

Internal Objections to Virtue Ethics

DAVID SOLOMON

I. WHAT IS AN ETHICS OF VIRTUE?

While there has been much talk recently about the revival of an ethics of virtue (EV), it is not always entirely clear what such a revival might entail. There are three quite different views expressed by contemporary moral philosophers that might be taken to point to such a revival. There is, first, the view that recent moral philosophy has not paid sufficient attention to moral criticism and deliberation that centrally involves virtue concepts. The charge has been often made, for example, that contemporary moral philosophers pay excessive attention to the most abstract terms involved in ethical thought and talk, terms like 'right', 'good', and 'ought', while largely ignoring richer and more concrete terms like 'sensitive', 'compassionate', and 'courageous'.¹ Since these latter terms typically refer to virtue-like aspects of human character, one might regard this charge as a gesture in the direction of an EV.

A second view associated with the "revival" of virtue ethics holds that any developed ethical theory must include a *component* that deals with virtue. The thought here is that an ethical theory will be incomplete in an important sense if it does not have an account of virtue attached to it. William Frankena, for example, has argued forcefully that while an account of the virtues is not sufficient for an adequate ethical theory, any ethical theory which does not embody an account of the virtues will be importantly incomplete.² In introducing his own view of the virtues, he defends what we might call a "double aspect theory of morality," according to which a theory of the virtues will always be one feature of an adequate ethical theory, but not the most basic feature. Similarly, John Rawls finds it necessary to incorporate an account of the virtues in his broadly deontological moral theory, but his account of the virtues, like Frankena's, has a decidedly inferior position within his overall political theory.³

There is, finally, a third and much stronger account of what is involved in the revival of an EV, according to which an EV entails the view that normative theory

Midwest Studies In Philosophy Ethical Theory Character And Virtue

Justin Oakley, Dean Cocking

Midwest Studies In Philosophy Ethical Theory Character And Virtue:

Midwest Studies in Philosophy Peter A. French, Theodore E. Uehling (Jr), Howard K. Wettstein, 1989 **Ethical Theory** Peter A. French, Theodore Edward Uehling, Howard K. Wettstein, 1988 **Virtue Ethics and Professional Roles** Justin Oakley, Dean Cocking, 2001-10-18 Professionals it is said have no use for simple lists of virtues and vices The complexities and constraints of professional roles create peculiar moral demands on the people who occupy them and traits that are vices in ordinary life are praised as virtues in the context of professional roles Should this disturb us or is it naive to presume that things should be otherwise Taking medical and legal practice as key examples Justin Oakley and Dean Cocking develop a rigorous articulation and defence of virtue ethics contrasting it with other types of character based ethical theories and showing that it offers a promising new approach to the ethics of professional roles They provide insights into the central notions of professional detachment professional integrity and moral character in professional life and demonstrate how a virtue based approach can help us better understand what ethical professional client relationships would be like

Character, Virtue Theories, and the Vices Christine McKinnon, 1999-08-26 This book argues that the question posed by virtue theories namely what kind of person should I be provides a more promising approach to moral questions than do either deontological or consequentialist moral theories where the concern is with what actions are morally required or permissible It does so both by arguing that there are firmer theoretical foundations for virtue theories and by persuasively suggesting the superiority of virtue theories over deontological and consequentialist theories on the question of explaining morally bad behavior Virtue theories can give a richer account by appealing to the kinds of dispositions that make certain bad choices appear attractive This richer account also exposes a further advantage of virtue theories they provide the best kinds of motivations for agents to become better persons **Ethical Theory** Russ Shafer-Landau, 2012-06-20 The second edition of Ethical Theory An Anthology features a comprehensive collection of more than 80 essays from classic and contemporary philosophers that address questions at the heart of moral philosophy Brings together 82 classic and contemporary pieces by renowned philosophers from seminal works by Hume and Kant to contemporary views by Derek Parfit Susan Wolf Judith Jarvis Thomson and many more Features updates and the inclusion of a new section on feminist ethics along with a general introduction and section introductions by Russ Shafer Landau Guides readers through key areas in ethical theory including consequentialism deontology contractarianism and virtue ethics Includes underrepresented topics such as moral knowledge moral standing moral responsibility and ethical particularism , **Virtue** John W. Chapman, William Arthur Galston, 1993-08 In the United States there exists increasing uneasiness about the predominance of self interest in both public and private life growing fear about the fragmentation and privatization of American society mounting concerns about the effects of institutions ranging from families to schools to the media on the character of young people and a renewed tendency to believe that without certain traditional virtues neither public leaders nor public policies

are likely to succeed In this thirty fourth volume in The American Society of Legal and Political Philosophy a distinguished group of international scholars from a range of disciplines examines what is meant by virtue analyzing various historical and analytical meanings of virtue notions of liberal virtue civic virtue and judicial virtue and the nature of secular and theological virtue The contributors include Jean Baechler University of Paris Sorbonne Annette C Baier University of Pittsburgh Ronald Beiner University of Toronto Christopher J Berry University of Glasgow J Budziszewski University of Texas Charles Larmore Columbia University David Luban University of Maryland Stephen Macedo Harvard University Michael J Perry Northwestern University Terry Pinkard Georgetown University Jonathan Riley Tulane University George Sher University of Vermont Judith N Shklar Harvard University Rogers M Smith Yale University David A Strauss University of Chicago and Joan C Williams American University

