Sampan War:

Seascapes Jerry H. Bentley, Renate Bridenthal, Kären Wigen, 2007-04-30 Historians have only recently begun to chart the experiences of maritime regions in rich detail and penetrate the historical processes at work there *Seascapes* makes a major contribution to these efforts by bringing together original scholarship on historical issues arising from maritime regions around the world The essays presented here take a variety of approaches One group examines the material cultural and intellectual constructs that inform and explain historical experiences of maritime regions Another set discusses efforts some more successful than others to impose political and military control over maritime regions A third group focuses on issues of social history such as labor organization information flows and the development of political consciousness among subaltern populations The final essays deal with pirates and efforts to control them in Mediterranean Japanese and Atlantic waters

Coastal Warfare Against the Viet Cong Volume Two (1967) James Steffes, 2023-10-20 I was born and raised in St Cloud Minnesota joining the U S Navy at the age of seventeen It became my career of 26 years This book continues the story of Operation Market Time rewritten and published as Coastal Warfare Against the Viet Cong Volume One 1964 1966 Volume Two ended up as one year 1967 due to the rapid expansion of the war and Operation Market Time The next book in the series is Coastal Warfare Against the Viet Cong Volume Three 1968 This completes the story of Operation Market Time because by the end of 1968 the Coastline was well secured and it forced Ho Chi Minh to create and use the Ho Chi Minh trail and resulted in Game Warden forces moving upriver closer to the trails exit into South Vietnam Market Time forces took over the combat zones vacated by Game Warden This was a whole new type of warfare for PCF s Riverine Warfare not seen since the Civil War This Author was assigned initially to Da Nang in June 1968 so some of this story was experienced by this author firsthand The rest of the information comes from the COMNAVFORV monthly summaries which are declassified and now in Public Domain This was a significant part of the war not covered very much in the United States media but very important to the success of the Vietnam War effort

Unrestricted Warfare James F. DeRose, 2008-04-21 *Unrestricted Warfare* reveals the dramatic story of the harsh baptism by fire faced by U S submarine commanders in World War II The first skippers went to battle hamstrung by conservative peacetime training and plagued by defective torpedoes Drawing extensively from now declassified files Japanese archives and the testimony of surviving veterans James DeRose has written a fascinating account of the men and vessels responsible for the only successful submarine campaign of the war They clearly charted a new course to victory in the Pacific ADVANCE PRAISE FOR UNRESTRICTED WARFARE James DeRose has done an excellent job surprisingly so in view of his lack of true WWII submarine experience He obviously contacted everyone he could find who served on one of the three boats he concentrated on and he read as well everything he could find that was written about them DeRose shines by his interpretation of events as the Japanese must have seen them His reconstruction of how Wahoo came to her end may well be pretty close to correct He does the same with Tang CAPTAIN EDWARD L BEACH USN author of

Submarine and Run Silent Run Deep An outstanding addition to the literature of the Silent Service The depth of research is wonderful This is fine history that rivals Blair s Silent Victory PAUL CROZIER sitemaster Legends of the Deep www warfish com Web site on the USS Wahoo I knew all of the book s main characters quite well I am also completely familiar with submarine operations in the Pacific With that background I couldn t fail to thoroughly enjoy DeRose s book It is well written and has the right feel CHESTER W NIMITZ JR rear admiral USN Ret Sail with American submariners into tightly guarded Japanese home waters undergo the horror of a depth charge attack experience the thrill of victory with some of the U S Navy s ace submarine skippers All this and much more is contained in James F DeRose s compelling Unrestricted Warfare No one interested in the naval side of World War II should be without it NATHAN MILLER author of War at Sea A Naval History of World War II

International Handbook of Underwater Archaeology Carol V. Ruppe, Jane F. Barstad, 2013-11-11 Although underwater archaeology has assumed its rightful place as an important subdiscipline in the field the published literature has not kept pace with the rapid increase in the number of both prehistoric and historic underwater sites The editors have assembled an internationally distinguished roster of contributors to fill this gap In addition to both geographical and topical approaches the chapters also focus on technology law public and private institutional roles and goals and the research and development of future technologies and public programs River Warfare in Vietnam Robin L. Rielly, 2024-02-19 America's entrance into the wars in Vietnam came as a result of several factors Among them was the necessity of bolstering French influence in the area in the face of mounting communist expansion This expansion was intensified by the outbreak of the Korean War making it necessary for the United States to revamp its Southeast Asian policy During the French era control of Vietnam's rivers streams and canals became necessary This led various factions to develop specialized military units heavily dependent on new types of river craft that could traverse the myriad waterways in Vietnam The focal point of this study is a new assessment of the conduct of river warfare Drawing on little known French Vietnamese and American sources and materials it sheds light on an important aspect of the Vietnam War Chapters also detail numerous aspects of river warfare not generally covered in other books on the subject **Combat at Close Quarters: Warfare on the Rivers and Canals of Vietnam** Edward J.
