disability youth offending and bereavement and loss The mix of theoretical background along with practical examples and exercises will be key for students and practitioners in the fields of psychotherapy and counselling The book will be a spur to readers to challenge dominant assumptions and modes of clinical practice and help them fulfil the compulsory requirement for a reflective practice element in their training

Creative Construing Jörn W. Scheer, Kenneth W. Sewell, 2006 The Psychology of Personal Constructs as devised by the American psychologist George Kelly stresses the importance of the meanings that individuals attach to persons and events in the world surrounding them Originating in clinical psychology it has increasingly attracted the interest of scholars and practitioners working in education in organisations and in other disciplines working with people As there are hardly more personal processes than creative ones it seems appropriate to look at the arts from a personal construct psychology perspective This book presents for the first time analyses of creative processes but it features also personal accounts by creative people who write sing dance act and make music

The Saturday Evening Post, 1925

Discourses of Psychological Trauma Nikki Kiyimba, Christina Buxton, Jo Shuttleworth, Emily Pathe, 2022-07-20 This book offers a critical perspective of the dominant discourses within the field of psychological trauma It provides a challenge

to normative western constructs and unsettles assumptions about accepted notions of universality and the nature of trauma. Traditionally the concept of psychological trauma has been widely accepted within mental health professions. However in a post positivist era the language of mental health is shifting and making room for alternative discourses that include wider contextual influences such as the impact of sociological cultural and technological developments. These wider discourses are illuminated as the authors draw together some of these arguments into one accessible text. Rather than claim definitive answers to the issues raised readers are invited to engage with the discussions presented in order to position themselves in relation to the range of trauma discourses available. British Library, 1983 Buffalo City Directory, 1860 Historical papers are prefixed to several issues **The Commercial Advertiser Directory for the City of Buffalo, [etc.]**, 1860 Suicide Risk Assessment and Prevention Maurizio

Pompili, 2022-12-19 This book explores suicide prevention perspectives from around the world considering both professionals points of view as well as first person accounts from suicidal individuals. Scholars around the globe have puzzled over what makes a person suicidal and what is in the minds of those individuals who die by suicide. Most often the focus is not on the motives for suicide nor on the phenomenology of this act but on what is found from small cohorts of suicidal individuals. This book offers a tentative synthesis of a complex phenomenon and sheds some light on models of suicide that are less frequently encountered in the literature. Written by international experts it makes a valuable contribution to the field of suicidology that appeals to a wide readership from mental health professionals to researchers in suicidology and students. **King Zeno**

Nathaniel Rich, 2018-01-09 New Orleans 1918 an ax murderer draws together a cop a Mafia matriarch and a jazz musician in this crime novel by the author of *Odds Against Tomorrow*. New Orleans 1918 A new American music is born prostitution is outlawed and the police retake the streets with maximum violence. In the Ninth Ward laborers break ground on a gigantic canal that will split the city a work of staggering human ingenuity intended to restore New Orleans's faded mercantile glory. As the war ends and a prosperous new age dawns everything is thrown into chaos by a series of ax murderers which scramble the fates of three people from different corners of town. Detective William Bastrop is an army veteran haunted by an act of wartime cowardice and recklessly bent on redemption. Isadore Zeno is a jazz cornetist with a dangerous side hustle. Beatrice Vizzini is the widow of a crime boss who yearns to take the family business straight. But in New Orleans a city built on swamp nothing stays buried long. A New York Times Book Review Editors Choice and a Paris Review Staff Pick. A January Pick by Salon Town and Country Southern Living and LA Magazine. Praise for King Zeno: King Zeno is a great detective novel a fitting tribute to the Crescent City. The Paris Review Rich brings multiple themes together in this roiling genre blender set in New Orleans in 1918. It's a rich gumbo of ingredients and Rich stirs them effectively combining a lyrical impressionistic style with a sure handed grasp of the historical moment. A heady mix of literary thriller and high end historical fiction. Booklist King Zeno excels at immersing the reader in the narrative. Publishers Weekly
