**A Language of Things** Devin P. Zuber,2020-01-01 Long overlooked the natural philosophy and theosophy of the Scandinavian scientist turned mystic Emanuel Swedenborg 1688 1772 made a surprising impact in America Thomas Jefferson while president was so impressed with the message of a Baltimore Swedenborgian minister that he invited him to address both houses of Congress But Swedenborgian thought also made its contribution to nineteenth century American literature particularly within the

aesthetics of American Transcendentalism Although various scholars have addressed how American Romanticism was affected by different currents of Continental thought and religious ideology surprisingly no book has yet described the specific ways that American Romantics made persistent recourse to Swedenborg for their respective projects to re-enchant nature In *A Language of Things* Devin Zuber offers a critical attempt to restore the fundamental role that religious experience could play in shaping nineteenth century American approaches to natural space By tracing the ways that Ralph Waldo Emerson John Muir and Sarah Orne Jewett among others variously responded to Swedenborg Zuber illuminates the complex dynamic that came to unfold between the religious the literary and the ecological *A Language of Things* situates this dynamic within some of the recent new materialisms of environmental thought showing how these earlier authors anticipate present concerns with the other than human in the Anthropocene

*Being Kipling* W. Dillingham, 2016-04-30 *Being Kipling* exposes Rudyard Kipling's identity as he himself perceived it through the lens of a collection of works composed over a period of years and brought together in the volume *Land and Sea Tales for Scouts and Guides* Dillingham uses this extraordinary collection ostensibly put together for the inspiration of Boy Scouts and Girl Guides and frequently ignored by critics and biographers to offer rare insight into formative events from Kipling's youth that shaped his personality and made him the man and writer that he became The eight stories eight poems and three essays of *Land and Sea Tales for Scouts and Guides* are all examined closely both for what they reveal about Kipling's life and worldview and for their rarely perceived but considerable literary merit

**Transcendentalism** Joel Myerson, 2000-12-14 The transcendentalist movement is generally recognized to be the first major watershed in American literary and intellectual history Pioneered by Emerson Thoreau Orestes Brownson Margaret Fuller and Bronson Alcott among others Transcendentalism provided a springboard for the first distinctly American forays into intellectual culture religion and religious reform philosophy literature ecology and spiritualism This new collection edited by eminent American literature scholar Joel Myerson is the first anthology of the period to appear in over fifty years *Transcendentalism A Reader* draws

together in their entirety the essential writings of the Transcendentalist group during its most active period 1836-1844. It includes the major publications of the Dial, the writings on democratic and social reform, the early poetry, nature writings, and all of Emerson's major essays as well as an informative introduction and annotations by Myerson. *Lydia Maria Child* Lydia Moland, 2024-05-31. Now in paperback, a compelling biography of Lydia Maria Child, one of nineteenth-century America's most courageous abolitionists. By 1830, Lydia Maria Child had established herself as something almost unheard of in the American nineteenth century: a beloved and self-sufficient female author. Best known today for the immortal poem "Over the River and through the Wood," Child had become famous at an early age for spunky self-help books and charming children's stories. But in 1833, Child shocked her readers by publishing a scathing book-length argument against slavery in the United States, a book so radical in its commitment to abolition that friends abandoned her, patrons ostracized her, and her book sales plummeted. Yet Child soon drew untold numbers to the abolitionist cause, becoming one of the foremost authors and activists of her generation. *Lydia Maria Child: A Radical American Life* tells the story of what brought Child to this moment and the extraordinary life she lived in response. Through Child's example, philosopher Lydia Moland asks questions as pressing and personal in our time as they were in Child's: What does it mean to change your life when the moral future of your country is at stake? When confronted by sanctioned evil and systematic injustice, how should a citizen live? Child's lifetime of bravery, conviction, humility, and determination provides a wealth of spirited guidance for political engagement today. **The American Renaissance in New England** Wesley T. Mott, 2001. Contains biographical sketches of authors who wrote or began publishing their major works during the American Renaissance in New England between 1830 and 1860. Wide scope of authors includes novelists, poets, essayists, editors, humorists, translators, compilers, journalists, reformers, abolitionists, scientists, lexicographers; special attention is given to the Transcendental authors headed by Emerson and Thoreau. **American Literary Scholarship**, 1965. *The Code of Concord* Anders Hallengren, 1994. **Reason Papers**, 1997. **Studies in the American Renaissance**, 1995. Books In Print 2004-2005 Ed. Bowker Staff, Staff Bowker, Ed., 2004. □□□□□□□□, 2007. **Culture of Eloquence** James Perrin Warren, 2010-11-01. **The Spiritual Kingdom in America** Richard Silver, 1983.
