Johnstone,2017-01-06 About a year ago I came to the conclusion that none of my children or grandchildren knew much about my life and what I had done with it so I decided to write an autobiography of my life from 1938 when I was born until 1975 when I retired from the navy I didnt know anything about writing a book and still dont but I have always had the knack of making my brain remember things that happened long ago I have probably violated every rule of good book writing known to man But I will chock it up to inexperience also I wanted to write it as though I was talking to you face to face I took the name of my book from the slang words used by sailors to describe the stories told among each other for some two hundred years I tried very hard to not bring dishonor to the navy my family or myself **Bold Sea Stories** Marlin Bree,2020-03-13 Who

doesn t love a good sea story Award winning newspaperman Marlin Bree crafts his true tales about the legends and the lore of the world s wickedest waters from the North Atlantic to the South Pacific as well as upon and in the dark depths of the world s biggest inland ocean Lake Superior Here are 21 rousing stories of notorious storms shipwrecks and courageous crews fighting incredible challenges and usually winning This is nonfiction at its award winning best full bodied tales crafted with a quick pace a bold narrative and an inspiring conclusion as well as now and then no dry eyes All stories are true with real people real boats real events They resonate in your heart **The Archeologist and Selected Sea Stories** Andreas

Karkavitsas,2021-12-14 Translated into English for the first time The Archeologist is a landmark of Greek national literature and an important document in the history of archeology and classicism Published for the bicentennial year of the outbreak of the Greek War of Independence A Penguin Classic The year 2021 marks the bicentennial of the outbreak of the Greek War of Independence This historical milestone provides the impetus for a new period of intensified reflection on the past present and future of Greece especially in light of recent financial and humanitarian challenges the country has found itself facing the debt crisis that began in the last days of 2009 and the migration crisis five years later These crises had already stirred renewed and often animated debate about Greek national identity especially in relation to Europe and the legacy of classical antiquity remains central to how that relationship is imagined Where does Greece fit into the modern world and what role if any should its celebrated and idealized antiquity play in the country s national identity More than a century ago Karkavitsas s The Archeologist 1904 helped to articulate and frame these kinds of questions The work is an allegory of Greek nationalism that is stylized as a folktale about Aristodemus and Dimitrakis Eumorphopoulos two brothers and descendants of the illustrious Eumorphopoulos line For centuries the family had been persecuted by the Khan family but when the Khan dynasty starts to topple the Eumorphopoulos family resolves to regain their ancestral lands and restore their line s ancient glory Yet the two brothers disagree about the best path forward into the future Aristodemus insists to the point of mania that they must look only to the ancient past to the family s ancient language texts religion and monuments Dimitrakis on the other hand exuberantly embraces the present The Archeologist however attempts to map and dramatize the tensions that were

violently brewing in the Balkans at the turn of the twentieth century and which within a decade of the work's publication would contribute to the outbreak of World War I Also included in this edition are a selection of sea tales which Karkavitsas heard from sailors during his extensive time aboard ships in the Mediterranean Considered as indigenous to Greek literature the four sea stories represent some of the best known of the Tales from the Prow The Gorgon one of Karkavitsas's shortest sea stories is also one of the most famous

Sea Stories: Tales of Discovery, Adventure, and Escape,1855 **New Brunswick Sea Stories** Dorothy Dearborn,1998 **Astounding Sea Stories** Tom McCarthy,2017-08-08 Stories that will entertain inform and inspire Few people would want to test their mettle in an ice encrusted boat with Ernest Shackleton or search for the Northwest Passage with Franklin's doomed crew or watch their mates being beheaded by angry pirates like Daniel Collins But it's quite another thing to read these true accounts while settled into a favorite chair Here are stoic and hardy sailors who persevered in the face of travails that would have given even Job pause Their vivid accounts are stronger and more dramatic for their total lack of affectation their frankness and their lack of ego Their gripping stories are custom made for the imaginative reader who seeks adventure in a more controlled environment safe warm and well fed Civilized readers with their armchairs anchored firmly to the living room floor This eclectic collection will not disappoint Some are classics that have endured through time and continue to excite new readers Others are hidden gems about to see the light of a reading lamp for the first time in one hundred years