Virtue Ethics Roger Crisp, Michael A. Slote, Michael Slote, 1997 The aim of this series is to bring together important recent writings in major areas of philosophical inquiry selected from a variety of sources mostly periodicals which may not be conveniently available to the university student or the general reader The editors of each volume contribute an introductory essay on the items chosen and on the questions with which they deal A selective bibliography is appended as a guide to further reading This volume brings together much of the strongest and most influential work undertaken in the field of virtue ethics over the last four decades The ethics of virtue predominated in the ancient world and recent moral philosophy has seen a revival of interest in virtue ethics as a rival to Kantian and utilitarian approaches to morality Divided into four sections it includes articles critical of other traditions early attempts to offer a positive vision of virtue ethics some later criticisms of the revival of virtue ethics and finally some recent more theoretically ambitious essays in virtue ethics This collection should appeal not only to students and others seeking a wider knowledge of contemporary developments in moral philosophy but to professional philosophers as well

Virtues in Action M. Austin, 2013-10-10 In recent decades many philosophers have considered the strengths and weaknesses of a virtue centered approach to moral theory Much less attention has been given to how such an approach bears on issues in applied ethics The essays in this volume apply a virtue centered perspective to a variety of contemporary moral issues and in so doing offer a fresh and illuminating perspective Some of the essays focus on a particular virtue and its application to one or more realms of applied ethics such as temperance and sex or humility and environmental ethics Other chapters focus on an issue in applied ethics and bring several virtues into a discussion of that issue or realm of life such as sport education and business Finally several of the chapters engage relevant psychological research as well as current neuroscience which enhances the strength of the philosophical arguments

Towards Justice and Virtue Onora O'Neill, 1996-08-28 *Towards Justice and Virtue* challenges the rivalry between those who advocate only abstract universal principles of justice and those who commend only the particularities of virtuous lives Onora O'Neill traces this impasse to defects in underlying conceptions of reasoning about action She proposes and vindicates a modest account of ethical reasoning and a reasoned way of answering the question who

counts then uses these to construct linked accounts of principles by which we can move towards just institutions and virtuous lives

The Ethics of Genetic Engineering Roberta M. Berry, 2013-05-13 Human genetic engineering may soon be possible. The gathering debate about this prospect already threatens to become mired in irresolvable disagreement. After surveying the scientific and technological developments that have brought us to this pass, *The Ethics of Genetic Engineering* focuses on the ethical and policy debate, noting the deep divide that separates proponents and opponents. The book locates the source of this divide in differing framing assumptions: reductionist pluralist on one side, holist communitarian on the other. The book argues that we must bridge this divide, drawing on the resources from both encampments if we are to understand and cope with the distinctive problems posed by genetic engineering. These problems, termed fractious problems, are novel, complex, ethically fraught, unavoidably of public concern, and unavoidably divisive. Berry examines three prominent ethical and political theories: utilitarianism, Kantianism, and virtue ethics, to consider their competency in bridging the divide and addressing these fractious problems. The book concludes that virtue ethics can best guide parental decision making and that a new policymaking approach, sketched here, can best guide policymaking. These approaches enable us to gain a rich understanding of the problems posed and to craft resolutions adequate to their challenges.

Right Actions and Good Persons Marjaana Kopperi, 2018-08-20 First published in 1999, this work tests the ancient against the modern in discussing whether modern approaches to ethics remain sufficiently able to provide a serious and justifiable account of morality. Marjaana Kopperi explores ancient, medieval, and enlightenment philosophy to compare their notion of moral agents and the good life with the more action-based notions of modern philosophy. Kopperi aims to examine how the promoters of agent-based ethical views deal with questions of what constitutes a good life and whether it can or should be quantified or justified.

On Virtue Ethics Rosalind Hursthouse, 1999-12-16 Virtue ethics is perhaps the most important development within late twentieth-century moral philosophy. Rosalind Hursthouse, who has made notable contributions to this development, now presents a full exposition and defence of her neo-Aristotelian version of virtue ethics. She shows how virtue ethics can provide guidance for action, illuminate moral dilemmas, and bring out the moral significance of the emotions. Deliberately avoiding a combative stance, she finds less disagreement between Kantian and neo-Aristotelian approaches than is usual, and she offers the first account from a virtue ethics perspective of acting from a sense of duty. She considers the question which character traits are virtues and explores how answers to this question can be justified by appeal to facts about human nature. Written in a clear, engaging style which makes it accessible to non-specialists, *On Virtue Ethics* will appeal to anyone with an interest in moral philosophy.

