Same-sex Desire in Victorian Religious Culture Frederick Scott Roden, 1998 *Women, Gender and Religious Cultures in Britain, 1800-1940* Sue Morgan, Jacqueline de Vries, 2010-06-10 This volume is the first comprehensive overview of women gender and religious change in modern Britain spanning from the evangelical revival of the early 1800s to interwar debates over women's roles and ministry This collection of pieces by key scholars combines cross disciplinary insights from history gender studies theology literature religious studies sexuality and postcolonial studies The book takes a thematic approach providing students and scholars with a clear and comparative examination of ten significant areas of cultural activity that both shaped and were shaped by women's religious beliefs and practices family life literary and theological discourses philanthropic networks sisterhoods and deaconess institutions revivals and preaching ministry missionary organisations national and transnational political reform networks sexual ideas and practices feminist communities and alternative spiritual traditions Together the volume challenges widely held truisms about the increasingly private and domesticated nature of faith the feminisation of religion and the relationship between secularisation and modern life Including case studies further reading lists and a survey of the existing scholarship and with a British rather than Anglo centric approach this is an ideal book for anyone interested in women's religious experiences across the nineteenth and twentieth centuries

The Oxford Handbook of Victorian Medievalism Joanne Parker, Corinna Wagner, 2020-09-15 In 1859 the historian Lord John Acton asserted two great principles divide the world and contend for the mastery antiquity and the middle ages The influence on Victorian culture of the Middle Ages broadly understood then as the centuries between the Roman Empire and the Renaissance was both pervasive and multi faceted This medievalism led for instance to the rituals and ornament of the Medieval Catholic church being reintroduced to Anglicanism It led to the Saxon Witan being celebrated as a

prototypical representative parliament It resulted in Viking raiders being acclaimed as the forefathers of the British navy And it encouraged innumerable nineteenth century men to cultivate the superlative beards we now think of as typically Victorian in an attempt to emulate their Anglo Saxon forefathers Different facets of medieval life and different periods before the Renaissance were utilized in nineteenth century Britain for divergent political and cultural agendas Medievalism also became a dominant mode in Victorian art and architecture with 75 per cent of churches in England built on a Gothic rather than a classical model And it was pervasive in a wide variety of literary forms from translated sagas to pseudo medieval devotional verse to triple decker novels Medievalism even transformed nineteenth century domesticity while only a minority added moats and portcullises to their homes the medieval style textiles produced by Morris and Co decorated many affluent drawing rooms The Oxford Handbook of Victorian Medievalism is the first work to examine in full the fascinating phenomenon of medievalism in Victorian Britain Covering art architecture religion literature politics music and social reform the Handbook also surveys earlier forms of antiquarianism that established the groundwork for Victorian movements In addition this collection addresses the international context by mapping the spread of medievalism across Europe South America and India amongst other places **The Lesbian Muse and Poetic Identity, 1889-1930** Sarah Parker, 2015-10-06

Throughout history the poetic muse has tended to be a passive female and the poet male This dynamic caused problems for late Victorian and twentieth century women poets how could the muse be reclaimed and moved on from the passive role of old Parker looks at fin de siècle and modernist lyric poets to investigate how they overcame these challenges and identifies three key strategies the reconfiguring of the muse as a contemporary instead of a historical mythological figure the muse as a male figure and an interchangeable poet muse relationship granting agency to both **Chains of Love and Beauty** Carolyn Dever, 2025-01-28 Why a monumental diary by an aunt and niece who published poetry together as Michael Field and who were partners and lovers for decades is one of the great unknown works of late Victorian and early modernist literature Michael Field the renowned late Victorian poet was well known to be the pseudonym of Katharine Bradley 1846 1914 and her niece Edith Cooper 1862 1913 Less well known is that for three decades the women privately maintained a romantic relationship and kept a double diary sharing the page as they shared a bed and eventually producing a 9 500 page twenty nine volume story of love life and art in the fin de siècle In Chains of Love and Beauty the first book about the diary Carolyn Dever makes the case for this work as a great unknown novel of the nineteenth century and as a bridge between George Eliot and Virginia Woolf Victorian marriage plot and modernist experimentation While Bradley and Cooper remained committed to publishing poetry under a single male pseudonym the diary which they entitled Works and Days and hoped would be published after their deaths allowed them to realize literary ambitions that were unfulfilled during their lifetime The women also used the diary which remains largely unpublished to negotiate their art desires and frustrations as well as their relationships with contemporary literary celebrities including Robert Browning Oscar Wilde William Butler Yeats and

Walter Pater Showing for the first time why *Works and Days* is a great experimental work of late Victorian and early modernist writing one that sheds startling new light on gender sexuality and authorship Dever reveals how Bradley and Cooper wrote their shared life as art and their art as life on pages of intimacy that they wanted to share with the world

