Louis Macneice Sceptical Vision:

Louis MacNeice Terence Brown,1975 **Louis MacNeice and the Poetry of the 1930s** Richard Danson Brown,2009
This study investigates Louis MacNeice in two major central strands exploring MacNeice's ambiguous positioning as an Irish poet and the self-consciousness in his writing **Louis MacNeice and the Irish Poetry of His Time** Tom Walker,2015
Louis MacNeice and the Irish Poetry of his Time draws on new archival research to suggest ways in which MacNeice's poetry is closely linked to contemporaneous developments in Irish literature and culture **The Cambridge Companion to Irish Poets** Gerald Dawe,2018 A fresh accessible and authoritative study that conveys the richness and diversity of Irish poets their lives and times Twentieth-Century British and Irish Poetry Michael O'Neill,Madeleine Callaghan,2011-01-31
Featuring contributions from some of the major critics of contemporary poetry Twentieth Century British and Irish Poetry offers an accessible imaginative and highly stimulating body of critical work on the evolution of British and Irish poetry in the twentieth century Covers all the poets most commonly studied at university level courses Features criticisms of British and Irish poetry as seen from a wide variety of perspectives movements and historical contexts Explores current debates about contemporary poetry relating them to the volume's larger themes Edited by a widely respected poetry critic and award-winning poet **The Cambridge Companion to Contemporary Irish Poetry** Matthew Campbell,2003-08-28 In the last fifty years Irish poets have produced some of the most exciting poetry in contemporary literature writing about love and sexuality violence and history country and city This book provides a unique introduction to major figures such as Seamus Heaney but also introduces the reader to significant precursors like Louis MacNeice or Patrick Kavanagh and vital contemporaries and successors among others Thomas Kinsella Paul Muldoon and Nuala Ni Dhomhnaill Readers will find discussions of Irish poetry from the traditional to the modernist written in Irish as well as English from both North and South This Companion the only book of its kind on the market provides cultural and historical background to contemporary Irish poetry in the contexts of modern Ireland but also in the broad currents of modern world literature It includes a chronology and guide to further reading and will prove invaluable to students and teachers alike **Encyclopedia of British Poetry, 1900 to the Present** James Persoon,2015-04-22 Presents a comprehensive A to Z reference with approximately 450 entries providing facts about contemporary British poets including their major works of poetry concepts and movements **Yeats as Precursor** S. Matthews,2000-01-27 As both a late Romantic and a modern W B Yeats has proved to be perhaps the most influential poet of the early twentieth century In this original study Steven Matthews traces through close readings of significant poems the flow of Yeatsian influence across time and cultural space By engaging with the formalist criticism of Harold Bloom and Paul de Man in their dialogues with Jacques Derrida he also considers Yeats's significance as the founding presence within the major poetry criticism of the century **The Oxford Handbook of Modern Irish Poetry** Fran Brearton,Alan Gillis,2012-10-25 Forty chapters written by leading scholars across the world describe the latest thinking on

modern Irish poetry The Handbook begins with a consideration of Yeats's early work and the legacy of the 19th century The broadly chronological areas which follow covering the period from the 1910s through to the 21st century allow scope for coverage of key poetic voices in Ireland in their historical and political context From the experimentalism of Beckett MacGreevy and others of the modernist generation to the refashioning of Yeats's Ireland on the part of poets such as MacNeice Kavanagh and Clarke mid century through to the controversially titled post 1969 Northern Renaissance of poetry this volume will provide extensive coverage of the key movements of the modern period The Handbook covers the work of among others Paul Durcan Thomas Kinsella Brendan Kennelly Seamus Heaney Paul Muldoon Michael Longley Medbh McGuckian and Ciaran Carson The thematic sections interspersed throughout chapters on women's poetry religion translation painting music stylistics allow for comparative studies of poets north and south across the century Central to the guiding spirit of this project is the Handbook's consideration of poetic forms and a number of essays explore the generic diversity of poetry in Ireland its various manipulations reinventions and sometimes repudiations of traditional forms The last essays in the book examine the work of a new generation of poets from Ireland concentrating on work published in the last two decades by Justin Quinn Leontia Flynn Sinead Morrissey David Wheatley Vona Groarke and others

One Voice and Many Beth Ellen Roberts, 2006 Different conceptions of the relationships between unity and multiplicity may be presented by varying the three distances inherent in dialogue poetry each of which represents a degree of differentiation the distance between the speakers the distance between the poet and the speakers and the distance between the speakers and the reader

Writers Directory NA NA, 2016-03-05 **Yeats's Political Identities** Jonathan Allison, 1996 Collects some of the most trenchant essays of the last three decades on Yeats's politics

Irish Poetry of the 1930s Alan Gillis, 2005-06-23 The 1930s have never really been considered an epoch within Irish literature even though the Thirties form one of the most dominant and fascinating contexts in modern British literature This book argues that during this time Irish poets faced up to political pressures and aesthetic dilemmas which frequently overlapped with those associated with The Auden Generation In so doing it offers a provocative intercession into Irish history But more than this it offers powerful arguments about the way poetry in general is interpreted and understood In this way Gillis seeks to redefine our understanding of a frequently neglected period and to challenge received notions of both Irish literature and poetic modernism Irish Poetry of the 1930s gives detailed and vital readings of the major Irish poets of the decade including original and exciting analyses of Samuel Beckett Patrick Kavanagh Louis MacNeice and W B Yeats

A Companion to Twentieth-Century Poetry Neil Roberts, 2008-06-09 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring

The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century *The Problem of Consciousness in Modern Poetry* Hugh Underhill,1992-07-31 Modernist aesthetics have been identified with a sense of cultural crisis defined by its distance from an ideal of unified consciousness This original study examines the struggle toward that ideal of unitary subjective experience in modern British and Irish poetry from Hardy to Ted Hughes Hugh Underhill argues that the poetry's emphasis on inner states underrepresents the extent to which the crisis is in fact socio historically determined **English Studies in Transition** Piero Boitani,Robert Clark,2002-09-11 Bringing together twenty five contributors from all over Europe this volume represents the vitality and diversity of the current transcultural European dialogue on English studies Topics addressed include the nature of the canon the poetics of language the representation of women and the notion of nationalism in post colonial literature The significance of this volume lies not only in the quality of the individual contributions but also in the fact that it marks an important turning point in the history of English studies in Europe

Magill's Bibliography of Literary Criticism: Longus to Sexton Stephen L. Hanson,Patricia King Hanson,1979

Tradition and Influence in Anglo-Irish Poetry Terence Brown,Nicholas Grene,1989-06-18 A collection of essays presenting an insider view of the Irish poetic tradition It brings together some of the best known poets and critics writing in Ireland today exploring the multiple traditions and influences within Anglo Irish poetry from the 19th century to the present

Coming Out of War Janis P. Stout,2016-09-15 While emphasizing aesthetic continuity between the wars Stout stresses that the poetry that emerged from each displays a greater variety than is usually recognized Jacket **Ireland and France, a Bountiful Friendship** Barbara Hayley,Christopher Murray,1992-01-01 No one interested in Irish studies during the past 30 years will have missed the work of Patrick Rafroidi Whether it be romantic poets or the contemporary novel or theatre and drama he had much to say that was provocative lively and always readable His contribution to Irish studies was not only scholarly in the best and most strenuous sense but also generous lighthearted and enlivening Because he was such a friend to the Irish the memory of Patrick Rafroidi well suits the general theme of this book
