Sanibel Flats Randy Wayne White,2014-05-10 Sanibel Flats serves as the thrilling introduction to Florida marine biologist and former secret operative Doc Ford Sanibel Flats Randy Wayne White,2005-11 Its cool gulf breezes lured him from a life of danger Its dark undercurrents threatened to destroy him After ten years of living life on the edge it was hard for Doc Ford to get that addiction to danger out of his system But spending each day watching the sun melt into Dinkins Bay and the moon rise over the mangrove trees cooking dinner for his beautiful neighbor and dispensing advice to the locals over a cold beer lulled him into letting his guard down Then Rafe Hollins appeared How could he refuse his old friend s request even if it would put him back on the firing line Even if it would change forever the life he d built here on Sanibel Island

friends doesn't know is that their secret pasts make it impossible for them to seek help from the law. There is an assassin on the loose and it is up to Doc and Tomlinson to find a killer before the grisly job is done. **Black Widow** Randy Wayne White, 2008. Entreated by his goddaughter to help pay off a blackmailer who videotaped her bachelorette party and then threatened to expose her debauchery, Doc Ford reluctantly agrees and then finds himself in danger when the extortionist releases the tape anyway, prompting a bridesmaid's suicide and a dangerous vengeance plot. 125,000 first printing. **Night Vision** Randy Wayne White, 2012-01-31. Doc Ford is on a collision course with death in this extraordinary New York Times bestseller from Randy Wayne White. The Red Citrus trailer park is inhabited mostly by illegal laborers. But the steroid-powered park manager and his grotesquely muscular girlfriend figure that selling the park to developers would be easy money and they're ready to do whatever it takes to drive the residents out. The problem is a young girl who the laborers believe talks to God. The manager doesn't know if she's valuable or a liability. But when the girl witnesses him dumping a corpse into a lake, there is one thing he knows for certain: He's got to shut her up permanently. The girl's only hope for survival: marine biologist Doc Ford, who must search through an underground invisible nation and hope he reaches her in time. **Haunted** Randy Wayne White, 2015-08-04. The New York Times bestselling series starring Hannah Smith continues with this electrifying new thriller from the author of the Doc Ford novels. The house is historic, some say haunted. It is also slated to be razed and replaced by condos unless Hannah Smith can do something about it. She's been hired by a wealthy Palm Beach widow to prove that the house's seller didn't disclose everything he knew about the place when he unloaded it, including its role in a bloody Civil War skirmish in which two of Hannah's own distant relations had had a part, as well as the suicides or possibly murders of two previous owners. Hannah sees it as a win-win opportunity. She can stop the condo project while tracking her family history. She doesn't believe in ghosts. But some dangers are real. And the most deadly of all may be human obsession. **Dead of Night** Randy Wayne White, 2006-03-07. New York Times bestselling author Randy Wayne White spins another terrific Florida tale in this thriller of bio-terror and extreme revenge. It starts with a simple request: check up on the mysteriously reclusive biologist brother of an old friend. But what Doc Ford stumbles upon in the doctor's secluded island home is a nightmare. He has hanged himself and his body is host to a rare strain of feeding-breathing parasites. It's not an accident. Neither is the fact that the flesh-eaters are multiplying in the infested Florida waters. A biological catastrophe has arrived. And only Doc Ford can find out why and stop it from spreading further. **Bone Deep** Randy Wayne White, 2015-02-03. When a Crow Indian acquaintance of Tomlinson's asks him to help recover relics stolen from his tribe, Doc Ford is happy to tag along, but neither Doc nor Tomlinson realize what they've let themselves in for. Their search takes them to the part of Central Florida known as Bone Valley, famous primarily for two things: a ruthless subculture of black marketers who trade in illegal artifacts and fossils, and a multibillion-dollar phosphate industry whose strip mines compromise the very ground they walk on. Neither enterprise tolerates nosy outsiders. For each public exposure equals big financial losses, and in a

region built on a million year accumulation of bones there is no shortage of spots in which to hide a corpse Or two