Gerard Manley Hopkins and the Poetry of Religious Experience Martin Dubois, 2017-09-21 This nuanced yet accessible study is the first to examine the range of religious experience imagined in Hopkins's writing By exploring the shifting way in which Hopkins imagines religious belief in individual history Martin Dubois contests established views of his poetry as a unified project Combining detailed close readings with extensive historical research Dubois argues that the spiritual awareness manifest in Hopkins's poetry is varied and fluctuating and that this is less a failure of his intellectual system than a sign of the experiential character of much of his poetry's thought Individual chapters focus on biblical language and prayer as well as on the spiritual ideal seen in the figures of the soldier and the martyr and on Hopkins's ideas of death judgement heaven and hell Offering fresh interpretations of the major poems this volume reveals a more diverse and exploratory poet than has been recognised

Michael Field: The Poet Katherine Bradley, Edith Cooper, 2009-07-08 Michael Field was the literary pseudonym of two women Katharine Bradley 1846-1914 and her niece Edith Cooper 1862-1913 The women were poets playwrights diarist and lovers who lived and wrote together during the final decades of the nineteenth century up to World War I Their arresting poetry has recently gained them a place in the canon and their extensive engagement with other writers puts them at the centre of fin de siècle literary culture This Broadview Edition offers selections from all published books of poetry by Michael Field and a substantial section of transcriptions from largely unpublished manuscript letters and diaries that gives insight into the extraordinary life and work of the authors A critical introduction bibliography and selection of contemporary reviews are also included

Sexual Restraint and Aesthetic Experience in Victorian Literary Decadence Sarah Green, 2023-03-09 Can sexual restraint be good for you Many Victorians thought so This book explores the surprisingly positive construction of sexual restraint in an unlikely place late nineteenth century Decadence Reading Decadent texts alongside Victorian writing about sexual health including medical literature adverts advice books and periodical articles it identifies an intellectual Paterian tradition of sensuous continence in which healthy pleasure is distinguished from its harmful counterpart Recent work on Decadent sexuality concentrates on transgression and subversion with restraint interpreted ahistorically as evidence of repression sublimation or queer coding Here Sarah Green examines the work of Walter Pater Lionel Johnson Vernon Lee and George Moore to outline a co extensive alternative approach to sexuality where restraint figured as a productive part of the aesthetic life or a practical ethics shaped by aesthetic principles Attending to this tradition reveals neglected connections within and beyond Decadence bringing fresh perspective to its late nineteenth and twentieth century reception

Jewish/Christian/Queer Frederick Roden, 2016-05-06 At a time when major branches of Judaism and most Christian denominations are addressing the relationship between religion and homosexuality Jewish Christian Queer

offers a unique examination of the similarities between the queer intersections of Judaism and Christianity and the queer intersections of the homosexual and the religious. This volume investigates three forms of queerness: the rhetorical, the theological, and the discursive dissonance at the meeting points between Christianity and Judaism, the crossroads of the religious and the homosexual, and the intersections of these two forms of queerness, namely where the religiously queer of Jewish and Christian speech intersects with the sexually queer of religiously identified homosexual discourse. Including essays on literature and literary theory, Christian theology, Biblical, Rabbinic, and Jewish studies, queer theory, architecture, Freud, gay and lesbian studies, and history, Jewish Christian Queer will have a truly interdisciplinary appeal. Music and the Queer Body in English Literature at the Fin de Siècle Fraser Riddell, 2022-04-14 Drawing on an ambitious range of interdisciplinary material including literature, musical treatises, and theoretical texts, *Music and the Queer Body* explores the central place music held for emergent queer identities in the late nineteenth and early twentieth centuries. Canonical writers such as Walter Pater, E. M. Forster, and Virginia Woolf are discussed alongside lesser-known figures such as John Addington Symonds, Vernon Lee, and Arthur Symonds. Engaging with a number of historical case studies, Fraser Riddell pays particular attention to the significance of embodiment in queer musical subcultures and draws on contemporary queer theory and phenomenology to show how writers associate music with shameful, masochistic, and anti-humanist subject positions. Ultimately, this study reveals how literary texts at the fin de siècle invest music with queer agency to challenge or refuse essentialist identities, to facilitate reconceptions of embodied subjectivity, and to present alternative sensory experiences of space and time. This title is also available as Open Access on Cambridge Core. *The Oxford Encyclopedia of British Literature* David Scott Kastan, 2006-03-03 From folk ballads to film scripts, this new five-volume encyclopedia covers the entire history of British literature from the seventh century to the present, focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland. In five hundred substantial essays written by major scholars, the *Encyclopedia of British Literature* includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes, movements, genres, and institutions whose impact upon the writing or the reading of literature was significant. An ideal companion to *The Oxford Encyclopedia of American Literature*, this set will prove invaluable for students, scholars, and general readers. For more information, including a complete table of contents and list of contributors, please visit www.oup.com/us/ebL. *Two Views on Homosexuality, the Bible, and the Church* Zondervan, 2016-11-29 Unique among most debates on homosexuality, this book presents a constructive dialogue between people who disagree on significant ethical and theological matters and yet maintain a respectful and humanizing posture toward one another. Few topics are more divisive today than homosexuality. *Two Views on Homosexuality, the Bible, and the Church* brings a fresh perspective to a well-worn debate. While Christian debates about homosexuality are most often dominated by biblical exegesis, this book seeks to give much-needed attention to the rich history of received Christian

tradition bringing the Bible into conversation with historical and systematic theology To that end both theologians and biblical scholars well accomplished in their fields and conversant in issues of sexuality and gender articulate and defend each of the two views Affirming represented by William Loader and Megan K DeFranza Traditional represented by Wesley Hill and Stephen R Holmes The main essays are followed by insightful responses that interact with their fellow essayists with civility Holding to a high view of Scripture a commitment to the gospel and the church and a love for people especially those most affected by this topic the contributors wrestle deeply with the Bible and theology especially the prohibition texts the role of procreation gender complementarity and pastoral accommodation The book concludes with reflections from general editor Preston Sprinkle on the future of discussions on faith and sexuality The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

