The Highly Sensitive Person in Love Elaine N. Aron, Ph.D., 2009-11-04 Do you fall in love hard but fear intimacy? Are you sick of being told that you are too sensitive? Do you struggle to respect a less sensitive partner? Or have you given up on love, afraid of being too sensitive or shy to endure its wounds? Statistics show that 50 percent of what determines divorce is genetic temperament. And if you are one of the 20 percent of people who are born highly sensitive, the risk of an unhappy relationship is especially high. Your finely tuned nervous system, which picks up on subtleties and reflects deeply, would be a romantic asset if both you and your partner understood you better. But without that understanding, your sensitivity is likely to be making your close relationships painful and complicated. Based on Elaine N. Aron's groundbreaking research on temperament and intimacy, The Highly Sensitive Person in Love offers practical help for highly sensitive people seeking happier, healthier romantic relationships. From low stress fighting to sensitive sexuality, the book offers a wealth of practical advice on making the most of all personality combinations. Complete with illuminating self-tests and the results of the first survey ever done on sex and temperament, The Highly Sensitive Person in Love will help you discover a better way of living and loving.

Warned early on about the shallowness of the attractive, successful and ambitious urban man and the emotionless attachments he seeks, Anna navigates the city's lively social scene with the hope of finding something different. Following a string of meaningless encounters and a broken heart, Anna reflects on her experiences and takes a closer look at herself and the men she invites into her life. Is the city to blame for the emptiness which surrounds her for the lies and insincerity, or is it the men guilty of sending mixed signals and of playing the game? Anna is determined to rediscover herself and find answers. Does love truly exist? Can it be found amidst the chaos of the city? Is there a man who wants the same things or is every encounter destined to end in heartbreak with a cheat? Only one man holds the answers, but which one is he?
