Mexican Folk Retablos Gloria Fraser Giffords, 1992 The first part of the book is given to an analysis of folk retablo painting The second part concentrates on iconography and on why certain images of Christ Mary and the saints were venerated The third part examines ex votos small images painted to commemorate the donor's gratitude for a favor *The Cambridge Handbook for the Anthropology of Gender and Sexuality* Cecilia McCallum, Silvia Posocco, Martin

Fotta, 2023-10-19 The tense but enduring engagement between anthropology and gender and sexuality studies has had profound effects upon anthropological theory and practice Bringing together contributions from an international team of authors this Handbook shows that anthropological work has taken inspiration from feminist and LGBTQI movements to create a transformative body of research It provides an accessible state of the art overview of the anthropology of gender and sexuality whilst also documenting its historical emergence highlighting the varied impact gender and sexuality studies have had on anthropological theory It is split into five parts with each chapter introducing a contemporary anthropological theory through in depth ethnographical discussion It features intersectional black and indigenous authors providing a forum for established and emerging voices to gesture towards futures of anthropology of gender and sexuality Authoritative and cutting edge it is essential reading for researchers and students in anthropology and will set the agenda for future research in the field

Beyond Therapeutic Culture in Latin America Piroška Csúri, Mariano Ben Plotkin, Nicolás Viotti, 2022-11-30 By focusing on quantitative and qualitative research in Rio de Janeiro and Buenos Aires this book expands on the notion of therapeutic culture Usually considered a global phenomenon disseminated from North to South and associated to modern forms of psychologized subjectivity therapeutic culture has become a key notion to understanding contemporary culture However this path breaking research grounded in a bottom up perspective that follows specific therapeutic narratives shows that the concept of the therapeutic should be extended to encompass a diversity of practices both secular and religious modern and traditional that are deemed as therapeutic by the actors involved although they are overlooked as such by most of the current literature Pentecostal and Afro Brazilian religions as well as New Age practices coexist and interact with conventional therapeutic techniques such as Psychoanalysis conforming complex and hybrid therapeutic networks associated

to different also hybrid forms of subjectivity Although the book draws upon two cases from the Global South its theoretical conclusions are applicable to the analysis of the realm of the therapeutic at large The book is aimed at university students both graduate and undergraduate and at the general public interested in the notion of the therapeutic and specifically in Latin American culture *¿Qué Siente uno Cuando Es MéDium/Espiritualista? / How One Feels As a Medium-Spiritualist?* Rainoa Serrano,2012-05 Al escribir este contenido de mi libro C mo me siento siendo m dium espiritista Sent la necesidad de llevar este mensaje que eh podido vivir visiones y de nacer con la cruz en la frente llevando un camino dif cil cuando apenas cumpl a 5 a os de edad Deseo que al leer de estas p ginas los lectores de una forma sana puedan entender e interpretar lo que eh podido sentir y vivir recibiendo visiones extra as y tratando de controlarlas Espero aprendas y te ilumines con lo desconocido que de esta lectura recibas el conocimiento espiritual *Inter-America* ,1919 Consists of English translations of articles in the Spanish American press **Engineering and Mining Journal** ,1916 *Mines of Chihuahua*, 1907 Jorge Griggs,1907 *Amuletos, Esencias Y Sahumerios Para El Hogar* Abu D. persistent challenges to this myth Through fieldwork at the Dominican Haitian border she gives a firsthand look at how Dominicans are resisting the official account of their national identity and instead embracing the African influence that has always been part of their cultural heritage Building on the work of theorists ranging from Edward Said to douard Glissant this book expands our understanding of how national and racial imaginaries develop why they persist and how they might be subverted As it confronts Hispaniola s dark legacies of slavery and colonial oppression The Dominican Racial Imaginary also delivers an inspiring message on how multicultural communities might cooperate to disrupt the enduring power of white supremacy

Clemente David Maraniss, 2013-03-26 Discover the remarkable life of Roberto Clemente one of the most accomplished and beloved baseball heroes of his generation from Pulitzer Prize winner David Maraniss On New Year s Eve 1972 following eighteen magnificent seasons in the major leagues Roberto Clemente died a hero s death killed in a plane crash as he attempted to deliver food and medical supplies to Nicaragua after a devastating earthquake David Maraniss now brings the great baseball player brilliantly back to life in Clemente The Passion and Grace of Baseball s Last Hero a book destined to become a modern classic Much like his acclaimed biography of Vince Lombardi When Pride Still Mattered Maraniss uses his narrative sweep and meticulous detail to capture the myth and a real man Anyone who saw Clemente as he played with a beautiful fury will never forget him He was a work of art in a game too often defined by statistics During his career with the Pittsburgh Pirates he won four batting titles and led his team to championships in 1960 and 1971 getting a hit in all fourteen World Series games in which he played His career ended with three thousand hits the magical three thousandth coming in his final at bat and he and the immortal Lou Gehrig are the only players to have the five year waiting period waived so they could be enshrined in the Hall of Fame immediately after their deaths There is delightful baseball here including thrilling accounts of the two World Series victories of Clemente s underdog Pittsburgh Pirates but this is far more than just another baseball book Roberto Clemente was that rare athlete who rose above sports to become a symbol of larger themes Born near the canebrakes of rural Carolina Puerto Rico on August 18 1934

at a time when there were no blacks or Puerto Ricans playing organized ball in the United States Clemente went on to become the greatest Latino player in the major leagues He was in a sense the Jackie Robinson of the Spanish speaking world a ballplayer of determination grace and dignity who paved the way and set the highest standard for waves of Latino players who followed in later generations and who now dominate the game The Clemente that Maraniss evokes was an idiosyncratic character who unlike so many modern athletes insisted that his responsibilities extended beyond the playing field In his final years his motto was that if you have a chance to help others and fail to do so you are wasting your time on this earth Here in the final chapters after capturing Clemente's life and times Maraniss retraces his final days from the earthquake to the accident using newly uncovered documents to reveal the corruption and negligence that led the unwitting hero on a mission of mercy toward his untimely death as an uninspected overloaded plane plunged into the sea
