Priestless Parishes The Baptized Leading The Baptized:

Priestless Parishes Virginia Stillwell, 2002 Why are Catholic dioceses appointing laypeople to lead parishes What is the real nature of the priest shortage All across the United States laypeople are being appointed by their bishops to lead Catholic parishes that are without resident priest pastors The stories are both inspiring and heart wrenching because the road for these lay leaders is not an easy one These pioneers are serving as role models for all Catholics to learn how to claim their baptism in everyday life *The Assault on Priesthood* Lawrence B. Porter, 2012-07-20 The concept and institution of priesthood in the Catholic Church has been the subject of serious challenge not only since the time of the Protestant Reformation but also more recently from within the Catholic Church as the Second Vatican Council 1962 1965 and theologians afterward have reconsidered the place and function of priests in relation to both bishops and laity In dialogue with those challenges and by means of research into Scripture and the theological tradition patristic medieval and modern the author of this book considers classic images of priests and priestly ministry as a way of recovering an understanding of the priesthood that is at once both biblically and theological sound **They Call Him Pastor** Ruth A. Wallace, 2003 They Call Him Pastor reveals how the leadership of married men can be a resource for the healthy continuation of parish life It focuses on twenty parishes located in all four census regions of the United States that are administered by married men ten deacons and ten laymen In each parish the author conducted individual interviews with the deacons and the lay leaders their wives their children the sacramental minister priest the bishops and a representative group of parishioners The research revealed that these parish leaders tended to practice collaborative leadership and that their marital status was a key factor for the acceptance and cooperation of their congregations BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Prayers of the Faithful* James P. McCartin, 2010-03-31 Examines the evolution of Catholic prayer from the traditional devotional practices that were common in the past to the ways Catholics pray and view prayer in modern times **Multi-Congregational Ministry** Malcolm Grundy, 2015-06-30 Local church life is changing radically and patterns of clergy training and deployment with it Multi congregational groupings are increasingly the norm with fewer stipendiary clergy and greater reliance on self supporting and lay ministry Meanwhile some aspects of priestly ministry are being carried out by specialist practitioners such as missionaries working across a number of parishes All of this raises questions about how we understand prepare for and practice ministry and leadership in the church today As ministry increasingly becomes the responsibility of the local congregation and priesthood more about supervision this key book explores the theology of such a model and how it is beginning to work in practice drawing insights gained from rural ministry which has pioneered advances in multi congregation ministry settings **Divine Callings** Richard N. Pitt, 2012-02 One of the unique aspects of the religious profession is the high percentage of those who claim to be called by God to do their work This call is particularly important within African American Christian traditions Divine Callings offers a rare sociological

examination of this markedly understudied phenomenon within black ministry Richard N Pitt draws on over 100 in depth interviews with Black Pentecostal ministers in the Church of God in Christ both those ordained and licensed and those aspiring to examine how these men and women experience and pursue the call Viewing divine calling as much as a social process as it is a spiritual one Pitt delves into the personal stories of these individuals to explore their work as active agents in the process of fulfilling their calling In some cases those called cannot find pastoral work due to gender discrimination lack of clergy positions and educational deficiencies Pitt looks specifically at how those who have not obtained clergy positions understand their call exploring the influences of psychological experience the congregational acceptance of their call and their response to the training process He emphasizes how those called reconceptualize clericalism in terms of who can be called how that call has to be certified and what those called are meant to do offering insight into how social actors adjust to structural constraints
