

Sammy Marks The Uncrowned King Of The Transvaal

Robert Fitzgerald

Sammy Marks The Uncrowned King Of The Transvaal:

Sammy Marks Richard Mendelsohn.1991-01-01 Popular Politics in the History of South Africa, 1400–1948 Paul S. Landau, 2010-09-20 Popular Politics in the History of South Africa 1400 1948 offers an inclusive vision of South Africa's past Drawing largely from original sources Paul Landau presents a history of the politics of the country's people from the time of their early settlements in the elevated heartlands through the colonial era to the dawn of Apartheid A practical tradition of mobilization alliance and amalgamation persisted mutated and occasionally vanished from view it survived against the odds in several forms in tribalisms Christian assemblies and other seemingly hybrid movements and it continues today Landau treats southern Africa broadly concentrating increasingly on the southern Highveld and ultimately focusing on a transnational movement called the Samuelites He shows how people s politics in South Africa were suppressed and transformed but never entirely eliminated Sammy Marks Richard Mendelsohn, 1991 Rogues Gallery Matthew Blackman, Nick Dall, 2021-03-15 If you reckon corruption in South Africa began with Zuma or even with apartheid it s time to catch a wake up call Rogues Gallery tells the story of some of the biggest skelms to grace our un fair shores showing that dodgy dealings have been a national pastime for as long as South African history has been written down The action starts with the machinations of three colonial governors rotten Willem Adriaan van der Stel and the twaddling British duo Sir George Yonge and Lord Charles Somerset Added to this is Cecil John Rhodes s unparalleled success in poisoning the land with theft fraud and war and Oom Paul Kruger's corrupt and compromised Volksraads official and unofficial Readers are then treated to apartheid s finest feats in corruption from the Broederbond s perfect ten in state capture to the Department of Information s peddling of fake news and the apartheid state s manufacture of no not illegal cigarettes Class A drugs And let s not forget the hotbed of corruption that was the independent homelands Add to this a few murders plenty of nepotism and a state president who started out as a Nazi spy and the gallery of rogues is complete On the flipside every chapter also features at least one brave whistle blower the true heroes of this book Irreverent entertaining and impeccably researched Rogues Gallery busts the myth that the Zuptas were the first to capture the South African state showing that corruption has always been around and that the tricks politicians play haven t changed a jot The Unexpected Story of Nathaniel Rothschild John Cooper, 2015-07-16 The Unexpected Story of Nathaniel Rothschild is the only full length biography of Nathaniel the first Lord Rothschild 1840 1915 The Rothschild family in all its branches is of compelling and continuing interest and fascination A family that could make or break dynasties that could bankrupt industrial magnates but who also were outstanding philanthropists and collectors of some of the world's greatest art treasures Ardently supportive of the founding of the State of Israel Nathaniel was also adept at playing the political game within and without Jewry He went to extremes to ensure that Jewish refugees from Russian pogroms went to Palestine and did not come to the UK The first Jew in the House of Lords he had previously stood as a Liberal MP and fought for social justice He knew every leading British politician from Disraeli to

