The Abortion Bible Michael Lee, 2023-09-22 This book is an insightful four part story that begins with how America arrived at our current divide over the contentious issue of abortion and the turbulence that has rolled across America for generations It touches upon faith religion law the clergy and the conflict over sex and female coercion The second theme is an ongoing defense of women and their challenges in the shadow of past and present patriarchy It powerfully depicts the amazing progress and revolutionary changes over the past century by women It is about their desired goal to demand respect opportunity fairness and free agency The third theme is a clarion call to do more for babies and children without voice choice agency or voting power It vividly demonstrates a lack of support for many innocent children in struggling or dysfunctional homes The fourth theme is a crystal ball look into what may come next A concise epilogue crystallizes where America stands

New Ritual Society Gianpiero Vincenzo, 2018-07-27 Consumerism has established itself as a dominant lifestyle but the reasons behind this are often unclear This study revisits a large amount of diverse research and argues that consumerism is a powerful ritual machine that can make up for the modern lack of values with new symbols and rituals Consumerism made its claim between the end of the 19th and the beginning of the 20th century when the traditional symbolic world had ended and a new one had not yet emerged Slowly but progressively consumerism begun to develop new symbolic forms and new social rituals becoming the basis for new mimetic behaviours As nationalism has progressively declined consumerism has permeated the entire social fabric Supermarkets and shopping malls must be interpreted in the light of their ritual significance as temples and holy cities of a new symbolic order In the consumeristic era many people are led to think and imagine in consumer terms to identify themselves through consumption rituals The impact of consumerism on culture from literature to art should not be underestimated Many artists have tried to develop their aesthetics by triggering a dialectical or openly critical confrontation with consumerism This book also takes into account the development of violence and the effects of consumerism on childhood and new generations The book contains a preface by the German anthropologist Christoph Wulf and the images illustrating the text are by Belgian artist Michel Couturier

Slack, 2017-09-08 This book focuses on the relationship between public morality and personal action in the American political community It emphasizes the responsibilities of citizens and government to find and confirm truth looking to specific sources religious scripture and empirical events Recognizing that we have a natural preference for distraction and distance from both sources of truth Slack uses qualitative open ended interviews and direct observation to uncover the intimate consequences of life taking in open societies Abortion and murder capital punishment are instances in which there is a sequence of events that result in life taking The act of murder denies the sanctity of life of someone else Abortion and capital punishment also deny the sanctity of the lives of others The intimacy of life taking is not typically acknowledged or remains hidden This makes it difficult to assess the consequences for victims survivors and the political community as a whole As a result there is only a tenuous link between public actions that question the sanctity of human life and the moral compass professed by the American democracy The volume presumes a theocentric foundation envisioned by the American Founders It explores the model's first source of truth biblical scripture as it applies to the public actions of murder abortion and capital punishment Then it investigates the intimate reality of these acts These realities are examined in a variety of settings resulting in a mosaic pattern of public action about capital punishment and abortion Slack underscores the importance of government's role of providing outward justice as well as the citizen's responsibility to be supportive of government tasks in order to reconcile the reality of life taking with the moral compass professed in the American political community **The New York Drama**, 1876 **AND THEY CALLED ME UNCLE TOM** Herman P. Wiggins, Jr, 2005-03-30 This is a cop story Not just A Cop Story but a cop story with a new twist Written in the first person It's 1969 our hero just out of the jungles of Vietnam returns home to a busted marriage and a world turned up side down He's in his late 20s ten years in the Marines Recon Navy Seal Delta and nearly four years in combat Wears the Bronze Star for valor both the Army and the Navy Commendation and a chest full of medals he's forgotten what they are for Oh yes we can't forget his four Purple Hearts! He was captured by the NVA imprisoned escaped and lived with the animals in the jungles before being repatriated This guy was a real RAMBO that is until something clicked in him after the last Purple Heart which nearly

scrambled his brain Disillusioned about the US s involvement in Vietnam and assigned to another unit headed back in country in ninety days our hero Herman jumps from the frying pan to the fire He gets out of the Corps and becomes a cop He has these super grandeurs of him returning to the street he became a man on and being welcomed home by his people But it didn t happen that way They called him Uncle Tom At this point I take the reader through the day by day life of a black cop on the streets of San Diego Through the Police Academy a staged firing to the bowls of the city as an undercover cop No badge no gun super deep living in the streets and becoming a part of the street scene It was like being in the jungles again But he stumbles on to some deep dog doo doo Ignoring the warnings to back off Herman steps on a lot of big toes Heads rolls heads from City Hall to County Hall and every hall in between Herman goes to become a hero in the city Climbing the ladder of success he takes top detective of the year twice But the fallen powers of yester day were not sleeping This is a book where the good guy loses This is a book about the real world Where the power of the system is the god Where you play the game as you are instructed or get off the feel Our hero was too much of a boy scout Too much of an idealist And Uncle Toms goes to prison The bad guys win I show the readers Herman s roller coaster life the sounds and smell of the street like never experienced before Vietnam flashbacks show his most vulnerable side the women in his life show his softness PS The sequel UNCLE TOM S HANGING TREE How our hero survives prison locked up in a population he supplied **The New York**
