with a detailed bibliography **Rachel Calof's Story** Rachel Calof,1995-09-22 Calof's story has the electricity one occasionally finds in primary sources It is powerful shocking and primitive with the kind of appeal primary sources often attain without effort it is a strong addition to the literature of women's experience on the frontier Lillian Schlissel In 1894 eighteen year old Rachel Bella Kahn travelled from Russia to the United States for an arranged marriage to Abraham Calof an immigrant homesteader in North Dakota Rachel Calof's Story combines her memoir of a hard pioneering life on the prairie with scholarly essays that provide historical and cultural background and show her narrative to be both unique and a representative western tale Her narrative is riveting and candid laced with humor and irony The memoir written by Rachel Bella Calof in 1936 recounts aspects of her childhood and teenage years in a Jewish community shtetl in Russia but focuses largely on her life between 1894 and 1904 when she and her husband carved out a life as homesteaders She recalls her horror at the hardships of pioneer life especially the crowding of many family members into the 12 x 14 dirt floored shanties that were their first dwellings Of all the privations I knew as a homesteader says Calof the lack of privacy was the hardest to bear Money food and fuel were scarce and during bitter winters three Calof households Abraham and Rachel with their growing children along with his parents and a brother's family would pool resources and live together with livestock in one shanty Under harsh and primitive conditions Rachel Bella Calof bore and raised nine children The family withstood many dangers including hailstorms that hammered wheat to the ground and flooded their home droughts that reduced crops to dust blinding snowstorms of plains winters Through it all however Calof drew on a humor and resolve that is everywhere apparent in her narrative Always striving to improve her living conditions she made lamps from dried mud scraps of rag and butter plastered the cracked wood walls of her home with clay supplemented meagre supplies with prairie forage wild mushrooms and garlic for a special supper dry grass for a hot fire to bake bread Never sentimental Calof's memoir is a vital historical and personal record J Sanford Rikoon elaborates on the history of Jewish settlement in the rural heartland and the great tide of immigration from the Russian Pale of Settlement and Eastern Europe from 1880 1910 Elizabeth Jameson examines how Calof writes from the interior spaces of private life and from that vantage point reconfigures more familiar versions of the American West Jameson also discusses how the Calofs adapted Jewish practices to the new contingencies of North Dakota maintaining customs that represented the core of their Jewish identity reconstructing their Jewishness in new circumstances The Transformation of American Religion : The Story of a Late-Twentieth-Century Awakening Amanda Porterfield Professor of Religious Studies University of Wyoming,2001-04-05 As recently as a few decades ago most people would have described America as a predominantly Protestant nation Today we are home to a colorful mix of religious faiths and practices from a resurgent Catholic Church and a rapidly growing Islam to all forms of Buddhism and many other non Christian religions How did this startling transformation take place A great many factors contributed to this transformation writes Amanda Porterfield in this engaging look at religion in contemporary America Religious activism disillusionment with

American culture stemming from the Vietnam war the influx of Buddhist ideas a heightened consciousness of gender and the vastly broadened awareness of non Christian religions arising from the growth of religious studies programs all have served to undermine Protestant hegemony in the United States But the single most important factor says Porterfield was the very success of Protestant ways of thinking emphasis on the individual s relationship with God tension between spiritual life and religious institutions egalitarian ideas about spiritual life and belief in the practical benefits of spirituality Distrust of religious institutions for instance helped fuel a religious counterculture the tendency to define spiritual truth against the dangers or inadequacies of the surrounding culture and Protestantism s pragmatic view of spirituality played into the tendency to see the main function of religion as therapeutic For anyone interested in how and why the American religious landscape has been so dramatically altered in the last forty years The Transformation of Religion in America offers a coherent and persuasive analysis

Jewish, Christian, and Muslim Steven H. Propp, 2009-12-30 You're Jewish aren't you This blunt question is the way that college freshman Richard Cohn is introduced to an outspoken fellow student named Dov Epstein who calls himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The two ultimately become fast friends but as they progress from an academic environment to the professional world they are challenged by racist statements made by prominent national figures anti Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself Circumstances in life connect them with a young Iranian migrant named Jahangir Khatami whose Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001 Join a diverse cast of characters some of whom appeared in the author's earlier book *Beyond Heaven and Earth* in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world [Women Remaking American Judaism](#) Riv-Ellen Prell, 2007 Description of the changes in American Judaism to ensure that its rituals texts and liturgies reflected the lives of women
