The People's Bible: Judges VI-I Samuel XVIII Joseph Parker, 1887 Eerdmans Commentary on the Bible: First and Second Samuel Graeme Auld, 2019-06-18 This extract from the Eerdmans Commentary on the Bible provides Auld's introduction to and concise commentary on First and Second Samuel. The Eerdmans Commentary on the Bible presents in nontechnical language the best of modern scholarship on each book of the Bible including the Apocrypha. Reader friendly commentary complements succinct summaries of each section of the text and will be valuable to scholars, students and general readers. Rather than attempt a verse by verse analysis, these volumes work from larger sense units highlighting the place of each passage within the overarching biblical story. Commentators focus on the genre of each text: parable, prophetic oracle, legal code and so on, interpreting within the historical and literary context. The volumes also address major issues within each biblical book including the range of possible interpretations and refer readers to the best resources for further discussions.

A Thesaurus of the Best Theological, Historical, and Biographical Literature Cyrus F. Tibbals, 1891 South Asia Bible Commentary Zondervan, 2015-10-06 A one volume commentary written and edited by South Asian Biblical scholars on all the books of the Bible. For the purposes of this commentary, South Asia was defined as the SAARC countries, namely India, Sri Lanka, Nepal, Bangladesh, Pakistan, Bhutan and the Maldives. The contributing scholars from these countries, addressing these countries' specific concerns, have adopted the following key principles:

- Integrity: Articles are written within the confines of the Lausanne Covenant and all contributions are in line with and support the confessional direction of the Lausanne Covenant Interpretation.
- The commentary offers readers a contextual and readable guide interpreting the biblical text section by section rather than delving too deeply into critical and exegetical details.
- South Asian: All authors are scholars writing from within their own contexts for the people of South Asia.
- The focus of this commentary is three fold: exegetical, contextual and applied.
- Articles explain the meaning of the text, relate that meaning to the context and apply it to wider life and ministry.
- Understanding what the Bible teaches book by book.

The following features are specifically designed to help you as you study each book of the Bible:

- Introduction to each book sketches the context and main themes of the book and its relevance to South Asia.
- Outline shows the structure of the book and can help to identify preaching topics.
- Subheadings break the book up into manageable portions.
- Bold references highlight verses being discussed and help you find your place quickly.
- Italics identify quoted verses being discussed at that point in the commentary.
- Applications are built into the text in many places.

Further reading: each of the authors suggest other commentaries you could consult.

Franklin Paschall, Herschel H. Hobbs, 1972-05-01 The Teacher's Bible Commentary has been one of the widely used reference tools for Sunday School Teachers for over 25 years From the ideal stage the commentary was designed to meet the week to week needs of men and women who have the awesome responsibility of leading others in the study of God's word **The Classic Bible Commentary** Owen Collins, 1999 *An Essential Collection of History's Finest Commentaries in One Volume* **Saul, Doeg, Nabal, and the "Son of Jesse"** Joseph Lozovyy, 2009-01-01 This work examines some of the stories in 1 Sam 16 25 with the particular focus placed on Saul Doeg Nabal and the son of Jesse It seeks to discover new meaning in the structure as well as in the characters functions in the narratives by studying the stories synchronically and diachronically One of the mysterious characters in 1 Samuel that has puzzled many a scholar is Nabal the Calebite This study scrutinizes the elements of his characterization in 1 Sam 25 and considers his abuses of the son of Jesse the contextual role of the geographic setting and political environment during King Saul's reign Similarly this volume studies the function of the character of Doeg the Edomite in 1 Sam 21 and 22 regarding his Edomite origin his particular business in Nob and his official status in Saul's court The phrase the son of Jesse is quite important in 1 Samuel and serves a particular purpose in the thematic development in the second half of the book Viewed against the background of the Saul David relationship it underscores the superiority of the Davidic person in advancing the divine plan for the nation of Israel The determination of the book's historical context is the key to understanding the multilayered messages The roles of history and ideology in making these stories are also considered with the proposal that the making of the book's of Samuel after the Exile 5th c B C might have been instigated by the writer's desire to create the

context needed for further development of the messianic ideas
