On the Calculation of Volume (Book II) Solvej Balle, 2024-11-26 Tara Selter s epic journey through November 18th continues in Book II of the masterly *On the Calculation of Volume* from one of Scandinavia s most beloved writers A WASHINGTON POST NOTABLE BOOK OF 2024 The first year of November eighteenth is coming to a close and Tara Selter has returned to her hotel room in Paris the place where it all began As if perched at the edge of a precipice she readies herself to leap into November nineteenth Book II of Solvej Balle s astounding seven part series *On the Calculation of Volume* beautifully expands on the speculative premise of Book I drawing us further into the maze of time

where space yawns open as if suddenly gaining a new dimension extending into ever more finely grained textures. Within this new reality our senses and the tactility of things grows heightened: sounds, smells, sights, objects come suddenly alive as if the world had begun whispering to us in a new language. And yet as the world announces itself anew, Tara's own sense of self is eroding, making her wonder just which bits of her are really left intact. It is the Tara Selter with hopes and dreams who has fallen out of the picture, been thrown off the world, run over the edge, been poured out, carried off down the stream of eighteenthths of November, lost, evaporated, swept out to sea. She begins to think of herself as a relic of the past, as something or someone leftover, similar to the little Roman coin she carries around in her pocket without a purpose or a place. Desperate to recover a sense of herself within time, Tara decides to head north by train in search of winter, but soon she turns south in pursuit of spring as she tries to grasp on to durational time through seasonal variations. Amazingly, *On the Calculation of Volume* Book II is all movement and motion, taking us through the European countries of the North and the South through seasons and languages, a beautiful travelogue that is also a love letter to our vanishing world. To be continued. [Listening Inggris Praktis: Dictation Book: Volume 1](#) Willyam Wen, 2019-11-19.
