Bulletin North Carolina. Dept. of Agriculture,1908 Higher Education and Love Victoria de Rijke,Andrew Peterson,Paul Gibbs,2022-01-01 This book explicitly unites the concepts of higher education and love to examine how these concepts are mutually compatible As the world of higher education moves towards the metrics of value and the worth of knowledge becomes more valued in its use rather than its discovery a crisis brews If higher education is to contribute to the wellbeing of the self and of others then the institution needs to be radically reviewed to see if and how love contributes to higher education within and beyond its walls This book addresses the core question of what would the university might be like today and into the future if the timeless notion of love was the basis of its educative process notwithstanding the material artefacts the university helps to create but also as a way of framing approaches to higher education *Homesteading Beyond the Horizon: A Labor of Love* Pasquale De Marco,2025-07-10 In the annals of human history exploration stands as a testament to our insatiable curiosity indomitable spirit and unwavering determination to push the boundaries of what is known From the earliest seafarers who ventured across vast oceans to the astronauts who journeyed to the moon these intrepid individuals have expanded our understanding of the Earth our place in the cosmos and the human potential This book delves into the motivations methods and consequences of human exploration seeking to unravel the profound impact it has had on our world and our species Through the stories of some of the world s most renowned explorers we gain insights into the challenges and triumphs of exploration the sacrifices made and the rewards reaped From the conquistadors of the Americas to the explorers of the African continent we trace the history of exploration from its earliest origins to the present day examining the factors that have fueled our desire to explore from the pursuit of knowledge and wealth to the search for adventure and glory We also explore the various methods and technologies that have enabled humans to reach ever more

remote and inhospitable places from ships and airplanes to rockets and satellites This book is a celebration of the human spirit of exploration a testament to our insatiable curiosity and our unwavering determination to push the boundaries of what is possible It is a reminder that the quest for knowledge and discovery is an essential part of what makes us human and that the pursuit of new frontiers will continue to drive us forward for generations to come Whether you are an armchair traveler a history buff or simply someone who is fascinated by the human spirit this book will take you on a journey of discovery inspiring you to dream big and to embrace the unknown It is a must read for anyone who is interested in the history of exploration the human spirit or the future of our planet If you like this book write a review

Histories of the Self Penny Summerfield, 2018-07-04 Histories of the Self interrogates historians work with personal narratives It introduces students and researchers to scholarly approaches to diaries letters oral history and memoirs as sources that give access to intimate aspects of the past Historians are interested as never before in how people thought and felt about their lives This turn to the personal has focused attention on the capacity of subjective records to illuminate both individual experiences and the wider world within which narrators lived However sources such as letters diaries memoirs and oral history have been the subject of intense debate over the last forty years concerning both their value and the uses to which they can be put This book traces the engagement of historians of the personal with notions of historical reliability and with the issue of representativeness and it explores the ways in which they have overcome the scepticism of earlier practitioners It celebrates their adventures with the meanings of the past buried in personal narratives and applauds their transformation of historical practice Supported by case studies from across the globe and spanning the fifteenth to twenty first centuries Histories of the Self is essential reading for students and researchers interested in the ways personal testimony has been and can be used by historians

'Choosing Tough Words' Angelica Michelis, Antony Rowland, 2003 If the post of Poet Laureate was allocated on the basis of popularity Carol Ann Duffy would have been the first woman to hold this prestigious post Like Philip Larkin in his day Duffy is both a poet respected by many academics and teachers and widely read and enjoyed by children and adult readers of poetry This is the first full length collection of essays on the poetry of Carol Ann Duffy approaching and exploring her work from a variety of literary theoretical perspectives including feminism masculinity national identity and post structuralism This lively anthology situates Duffy's poems in relation to current debates about the state value and social relevance of contemporary British poetry
