Love, Joy, and Sex Stan Chu Ilo, 2019-07-30 There is no papal document that has generated as much interest controversy and debate in recent times as Pope Francis's Amoris Laetitia This document which came out of two very divisive synods of Catholic bishops and leaders in Rome in 2014 and 2015 will probably be the most discussed document ever produced by a pope in modern Catholicism on marriage and family life This volume has gathered seminal commentaries on Amoris Laetitia by African Catholic theologians

social scientists and pastoral workers They offer African theological and pastoral responses to the principles and practices proposed by Pope Francis and the Synod on the family on such contested issues as same sex relations divorce and remarriage and reception and denial of Holy Communion in the church among other divisive issues These important essays and commentaries show the strengths and weaknesses of this papal commentary and point out the missing link in the global conversation on marriage family and same sex relations Their argument for the inclusion of African perspectives and moral traditions in the search for a third way in finding an inclusive and integrated pastoral art of accompaniment is very compelling The authors here also call for the inclusion of Africa s own unique challenges like polygamy childless marriages and the impact of migration civil conflict diseases ecological and population crises and the rights of African women in the global discussion on marriage and family life They also challenge uncritical cliches in world Christianity that Africa s opposition to same sex marriages or Western propaganda about population or birth control and contraception are conservative while showing diverse African conversations on these topics in the search for abundant life on this beautiful continent

Inhorn, 2012-03-25 Middle Eastern Muslim men have been widely vilified as terrorists religious zealots and brutal oppressors of women The New Arab Man challenges these stereotypes with the stories of ordinary Middle Eastern men as they struggle to overcome infertility and childlessness through assisted reproduction Drawing on two decades of ethnographic research across the Middle East with hundreds of men from a variety of social and religious backgrounds Marcia Inhorn shows how the new Arab man is self-consciously rethinking the patriarchal masculinity of his forefathers and unseating received wisdoms This is especially true in childless Middle Eastern marriages where contrary to popular belief infertility is more common among men than women Inhorn captures the marital moral and material commitments of couples undergoing assisted reproduction revealing how new technologies are transforming their lives and religious sensibilities And she looks at the changing manhood of husbands who undertake transnational egg quests set against the backdrop of war and economic uncertainty out of devotion to the infertile wives they love Trenchant and emotionally gripping The New Arab Man traces the emergence of new masculinities in the Middle East in the era of biotechnology **Labor of Love** Heather Jacobson, 2016-03-15 While the practice of surrogacy has existed for millennia new fertility technologies have allowed women to act as gestational surrogates carrying children that are not genetically their own While some women volunteer to act as gestational surrogates for friends or family members others get paid for performing this service The first ethnographic study of gestational surrogacy in the United States Labor of Love examines the conflicted attitudes that emerge when the ostensibly priceless act of bringing a child into the world becomes a paid occupation Heather Jacobson interviews not only surrogate mothers but also their family members the intended parents who employ surrogates and the various professionals who work to facilitate the process Seeking to understand how gestational surrogates perceive their vocation she discovers that many regard surrogacy as a calling but are reluctant to describe it as a job In the process Jacobson dissects the complex set of social attitudes underlying this resistance toward conceiving of pregnancy as a form of employment Through her extensive field research Jacobson gives readers a firsthand look at the many challenges faced by gestational surrogates who deal with complicated medical procedures delicate work family balances and tricky social dynamics Yet Labor of Love also demonstrates the extent to which advances in reproductive technology are affecting all Americans changing how we think about maternity family and the labor involved in giving birth For more visit <http://www.heatherjacobsononline.com> God, Love, Sex, and Family Michael Gold, 1998 To learn more about Rowman Littlefield titles please visit us at www.rowmanlittlefield.com All the Love Kim Hooper, Meredith Resnick, 2021-03-23 The tumultuous feelings that accompany
