William Harman Black, 1915 *The Inner History of the Balkan War* Sir Reginald Rankin, 1914 The Mysteries of All Nations James Grant, Mythology days and weeks miracles poets and superstition monarchs priests and philosophers druids demonology magic and astrology divination signs omens and warnings amulets and charms trials by ordeal curses and evil wishes dreams and visions superstition in the nineteenth century **A Handbook for Travellers in Southern Italy** John Murray, 1862 **A Handbook for Travellers in Southern Italy** John Murray (Firm), 1862 *Novels [of George Eliot]* George Eliot, 1870 Music and Musicians in 16th-Century Florence Frank A. D'Accone, 2023-05-31 This second selection of studies by Frank D Accone again based principally on the documentary evidence follows the development through the mid 16th century of musical chapels at the Cathedral and the Baptistery of Florence and of musical establishments at the Santissima Annunziata and San Lorenzo The lives careers and works of composers associated with these churches are illustrated and their works analyzed particularly the theoretical treatise by Fra Mauro the madrigals of Mauro Matti and the ambitiously conceived canzone cycle of Mattia Rampollini The final studies moving into the 17th century look at the music for Holy Week and the unprecedented programme of performances at Santa Maria Novella Florence and Its Church in the Age of Dante George W. Dameron, 2013-05-27 By the early fourteenth century the city of Florence had emerged as an economic power in Tuscany surpassing even Siena which had previously been the banking center of the region In the space of fifty years during the lifetime of Dante Alighieri 1265 1321 Florence had transformed itself from a political and economic backwater scarcely keeping pace with its Tuscan neighbors to one of the richest and most influential places on the continent

While many historians have focused on the role of the city's bankers and merchants in achieving these rapid transformations in Florence and Its Church in the Age of Dante George W Dameron emphasizes the place of ecclesiastical institutions communities and religious traditions While by no means the only factors to explain Florentine ascension no account of this period is complete without considering the contributions of the institutional church In Florence economic realities and spiritual yearnings intersected in mysterious ways A busy grain market on a site where a church once stood for instance remained a sacred place where many gathered to sing and pray before a painted image of the Virgin Mary as well as to conduct business At the same time religious communities contributed directly to the economic development of the diocese in the areas of food production fiscal affairs and urban development while they also provided institutional leadership and spiritual guidance during a time of profound uncertainty Addressing such issues as systems of patronage and jurisdictional rights Dameron portrays the working of the rural and urban church in all of its complexity Florence and Its Church in the Age of Dante fills a major gap in scholarship and will be of particular interest to medievalists church historians and Italianists
