## **Sang Mele:**

The Crisis, 1937-10 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens Thematics Claude Bremond, Joshua Landy, Thomas G. Pavel, 1995-01-01 The contributors of international reputation include Jean Yves Bosseur Claude Bremond Menachem Brinker Peter Cryle Lubomir Dolezel Francoise Escal Thomas Pavel Shlomith Rimmon Kenan Georges Roque Jean Marie Schaeffer Cesare Segre and Werner Sollars In the theoretical section the authors assess the need for new thematics relate thematics to structural analysis and interpretation and sketch a history of the discipline **Master of the Crossroads** Madison Smartt Bell, 2007-12-18 Continuing his epic trilogy of the Haitian slave uprising Madison Smartt Bell's Master of the Crossroads delivers a stunning portrayal of Toussaint Louverture former slave military genius and liberator of Haiti and his struggle against the great European powers to free his people in the only successful slave revolution in history At the outset Toussaint is a second tier general in the Spanish army which is supporting the rebel slaves fight against the French But when Toussaint is betrayed by his former allies and the commanders of the Spanish army he reunites his army with the French wresting vital territories and manpower from Spanish control With his army one among several factions Toussaint eventually rises as the ultimate victor as he wards off his enemies to take control of the French colony and establish a new constitution Bell's grand multifaceted novel shows a nation splintered by actions and in the throes of chaos carried to liberation and justice through the undaunted tenacity of one incredible visionary **The Answerer** Grant Martin Overton, 1921 Tree of Liberty Doris Lorraine Garraway, 2008 On January 1 1804 Jean Jacques Dessalines declared the independence of Haiti thus bringing to an end the only successful slave revolution in history and transforming the colony of Saint Domingue into the second independent state in the Western Hemisphere The historical significance of the Haitian Revolution has been addressed by numerous scholars but the importance of the Revolution as a cultural and political phenomenon has only begun to be explored Although the path breaking work of Michel Rolph Trouillot and Sibylle Fischer has illustrated the profound silences surrounding the Haitian Revolution in Western historiography and in Caribbean cultural production in the aftermath of the Revolution contributors to this volume argue that while suppressed and disavowed in some quarters the Haitian Revolution nonetheless had an enduring cultural and political impact particularly on peoples and communities that have been marginalized in the historical record and absent from the discourses of Western historiography Tree of Liberty interrogates the literary historical and political discourses that the Revolution produced and inspired across time and space and across national and linguistic boundaries In so doing it seeks to initiate a far reaching discussion of the

Revolution as a cultural and political phenomenon that shaped ideas about the Enlightenment freedom postcolonialism and race in the modern Atlantic world Contributors A James Arnold University of Virginia Chris Bongie Queen s University Paul Breslin Northwestern University Ada Ferrer New York University Doris L Garraway Northwestern University E Anthony Hurley SUNY Stony Brook Deborah Jenson University of Wisconsin Madison Jean Jonassaint Syracuse University Valerie Kaussen University of Missouri Ifeoma C K Nwankwo Vanderbilt University
