Love And Solidarity:

Love Anna G. Jónasdóttir, Ann Ferguson, 2013-11-12 This unique timely book of original essays sets the stage for a new materialist feminist debate on the analysis ethics and politics of love The contributors raise questions about social power and domination situating their research in a materialist feminist perspective that investigates love historically in order to understand changing ideologies representations and practices The essays range from studies of particular representations and examples of love feminist translation mass media images and internet love blogs to feminist theories of love and marriage to ethical and political theories describing critiquing or advocating the use of love in groups as a radical force They break new ground in bringing together questions of gendered interests in love temporal dimensions of loving practices and the politics of love in radical transformations of society Taking Socialism Seriously Richard Schmitt, Anatole Anton, 2012-03-22 Taking Socialism Seriously raises essential questions about what socialism is and how socialists can reach it by addressing a long list of potential quandaries The contributions compiled by Anatole Anton and Richard Schmitt describe how socialism differs from a reformed and more humane form of capitalism Various chapters discuss suitable forms of love and family in a socialist society and economic arrangements within a socialist system They also break important new paths by calling for significant social change examining detailed questions that have previously been neglected and setting a new direction for radical theorists Critics are often convinced that there is no alternative and therefore are content to reform capitalism This book affirms that another world is possible *Love and revolution* Matt York, 2023-03-21 Based on award winning research Love and revolution brings classical and contemporary anarchist thought into a mutually beneficial dialogue with a global cross section of ecological anti capitalist feminist and anti racist activists discussing real life examples of the loving caring relations that underpin many contemporary struggles Such a r evolutionary love is discovered to be a common embodied experience among the activists contributing to this collective vision manifested as a radical solidarity as political direct action as long term processes of struggle and as a deeply relational more than human ethics This book provides an essential resource for all those interested in building a free society grounded in solidarity and care and offers a timely contribution to contemporary movement discourse The Power and Vulnerabilty of Love Elizabeth O'Donnell Gandolfo, 2015-02-01 Gandolfo constructs a theological anthropology that begins with the condition of human vulnerability as a site to answer why human beings experience and inflict terrible suffering This volume argues that vulnerability is a dimension of human existence that causes us great anxiety which forms the basis for violence but also affords the possibility of human openness to the redemptive work of divine love Poised paradoxically between tragic and redemptive vulnerability human beings need existential resources and empowering practices to cope with and manage our vulnerability in more compassionate ways *Ways & Power Of Love* Pitirim A. Sorokin, 2015-10-22 The Ways and Power of Love was originally published in 1954 when Pitirim Sorokin was in the twilight of his career and leading the Harvard Research Center in Creative

Altruism His elaborate scientific analysis of love with regard to its higher and lower forms its causes and effects its human and cosmic significance and its core features constitutes the first study on this topic in world literature to date Sorokin was the one absolutely essential twentieth century pioneer in the study of love at the interface of science and religion Bringing The Ways and Power of Love back into print allows a new generation of readers to appreciate Sorokin s genius and to move forward with his endeavor at a time when civilization itself continues to be threatened by a marked inability to live up to the ideal of love for all humankind It is certainly right to hope with Sorokin that progress in knowledge about love can move humanity forward to a better future Turning the sciences toward the study of love is no easy task but it can and must be done

Contradictions of Capitalist Society and Culture Raju J Das,2023-05-15 Love and truth are important aspects of culture Signifying the crisis of capitalist culture in the contemporary world are their opposites i e hate and lying respectively There is rampant lying for ideological political purposes There is also an increasing absence of genuine love i e love as caring and solidarity which under certain conditions takes romantic forms Ideological political lying is connected to the corruption of love with its confinement to the private sphere of individuals and consequent isolation from the wider unequal society This connection is via capitalism On the one hand capitalism resorts to ideological political lying to cover up its contradictions that cause alienation suffering of the masses Lying and alienation suffering are not conducive to genuine love in society On the other hand a crisis ridden capitalism produces the right wing politics of lying post truth

politics This is also a politics of hatred or post love or anti love against minorities democrats and socialists a politics that is justified by lies about these subjects The fight against hate politics and post truth politics must be part of the fight for a post capitalist world socialist democracy imagined as a truthful and caring world The Social Principles of Jesus Walter Rauschenbusch,1916 **Do Not Love Your Neighbour as Yourself?** Leon van den Broeke,2025-01-20 This book explores the notion of neighbourly law In the twentieth century some German church law scholars viewed neighbour law as the foundational principle of the church law system However this perspective has since evolved Around the year 2000 there was a growing focus in the Anglo Saxon world on the relationship between love and law Although neighbour law can no longer be regarded as the sole foundation of church law the obligation remains to reflect critically on the role of the neighbour in legal theological discourse the development and codification of church law and its practical application Canon law is a diaconal ordering of God s love or neighbour law What's Love Got to Do with It? Thomas J. Scheff,2015-11-17 What do pop songs have to say about love Surprisingly this book shows that most popular love songs express much more about alienation infatuation estrangement jealousy and heartbreak than about love Scheff takes the reader on a tour of popular lyrics from 80 years of American song to reveal the emotional and relational meaning of lyrics He shows that popular love songs typically steer listeners away from a healthy connection to the emotions surrounding love Readers will gain a deeper understanding of love songs while appreciating the author s suggestions for how listeners and artists could enrich the art of the love song
