From Every Stormy Wind That Blows S. Jonathan Bass, 2024-02-21 Founded in 1841 in Marion Alabama Howard College provided a Christian liberal arts education for young men living along the old southwestern frontier The founders named the school after eighteenth century British reformer John Howard whose words and deeds inspired the type of enlightened moral agent and virtuous Christian citizen the institution hoped to produce In From Every Stormy Wind That Blows S Jonathan Bass provides a comprehensive history of Howard College which in 1965 changed its name to Samford University According to Bass the idea of Howard College emanated from its founders firm commitment to orthodox Protestantism the tenets of Scottish philosophy the British Enlightenment's emphasis on virtue and the moral reforms of the age From the Old South through the Civil War and Reconstruction to the New South Howard College adapted to new conditions while continuing to teach the necessary ingredients to transform young southern men into useful and enlightened Christian citizens Throughout its history Howard College faced challenges both within and without As with other institutions in the South slavery played a central role in its founding with most of the college's principal benefactors organizers and board of trustees earning financial

gains from enslaved labor The Civil War swept away the college's large endowment and growing student enrollment and the school never regained a solid financial footing during the subsequent decades barely surviving bankruptcy and public auction In 1887 with the continued decline of southern agriculture Howard College moved to a new campus on the outskirts of Birmingham where its president Rev Benjamin Franklin Riley a well known New South economic booster fought to restore the college's financial health Despite his best efforts Howard struggled economically until local bankers offered enough assistance to allow the institution to enter the twentieth century with a measure of financial stability The challenges and changes wrought by the years transformed Howard College irrevocably While the original idea of the school endured through its classical curriculum by the 1920s the school had all but lost its connections to John Howard and its founding principles From Every Stormy Wind That Blows is a fascinating look into this storied institution s history and Samford University s origins Insights into Senior Foreign Language Education Marek Derenowski, 2021-08-25 This book examines the unique characteristics of teaching foreign languages to senior learners It discusses the potential age related barriers and learning difficulties which may be encountered in senior foreign language education as well as solutions to overcome these challenges The author describes the processes of human aging from different perspectives and introduces the concept of lifelong learning The book proposes classroom practices activities and materials that may be adopted when working with senior learners which will prove useful to teachers and teacher trainers as well as to educational policymakers and planners Furthermore it describes potential modifications to educational programmes that may be introduced in order to eliminate affective barriers making the learning material relevant and motivating and encouraging the use of adult learning strategies
