This compilation *Horizon Above and Beyond* is the outcome of the hard efforts of past two years Unlike other projects or approaches that attempt to pool out literature and language from each other the following text has attempted not to catalog either the text or the contents into any particular class of subjects of concern and thus keeping it broad and wide It sheds the limelight onto the research works done by the scholars of various disciplines The technical aspect of language such as linguistics and translation along with literary criticism and the researches on novels poems short stories films religion etc are brought under a single haven thereby extending the subjectivity of research on language and literature Similarly the rigidity fluidity and hypocrisy of the various social institutions are also put into scrutiny respectively in different areas Therefore instead of choosing the works that are purely literary those tinted with the flavor of other styles and outlooks are muddled together here **Casting Love's Shadow** Cherie Leigh,2022-12-05
