Hibod,2025-01-20 Many books have been written as histories recounting events that shaped the life of a group society nation
or civilization or as biographies recounting events and achievements relating to one person s life and work Many books have
been written putting forth ideas philosophies and words of wisdom to live by Some of these we call holy books or scripture
Fewer books have been written like this one which go behind the scenes of history lay bare the feelings behind the

philosophies and document the painful and joyful inner path along which historical events and philosophical ideas emerge This book is intensely even shockingly personal not clinical or abstract or detached It is an intimate detailed sensual and sometimes disturbing account of a life lived on the cusp that bridges time and eternity Its focus is narrow it does not reveal much at all about anyone s visible public life or accomplishments but it explores in great depth the invisible contents of minds hearts and souls The scriptures and scriptural commentaries of most religions describe a path to salvation or bliss and provide instructions or guideposts for moving along the path but they are still only theoretical hypothetical mythical or metaphorical accounts This book seeks to show how the theories and hypotheses play out pragmatically in real time and space how the myths come alive in flesh and spirit how the metaphors become the very things they symbolize How does daily life look from inside someone in the throes of awakening How does she know who or what she is How is her destiny revealed How do seemingly ordinary mundane events become miracles This book begins to answer those questions

Verse of Love and Loss M. Iliev, 2003 Verse of Love and Loss is a selection of poems spanning ten years in Mikhail Iliev s life Distinct clusters of imagery and emotion as well as formal indicia like rhythm rhyme and diction characterize the time and space in which each poem was created Thus a series of impressions coalesce into a picture of Iliev s poetic development and emotional gait throughout these years Reading Verse of Love and Loss is similar to feeling head over heels in love and waking every night with terror in your heart It is like being lost in a dark cold wood with no living thing around and feeling utterly happy With melancholy and mischief the small and the sublime a silly apple and grand elation culminate in a nearly Eastern presentiment There is no love without loss no laughter without sadness no there without here Verse of Love and Loss is the ode to the great failure of logic in the face of feeling the triumph of a life of dreaming over the dreaming of life

Narratives of Love and Loss Margaret Rustin, Michael Rustin, 2020-05-05 Why do some stories written for children have so powerful an emotional resonance for both child and adult readers This is the question addressed by Margaret and Michael Rustin in a book which offers a detailed critical reading of some of the best known modern British and American stories for children by writers such as E B White Philippa Pearce and C S Lewis The authors make use of psychoanalytical and sociological ideas in their approach interpreting the stories both as metaphors of states of feeling often experienced by children and as images of the wider society in which they are written A particular theme of their discussion is personal and imaginative growth in childhood and the ways this can be affected both for better and worse by separation and loss In their detailed consideration of the narratives of the stories the authors avoid theoretical jargon and concentrate on works which have interest and meaning for adult readers as well as children *Narratives of Love and Loss* is an important and accessible book which will be of special interest to parents and teachers concerned with children's reading and imaginative play and to those working in the fields of psychoanalysis English literature and popular culture