Virtue, Vice, and Value Thomas Hurka, 2003 Hurka's book puts forth a comprehensive theoretical account of moral virtue and vice. More specifically, it gives an account of the intrinsic goodness of virtue and intrinsic evil of vice that can fit into a consequentialist moral theory.

Virtue Ethics and Moral Education David Carr, Jan Steutel, 2005-06-22 This collection of original essays on virtue ethics and moral education seeks to fill this gap in the

recent literature of moral education combining broader analyses with detailed coverage of the varieties of virtue weakness and integrity relativism and rival traditions means and methods of educating the virtues The rare collaboration of professional ethical theorists and educational philosophers provides a ground breaking work and an exciting new focus in a growing area of research

Moral Responsibility in the Holocaust David H. Jones, 2000-01-01 In Moral Responsibility in the Holocaust David H Jones goes beyond historical and psychological explanations of the Holocaust to directly address the moral responsibility of individuals involved in it While defending the view that individuals caught up in large scale historical events like the Holocaust are still responsible for their choices he provides the philosophical tools needed to assess the responsibility both negative and positive of perpetrators accomplices bystanders victims helpers and rescuers

The Virtue of Aristotle's Ethics Paula Gottlieb, 2009-04-27 This text looks at Aristotle's claims particularly the much maligned doctrine of the mean

Virtue Ethics and Confucianism Stephen Angle, Michael Slote, 2013-07-24 This volume presents the fruits of an extended dialogue among American and Chinese philosophers concerning the relations between virtue ethics and the Confucian tradition Based on recent advances in English language scholarship on and translation of Confucian philosophy the book demonstrates that cross tradition stimulus challenge and learning are now eminently possible Anyone interested in the role of virtue in contemporary moral philosophy in Chinese thought or in the future possibilities for cross tradition philosophizing will find much to engage with in the twenty essays collected here

The Morality of Happiness Julia Annas, 1993 The book examines the major traditions of ancient ethical theory showing that they share a common theoretical structure They are examples of eudaimonism a type of ethical theory in which the basic concepts are those of happiness and virtue

The Routledge Companion to Virtue Ethics Lorraine Besser, Michael Slote, 2015-02-20 Virtue ethics is on the move both in Anglo American philosophy and in the rest of the world This volume uniquely emphasizes non Western varieties of virtue ethics at the same time that it includes work in the many different fields or areas of philosophy where virtue ethics has recently spread its wings Just as significantly several chapters make comparisons between virtue ethics and other ways of approaching ethics or political philosophy or show how virtue ethics can be applied to real world problems

Enjoying the Song of Expression: An Emotional Symphony within **Midwest Studies In Philosophy Ethical Theory Character And Virtue**

In a world consumed by monitors and the ceaseless chatter of immediate transmission, the melodic splendor and emotional symphony produced by the published term frequently fade into the backdrop, eclipsed by the persistent noise and disruptions that permeate our lives. But, located within the pages of **Midwest Studies In Philosophy Ethical Theory Character And Virtue** a wonderful fictional prize full of organic feelings, lies an immersive symphony waiting to be embraced. Constructed by a masterful musician of language, this fascinating masterpiece conducts visitors on a psychological journey, well unraveling the hidden songs and profound impact resonating within each carefully constructed phrase. Within the depths with this touching examination, we shall discover the book is main harmonies, analyze their enthralling writing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Midwest Studies In Philosophy Ethical Theory Character And Virtue Introduction

In today's digital age, the availability of Midwest Studies In Philosophy Ethical Theory Character And Virtue books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Midwest Studies In Philosophy Ethical Theory Character And Virtue books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Midwest Studies In Philosophy Ethical Theory Character And Virtue books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Midwest Studies In Philosophy Ethical Theory Character And Virtue versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Midwest Studies In Philosophy Ethical Theory Character And Virtue books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Midwest Studies In Philosophy Ethical Theory Character And Virtue books and manuals, several platforms offer an extensive collection

of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Midwest Studies In Philosophy Ethical Theory Character And Virtue books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Midwest Studies In Philosophy Ethical Theory Character And Virtue books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Midwest Studies In Philosophy Ethical Theory Character And Virtue books and manuals for download and embark on your journey of knowledge?

FAQs About Midwest Studies In Philosophy Ethical Theory Character And Virtue Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities,

enhancing the reader engagement and providing a more immersive learning experience. Midwest Studies In Philosophy Ethical Theory Character And Virtue is one of the best book in our library for free trial. We provide copy of Midwest Studies In Philosophy Ethical Theory Character And Virtue in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Midwest Studies In Philosophy Ethical Theory Character And Virtue. Where to download Midwest Studies In Philosophy Ethical Theory Character And Virtue online for free? Are you looking for Midwest Studies In Philosophy Ethical Theory Character And Virtue PDF? This is definitely going to save you time and cash in something you should think about.
