Chen,2014-04-01 This condensed anthology reproduces close to a dozen plays from Xiaomei Chen's well received original collection along with her critical introduction to the historical cultural and aesthetic evolution of twentieth century Chinese spoken drama. Comprising representative works from the People's Republic of China the collection encapsulates the revolutionary rethinking of Chinese theater and performance that began in the late Qing dynasty and vividly portrays the uncertainty and anxiety brought on by modernism socialism political conflict and war. Chosen works from 1919 to 1990 also highlight the formation of Chinese national and gender identities during a period of tremendous social cultural and political change and the genesis of contemporary attitudes toward the West. PRC theater tracks the rise of communism in China juxtaposing ideals of Chinese socialism against the sacrifices made for a new society. Post Mao drama addresses the nation's socialist legacy its attempt to reexamine its cultural roots and postsocialist reflections on critical issues such as nation class gender and collective memories. An essential portable guide for easy reference and classroom use this abridgement provides a concise yet well rounded survey of China's theatricality and representation of political life. This work has not only established a canon of modern Chinese drama but also made it available for the first time in English in a single volume.