Lloyd George Indeed as a leading figure in the City he helped Lloyd George to surmount this country's worst ever financial crisis He died a man mourned by the political elite and the masses It is only now that his story has been fully told Vaal Uprising of 1984 & the Struggle for Freedom in South Africa Franziska Rueedi, 2021 Offers new insights into the struggle against Apartheid and the poverty and inequality that instigated political resistance **Rivalry in Southern Africa** 1893-99 M. Seligmann, 1998-08-10 Seligmann focuses on the development of German policy towards the Transvaal and southern Africa in the 1890s During this time Germany's flirtation with President Kruger and her confrontational approach to Britain threatened war How did this come to pass The author examines the roots of German policy and explores consequent rivalries and tensions The conclusions show the importance of South Africa to German imperialism and the role it played in widening German imperial ambitions before the First World War Hidden Pretoria Johan Swart, 2019-10-01 Despite being South Africa's capital city Pretoria has often played a supporting role to bold and brash Johannesburg and Cape Town's cosmopolitan charms However when it comes to architectural heritage the Jacaranda City is well endowed From the skyline dominating Union Buildings and Voortrekker Monument to the imposing edifices of its administrative precincts Pretoria might be deserving of a second moniker the city of sandstone brick and granite But when you look beyond the impressive fa ades soaring columns and linear planes of buildings that were intended to convey power and authority you ll find light filled interiors embellished with decorative touches that are only hinted at from the outside Murals mosaics domes galleries stained glass windows gleaming brass and impressive woodwork are often hidden from view behind doors that are closed to the public And even those museums buildings and places of worship that are open to all have noteworthy architectural and design features that are easily overlooked The history of the city and of the country has been played out in many of the buildings featured in Hidden Pretoria This book captures facets of our diverse heritage historic and contemporary so that a new generation might recognise the need to embrace the past in order to build our common future The History of **Business in Africa** Grietjie Verhoef, 2017-10-16 This book offers a comprehensive study of the history of African business By analyzing the specificities of African business culture as well as the dynamically changing African policy context the author sheds new light on the development of African enterprises markets and institutions The book covers a wide range of historical studies starting with the earliest exchange networks the new market opportunities resulting from European penetration the dualism of state owned companies and private enterprises during the twentieth century the role of foreign direct investments and multinational companies during the 1990s and the globalization of African business Sir Graham Bower's Secret History of the Jameson Raid and the South African Crisis, 1895-1902 Graham Bower, 2002 Apartheid's **Leviathan** Faeeza Ballim, 2023-04-25 A fascinating study that shows how the intersection of technology and politics has shaped South African history since the 1960s This book details the development of an interconnected technological system of a coal mine and of the Matimba and Medupi power stations in the Waterberg a rural region of South Africa near the country

s border with Botswana South Africa s state steel manufacturing corporation Iscor which has since been privatized developed a coal mine in the region in the 1970s This set the stage for the national electricity provider Eskom to build coal fueled power stations in the Waterberg Faeeza Ballim follows the development of these technological systems from the late 1960s a period of heightened repression as the apartheid government attempted to realize its vision of racial segregation to the deeply fraught construction of the Medupi power station in postapartheid South Africa The Medupi power station was planned toward the end of the first decade of the twenty first century as a measure to alleviate the country's electricity shortage but the continued delay of its completion and the escalation of its costs meant that it failed to realize those ambitions while public frustration and electricity outages grew By tracing this story this book highlights the importance of technology to our understanding of South African history This characterization challenges the idea that the technological state corporations were proxies for the apartheid government and highlights that their activities in the Waterberg did not necessarily accord with the government's strategic purposes. While a part of the broader national modernization project under apartheid they also set the stage for worker solidarity and trade union organization in the Waterberg and elsewhere in the country This book also argues that the state corporations their technology and their engineers enjoyed ambivalent relationships with the governments of their time relationships that can be characterized as both autonomous and immersive In the era of democracy while Eskom has been caught up in government corruption a major scourge to the fortunes of South Africa it has also retained a degree of organizational autonomy and offered a degree of resistance to those who sought to further corruption The examination of the workings of these technological systems and the state corporations responsible for them complicates conventional understandings of the transition from the authoritarian rule of apartheid to democratic South Africa which coincided with the transition from state led development to neoliberalism This book is an indispensable case study on the workings of industrial and political power in Africa and beyond Voices of Sharpeville Nancy L. Clark, William H. Worger, 2023-11-17 This is the first in depth study of Sharpeville the South African township that was the site of the infamous police massacre of March 21 1960 the event that prompted the United Nations to declare apartheid a crime against humanity Voices of Sharpeville brings to life the destruction of Sharpeville's predecessor Top Location and the careful planning of its isolated and carceral design by apartheid architects A unique set of eyewitness testimonies from Sharpeville s inhabitants reveals how they coped with apartheid and why they rose up to protest this system narrating this massacre for the first time in the words of the participants themselves Previously understood only through the iconic photos of fleeing protestors and dead bodies the timeline is reconstructed using an extensive archive of new documentary and oral sources including unused police records personal interviews with survivors and their families and maps and family photos By identifying nearly all the victims many omitted from earlier accounts the authors upend the official narrative of the massacre Amid worldwide struggles against racial discrimination and efforts to give voices to protestors and victims of state violence this book provides