Constance Maynard's Passions Pauline A. Phipps, 2015-09-15 Successful but self tormented English educational pioneer Constance Maynard 1849 1935 was a deeply religious evangelical Christian whose personal atonement theology demanded that one resist carnal feelings to achieve personal salvation As the founder of Westfield College at the University of London Maynard championed women s access to a university education As the college s first principal she also engaged in a string of passionate relationships with college women in which she imagined love as God s gift as well as a test of her faith Using Maynard s extensive personal papers especially her diaries and autobiography Pauline A Phipps examines how the language of her faith offered Maynard the means with which to carve out an independent career and to forge a distinct same sex sexual self consciousness in an era when middle class women were expected to be subservient to men and confined to the home Constance Maynard s Passions is the fascinating account of a life which confounds the usual categories of faith gender and sexuality

Palgrave Advances in Oscar Wilde Studies Frederick S. Roden, 2004-09-30 Palgrave Advances in Oscar Wilde Studies is a comprehensive guide to recent critical approaches Topics covered include Gay Studies Feminist Criticism Material Culture Religion Philosophy Performance Studies Aestheticism Biography Textual Studies and Postcolonial Theory The book is designed to acquaint readers of all levels with the history of scholarship in a range of fields and suggest ways that Wilde s work offer new areas for research The collection also provides a Chronology and detailed bibliography

Theology, Horror and Fiction Jonathan Greenaway, 2020-12-10 Longlisted for the 2022 International Gothic Association s Allan Lloyd Smith Prize Surpassing scholarly discourse surrounding the emergent secularism of the 19th century Theology Horror and Fiction argues that the Victorian Gothic is a genre fascinated with the immaterial Through close readings of popular Gothic novels across the 19th century Frankenstein Wuthering Heights Dracula and The Picture of Dorian Gray among others Jonathan Greenaway demonstrates that to understand and read Gothic novels is to be drawn into the discourses of theology Despite the differences in time place and context that informed the writers of these stories the

Gothic novel is irreducibly fascinated with religious and theological ideas and this angle has been often overlooked in broader scholarly investigations into the intersections between literature and religion Combining historical theological awareness with interventions into contemporary theology particularly around imaginative apologetics and theology and the arts

Jonathan Greenaway offers the beginnings of a modern theology of the Gothic **Decadent Conservatism** Alex

Murray,2023 *Decadent Conservatism* argues that both literary Decadence and political conservatism in Britain at the turn of the twentieth century was driven by a common drive to find alternatives to liberal modernity Thematic chapters offer a new and much messier picture of fin de siècle literary politics Majestic Mirror or Mind-Bending Mirage Jens Bruun

Kofoed,2025-03-13 Discover the profound insights on gender identity and sexuality through a biblical lens in this compelling book Delving into the Old Testament the author critiques modern gender theories tracing their evolution through feminist movements existentialism and social constructivism By contrasting these with a biblical perspective rooted in the creation story the book offers a thoughtful examination of today's complex gender discussions including identity expression and orientation Explore historical and theological views from ancient Mesopotamian cultures focusing on the worship of Inanna Ishtar and the shifting gender roles and sexual norms of the time The author defends a traditional biblical view challenging modern secular ideologies and arguing for a consistent understanding of the body sexuality and gender This book also provides valuable guidance for church leaders and pastors on navigating these sensitive topics in today's world Engage with a perspective that reconnects biological and theological truths offering a robust critique of contemporary feminist and transgender movements **The Forms of Michael Field** LeeAnne M. Richardson,2021-11-08 Michael Field the poetic

identity created by Katharine Bradley 1846 1914 and her niece Edith Cooper 1862 1913 ceaselessly experimented with forms of identity and forms of literary expression *The Forms of Michael Field* argues that their modes of self creation are analogous to their poetic creations and that exploring them in tandem is the best way to understand Michael Field's cultural and literary importance Michael Field deploys a different form in each volume of their lyric poetry translations of Sappho ekphrasis songs sonnets and devotional verse They also appropriate and revise the dramatic genres of verse tragedy and the masque Each of these experiments in form enable Michael Field to differently address the cultural questions that beset late Victorian women writers Drawing on the insights of new lyric studies and new formalism this book analyzes Michael Field's continual quest for the aesthetic forms that best express their evolving ideas about identity and sexuality gender and sacrifice lyric voice and authority
