Sternberg,1999-06-03 In this groundbreaking work Robert Sternberg opens the book of love and shows you how to discover your own story and how to read your relationships in a whole new light What draws us so strongly to some people and repels us from others What makes some relationships work so smoothly and others burst into flames Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us Drawing on extensive research and fascinating examples of real couples Sternberg identifies 26 types of love story including the fantasy story the business story the collector story the horror story and many others each with its distinctive advantages and pitfalls and many of which are clashingly incompatible These are the largely unconscious preconceptions that guide our romantic choices and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships As long as we remain oblivious to the role our stories play we are likely to repeat the same mistakes again and again But the enlivening good news this book brings us is that though our stories drive us we can revise them and learn to choose partners whose stories are more compatible with our own Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner Are you a traveler a gardener a teacher or something else entirely *Love is a Story* shows you how to find out **Love Is My Savior** Rumi,2016-02-01 This new volume of Rumi s works the first ever English translation of his Arabic poems will be exciting for the newcomer to Rumi s verses as well as to readers already familiar with his mystical philosophy The poems take the reader on a journey of spiritual exploration ecstatic union cruel rejection and mystic reconciliation Rumi reveals his soul and welcomes everyone to his spiritual feast This dual language volume opens a treasury of Rumi s mystic thought and startling poetry His verses pulsate with desire and longing with sensuality and with ecstatic celebration Rumi found in his mystic poetry a vehicle for the expression of the endless spiritual bounties of love He placed love at the center of his faith and doctrine and he pronounced it to be the goal of his life and the only form of true worship This collection is stunningly rendered in English by an award winning poet and a distinguished translator of Arabic poetry **Love is Not a Liquid Asset** John Faithful Hamer,2020-04-19 Sex is love s fast forward button If you re normal sooner or later you re going to fall in love with the person you re sleeping with or they re going to fall in love with you whether you like it or not Passionate love as Jonathan Haidt rightly observes in *The Happiness Hypothesis* 2006 is a drug Its symptoms overlap with those of heroin and cocaine Passionate love alters the activity of several parts of the brain including parts that are involved in the release of

dopamine Any experience that feels intensely good releases dopamine and the dopamine link is crucial here because drugs that artificially raise dopamine levels as do heroin and cocaine put you at risk of addiction The feelings we develop for someone we're sleeping with are powerful This is largely a function of oxytocin a hormone normally associated with mother infant bonding In most mammals oxytocin is released solely during breastfeeding where it helps to forge a powerful bond between mother and child But in certain species large quantities of oxytocin are also released during sex where it helps to forge a powerful bond between lovers In Blueprint 2019 Nicholas A Christakis maintains that these modifications of the oxytocin reflex are nothing short of astounding a set of physiological experiences that originally evolved to facilitate mother child bonding have in our species evolved to facilitate and support pair bonding The neural circuits that light up in a woman's brain are similar whether she looks at her baby or her partner Evolution seems to have selected for human neediness This explains the voracious nature of human sexuality Unlike tigers bears and salamanders who only have sex during the mating season we have sex all year round What's more we have a great deal of sex that's clearly not going to result in pregnancy e.g. gay sex straight sex after menopause etc Sex's primary purpose has long since transcended procreation Sexual desire renders us needy It takes us out of ourselves and into the world making hunters of us all If the greatest friendships fall into our laps serendipitously like the treasure you find buried in your own backyard the greatest loves of our lives are like spoils we bring home from the field of battle