a deeper understanding of this pivotal event for a newly engaged international audience **South Africa** T. Davenport,C. Saunders,2000-03-08 A survey of the whole of South African history from pre colonial times to 1999 suitable for serious students of the subject It handles all major topics with special focus on the dramatic changes that have occured since 1990

Religion and Politics in South Africa Abdulkader Tayob, Wolfram Weisse, Twentieth-Century South Africa Bill Freund, 2019 This unique history highlights South Africa's complex and dynamic attempt to build a developmental state an Historical Dictionary of South Africa Christopher Saunders, Peter Limb, 2020-12-15 As the attempt that ultimately faltered most influential and powerful country on the entire continent of Africa an understanding of South Africa's past and its present trends is crucial in appreciating where South Africans are going to and from where they have come South Africa changed dramatically in 1994 when apartheid was dismantled and it became a democratic state Since 2000 when the previous edition appeared further big changes occurred with the rise of new political leaders and of a new black middle class There were also serious problems in governance in public health and the economy but with a remarkable popular resilience too This third edition of Historical Dictionary of South Africa contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about South Africa The Rise of the Global Company Robert Fitzgerald, 2016-01-07 This is the first full account of how an influential form of commercial organization the multinational enterprise drove globalization and contributed to the making of the modern world Robert Fitzgerald explores the major role of multinational enterprises in the events of world history from the nineteenth century to the present revealing how the growth of businesses that operated across borders contributed to an unprecedented worldwide transformation and deepening interdependence between countries He demonstrates how international businesses shaped the economic development and competitiveness of nations their politics and sovereignty and the balance of power in international relations The Rise of the Global Company uses the lessons of history to question prominent contemporary interpretations of multinationals and their consequences and offers a truly wide ranging survey of multinational enterprise spanning two hundred years and five continents The International Journal of African Historical Studies ,1992 Cricket and Society in South Africa, 1910–1971 Bruce Murray, Richard Parry, Jonty Winch, 2018-09-01 This book explores how cricket in South Africa was shaped by society and society by cricket It demonstrates the centrality of cricket in the evolving relationship between culture sport and politics starting with South Africa as the beating heart of the imperial project and ending with the country as an international pariah The contributors explore the tensions between fragmentation and unity on and off the pitch in the context of the racist ideology of empire its arrested development and the reliance of South Africa on a racially based exploitative labour system This edited collection uncovers the hidden history of cricket society and empire in

defining a multiplicity of South African identities and recognises the achievements of forgotten players and their impact *The Reb and the Rebel* Carmel Schrire, Gwynne Schrire, 2016-08-16 There is a vast and varied literature on the formation of 19th century Jewish diasporic communities worldwide Now added to this are the previously unpublished autobiographical works of two members of the Schrire family which form the core of The Reb and the Rebel mainly covering the period 1892 1913 They comprise a diary a poem and a memoir The first two written by Reb Yehuda Leib Schrire 1851 1912 and translated from pre Ben Yehuda Hebrew into English chart his journey through a number of countries including Lithuania Holland England and South Africa The third is by his son Harry Nathan 1895 1980 The social history within these documents paints a lively picture of South African Jewish communities at the turn of the 20th century They reveal tiny details of shipboard life below deck major issues of religious belief and practice in Lithuanian shtetls Johannesburg goldfields and District Six homes and global issues of mass migration pandemics and war They show how community formation in Cape Town replicates the orthodoxy of der alte heym even as the new generation is integrated into a life undreamed of in the Old Country Analyses of the contexts and authors together with Appendices which include a genealogy glossary and catalogued artworks combine here to make the South African Jewish past come alive
