Beyond A Love Supreme Tony Whyton, 2013-05-21 Recorded by his quartet in a single session in 1964 A Love Supreme is widely considered John Coltrane's magnum opus and one of the greatest jazz albums of all time In Beyond A Love Supreme

Tony Whyton explores both the musical complexities of *A Love Supreme* and the album's seminal importance in jazz history. Marking Coltrane's transition from the bebop and hard bop of his earlier recordings to the free jazz style perfected throughout the rest of his career, the album also embodies the deep spirituality that characterized the final years of his life. The titles of the four-part suite—Acknowledgment, Resolution, Pursuance, and Psalm—along with the poem Coltrane composed for inclusion in the liner notes, which he recites instrumentally in Psalm, reflect the religious aspect of the album, a quality that contributes to its mystique and symbolic importance within the canon of major jazz recordings. But Whyton also shows how *A Love Supreme* challenges many of the traditional, unreflective assumptions that permeate jazz culture: the binary oppositions between improvisation and composition, black music and white music, live performance and studio recording. He critically examines many of the mythologizing narratives about how the album was conceived and recorded and about what it signifies in terms of the trajectory of Coltrane's personal life. Sifting through the criticism of late Coltrane, Whyton suggests ways of listening to these recordings that go beyond the conventional ideologies of mainstream jazz practice and open the music to a wider range of responses. Filled with fresh insights into one of the most influential recordings in jazz history, *Beyond A Love Supreme* is an indispensable resource for jazz scholars, jazz musicians, and fans and aficionados at all levels. [Making Nature Sacred](#) John Gatta, 2004-10-14 Since colonial times, the sense of encountering an unseen, transcendental Presence within the natural world has been a characteristic motif in American literature and culture. American writers have repeatedly perceived in nature something beyond itself and beyond themselves. In this book, John Gatta argues that the religious import of American environmental literature has yet to be fully recognized or understood. Whatever their theology, American writers have perennially construed the nonhuman world to be a source in Rachel Carson's words of something that takes us out of ourselves. *Making Nature Sacred* explores how the quest for natural revelation has been pursued through successive phases of American literary and intellectual history. And it shows how the imaginative challenge of reading landscapes has been influenced by biblical hermeneutics. Though focused on adaptations of Judeo-Christian religious traditions, it also samples Native American, African American, and Buddhist forms of ecospirituality. It begins with Colonial New England writers such as Anne Bradstreet and Jonathan Edwards, re-examines pivotal figures such as Henry Thoreau and John Muir, and takes account of writings by Mary Austin, Rachel Carson, and many others along the way. The book concludes with an assessment of the spiritual renaissance underway in current environmental writing as represented by five noteworthy poets and by authors such as Wendell Berry, Annie Dillard, Marilynne Robinson, Peter Matthiessen, and Barry Lopez. This engaging study should appeal not only to students of literature but also to those interested in ethics and environmental studies, religious studies, and American cultural history.
