Santanoni Robert Engel,Howard Kirschenbaum,Paul Malo,2000-04 *Santanoni* Robert Engel,Howard

Kirschenbaum,Paul Malo,2000 When sixteen year old Hope and her aunt move from Brooklyn to Wisconsin to work as waitress and cook in the Welcome Stairways diner they become involved with the diner owner s political campaign to oust the town s corrupt mayor **In the Adirondacks** Matt Dallos,2023-03-28 An immersive journey into the past present and future of a region many consider the Northeast s wilderness backyard Out of all the rural areas of the United States including those in the West which are bigger and propped up by more pervasive myths about adventure and nation and wilderness and freedom the Adirondacks has accumulated a well known identity beyond its boundaries Untouched unspoiled it is defined by what we haven t done to it Combining author Matt Dallos s personal observations with his thorough research of primary and secondary documents In the Adirondacks rambles through the region to understand its significance within American culture and what lessons it might offer us for how we think about the environment In vivid prose Dallos digs through the region s past and present to excavate a series of compelling stories and places a moose named Harold a hot dog mogul s rustic mansion an ecological restoration on an alpine summit a hermit who demanded a helicopter ride and a millionaire who dressed up as a Native American to rob a stagecoach Along the way Dallos listens to locals and tourists visits wilderness areas and souvenir shops and digs through archives in museums and libraries In the Adirondacks blends lively history and immersive travel writing to explore the Adirondacks that captivated Dallos s childhood imagination while presenting a compelling and entertaining story about America s largest park outside of Alaska The result is an inquisitive journey through the region s bogs and lakes and boreal forests and the lives of residents and tourists Dallos turned toward the region to understand why he couldn t shake it from his mind What he learned is that he s not the only one In the Adirondacks explores the history and future of the most complicated contested park in North America raising important questions about the role of environmental preservation and the great outdoors in American history and culture **A Wild Idea** Brad

Edmondson,2021-05-15 A Wild Idea shares the complete story of the difficult birth of the Adirondack Park Agency APA The Adirondack region of New York s rural North Country forms the nation s largest State Park with a territory as large as Vermont Planning experts view the APA as a triumph of sustainability that balances human activity with the preservation of wild ecosystems The truth isn t as pretty The story of the APA told here for the first time is a complex troubled tale of political dueling and communities pushed to the brink of violence The North Country s environmental movement started among a small group of hunters and hikers rose on a huge wave of public concern about pollution that crested in the early 1970s and overcame multiple obstacles to save the Adirondacks Edmondson shows how the movement s leaders persuaded a powerful Governor to recruit planners naturalists and advisors and assign a task that had never been attempted before The team and the politicians who supported them worked around the clock to draft two visionary land use plans and turn them

into law But they also made mistakes and their strict regulations were met with determined opposition from local landowners who insisted that private property is private A Wild Idea is based on in depth interviews with five dozen insiders who are central to the story Their observations contain many surprising and shocking revelations This is a rich exciting narrative about state power and how it was imposed on rural residents It shows how the Adirondacks were saved and also why that campaign sparked a passionate rebellion

The Black Woods Amy Godine,2023-11-15 Winner of the Charles A Weyerhaeuser Forest History Society Book Award The Black Woods chronicles the history of Black pioneers in New York s northern wilderness From the late 1840s to the 1860s they migrated to the Adirondacks to build the farms that helped them meet a 250 property requirement imposed on Black New York voters in 1821 Abolitionist Gerrit Smith gifted 120 000 acres to 3 000 landless Black New Yorkers with the support of Frederick Douglass John Brown and other abolitionists His prescient plan enacted affirmative action and distributive justice But when most of his grantees did not move north Smith s interest cooled He would not visit Timbuctoo Freeman s Home or Blacksville The settlers were on their own In The Black Woods Godine revives this history with stirring stories of frontier life and racial justice She puts the vote seeking Black pioneers at the heart of the Adirondack narrative At long last their shaping role has been reclaimed *Adirondack Life* ,2001

Contested Terrain Philip G. Terrie,2008-06-27 Contested Terrain explores the competing understandings of how best to manage this spectacular natural resource Terrie introduces the key players and events that have shaped the region and its use from early settlers and loggers to preservationists year round residents and developers This new edition includes a comprehensive account of the Pataki years an era of stunning conservation triumphs combined with unprecedented pressures on the region s ecological integrity

Adirondack Camps Craig A. Gilborn,2000 A comprehensive social and architectural history of camps in the Adirondacks from primitive bark shanties and cabins of trappers loggers and guides to the great camps where the rich played at roughing it in the company of servants and personal guides Cultural Landscapes Richard W. Longstreth,2008 Preservation has traditionally focused on saving prominent buildings of historical or architectural significance Preserving cultural landscapes the combined fabric of the natural and man made environments is a relatively new and often misunderstood idea among preservationists but it is of increasing importance The essays collected in this volume case studies that include the Little Tokyo neighborhood in Los Angeles the Cross Bronx Expressway and a rural island in Puget Sound underscore how this approach can be fruitfully applied Together they make clear that a cultural landscape perspective can be an essential underpinning for all historic preservation projects Contributors Susan Calafate Boyle National Park Service Susan Buggie U of Montreal Michael Caratzas Landmarks Preservation Commission NYC Courtney P Fint West Virginia Historic Preservation Office Heidi Hohmann Iowa State U Hillary Jenks USC Randall Mason U Penn Robert Z Melnick U of Oregon Nora Mitchell National Park Service Julie Riesenweber U of Kentucky Nancy Rottle U of Washington Bonnie Stepenoff Southeast Missouri State U Richard Longstreth is professor of American civilization and

 Engel,1996 **ADIRONDACK CAMP LIFE** Steven Rother,2020-11-23 This book is a series of real life short stories of the
 author s life experiences in the high peaks region of the New York state Adirondacks Although Steve Rother is and has been
 a practicing attorney in New Jersey he has had deep roots in the Adirondacks from early childhood through his 80th year of
 life Those experiences began in 1948 long before the Adirondacks became easily accessible by interstate highways The
 experiences became lifelong when his immigrant father who earlier traveled from New York City to the high peaks by hitch
 hiking purchased a camp These short stories relate how his experiences in the Adirondacks under the influence of his parents
 and Adirondack natives have influenced his identity 00922945 2 **Adventures in the Wilderness** William Henry Harrison
